Tiptree Performance in 2021

2021 was one of Tiptree's best years since its founding in June 2007 and we made meaningful progress on our long-term strategic initiatives while delivering a strong increase in shareholder value. Tiptree's revenues, earnings and total return to shareholders all set records. Our specialty insurer, Fortegra also produced record results, with adjusted return on equity of 22% while growing premiums and equivalents at 32%. In addition, our mortgage and shipping businesses also reported excellent results for the year, benefiting from favorable market conditions. Below is a summary of our 2021 results. Additional information on our 2021 results is contained in our Annual Report on Form 10-K for the year ended December 31, 2021 filed with the SEC.

- Net income attributable to common stockholders of $38.1 million, increased significantly from a net loss in 2020, represented an annualized return on average equity of 11.4%.

- Adjusted EBITDA[(1)] was $100.8 million, an increase of $96.2 million from 2020, driven by realized and unrealized gains in 2021 compared to losses in 2020 (primarily Invesque), in addition to the improved operating performance noted above.
- On October 12, 2021, Tiptree announced a $200 million investment in Fortegra from Warburg Pincus, which is expected to close in the second quarter of 2022 and is expected to result in an approximate 24% ownership of the business on an as converted basis.

Insurance (The Fortegra Group)

($ in thousands)	**FY'21**	**FY'20**
Gross written premiums and premium equivalents	$2,194,024	$1,666,942
Revenues	$ 984,130	$ 691,061

Adjusted return on average equity	22.2 %	15.2 %

- Fortegra's gross written premiums and premium equivalents increased 31.6% for the year driven by growth in its U.S. specialty insurance lines and service contract businesses in the U.S. and Europe. As a function of Fortegra's premium growth, the combination of unearned premiums and deferred revenues on the balance sheet grew to $1,658.8 million, up $399.1 million, or 31.7%, from 2020.

- Revenues increased 42.4% for the year driven by premium growth and investment gains in 2021 compared to losses in 2020. Excluding the impact of investment gains and losses, revenues increased by 39.5% over 2020.

- Mortgage income before taxes was $28.4 million in 2021, as compared to $31.1 million in 2020, with the decrease driven by a decline in gain on sale margins, partially offset by higher servicing fees and positive fair value adjustments on the mortgage servicing portfolio. - Maritime transportation income before taxes was $11.6 million in 2021, as compared to $1.5 million in 2020, with the increase driven by cyclically high dry-bulk charter rates.

Tiptree Long Term Performance

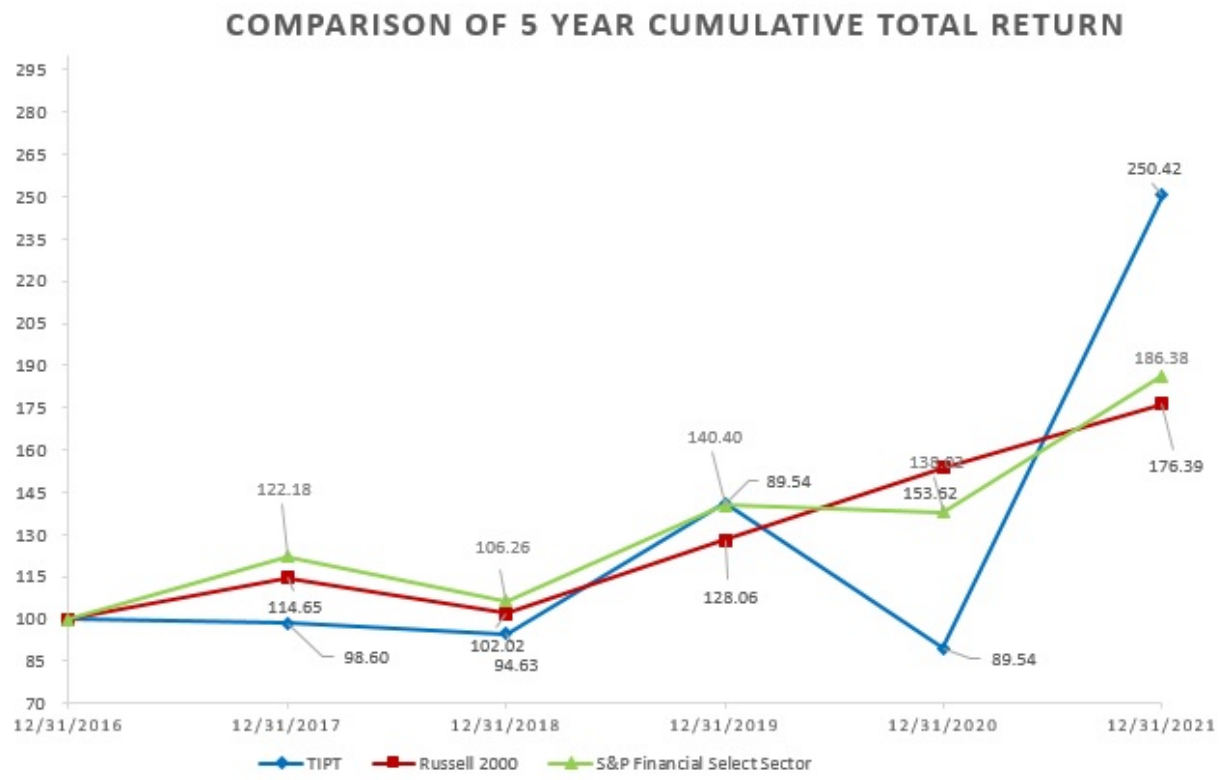

We believe that our performance is best measured over the long term and that long term growth in our stock price plus dividends paid is the best metric for evaluating our performance. The table below shows growth in our stock price plus dividends paid annually and since inception[(1)] (June 2007) during the one, three and five year period from December 31, 2021, compared with the S&P 500, Russell 2000 and S&P Select Sector Financial Services Index, with all values calculated with dividends reinvested.

	Tiptree	S&P 500	S&P Financial Select Sector	Russell 2000
1 Year	178.7%	28.7%	35.0%	14.8%
3 Year	37.7%	26.0%	20.6%	20.0%
5 Year	19.4%	18.5%	13.2%	12.0%
From Jun'07	9.7%	10.5%	4.0%	8.6%

(1) At inception in 2007, book value per share was $5.36.

Stock Performance Graph

Set forth below is a line-graph presentation comparing the cumulative total return on our common stock against cumulative total returns of the Russell 2000 and the S&P Select Sector Financial Services Index[(1)]. The performance graph shows the total return on an investment of $100 for the period beginning December 31, 2016 and ending December 31, 2021 assuming reinvestment of dividends. The stockholder return shown on the graph below is not necessarily indicative of future performance, and we will not make or endorse any predictions as to future stockholder returns. The graph and related data were furnished by ICR, LLC.

(1) We believe it is difficult to develop a peer group of companies similar to Tiptree as Tiptree owns subsidiaries engaged in a number of diverse business activities. However, management views Tiptree and its subsidiaries as primarily engaged in financial services as of December 31, 2021 and accordingly, management has used the Standard and Poor's Select Sector Financial Services Index for comparative purposes.

Compensation Highlights

2021 was a milestone year for the Company as we achieved record levels of financial and stock price performance. A key performance objective for our performance-based stock options granted in past years was to achieve a 20-day volume weighted average stock price greater than the book value per share on the date of grant. This hurdle was achieved in 2021 for all stock options granted to our Executive Committee (collectively, the Executive Chairman and Chief Executive Officer) from 2017-2020.

In order to continue to focus, motivate and reward our Executive Committee, in August 2021, the Compensation, Nominating and Governance Committee (the "CNG") decided to change its incentive pay program to focus on achievement of stock price rather than book value. Prior to 2021, the incentive pay program for our Executive Committee (with the exception of 2020) was based on annual payments of 3.0% of Adjusted EBITDA for the Executive Chairman and 4.5% of Adjusted EBITDA for the Chief Executive Officer, allocated 55% in the form of cash, 30% in the form of restricted stock units ("RSUs") with three-year cliff vesting and 15% in the form of stock options tied to performance and time vesting criteria. The new incentive pay program provides for an annual bonus in the form of a cash payment equal to 3.5% of Adjusted EBITDA to each of the Executive Chairman and the Chief Executive Officer and a one-time award of performance restricted stock units (the "PRSUs") for each of the Executive Chairman, the Chief Executive Officer and Tiptree's President, intended to cover three-years of long-term incentive opportunity (i.e., the Executive Chairman, the Chief Executive Officer and Tiptree's President will not receive another long-term incentive award under the program until 2024). Tiptree's President was included in the PRSU program to recognize his ability to impact shareholder value and to align his reward structure with that of the Executive Committee.

The PRSUs were established with the following objectives for our Executive Committee and President:

- Focus management on near-term and long-term opportunities to create shareholder value and deliver robust total shareholder returns over the next ten years

- Deliver extraordinary compensation value through the PRSUs only for extraordinary total shareholder returns (i.e., ~ 20% annualized total shareholder return over the performance period)

With these objectives in mind, the CNG Committee developed a PRSU design structure based on a goal of achieving stock price hurdles. Under the terms of the PRSUs, the maximum number of shares can only be earned by delivering an annualized total shareholder return of approximately 20%, which is equivalent to growing the stock price to more than six times the base value of $9.70 (Tiptree's closing stock price on August 4, 2021, the date the PRSUs were granted). While there are opportunities to receive shares earlier by achieving lower share price targets, the PRSU design back-loads the number of shares eligible to be earned toward the higher share price targets (for example, 60% of the PRSUs vest upon the final two stock price targets of $45 and $60).

The table below summarizes the PRSU awards to the Executive Committee and the President and includes the number of shares eligible to vest upon achievement of each stock price hurdle (adjusted for dividends paid), the determination period when such price targets must be met, the minimum annualized total shareholder return required to be achieved prior to the end of such determination period in order to earn the shares and the increase in Tiptree's market value at achievement of each price target.

Price Target	Shares Earned	Determination Period	Minimum Annualized Return through End of Determination Period[(1)]	Incremental Increase of Tiptree's Market Value at Price Target[(2)]	Shares Earned as Percentage of Shares Outstanding[(3)]
$15	233,333	Before August 4, 2023	24.35%	$182,243,691	0.67%
$20	466,667	Before August 4, 2025	19.83%	$183,722,825	1.34%
$30	700,000	Before August 4, 2027	20.70%	$374,445,640	1.98%
$45	933,333	Before August 4, 2029	21.14%	$582,668,445	2.59%
$60	1,166,667	Before August 4, 2031	19.99%	$624,668,475	3.16%

(1) Based on grant date closing stock price of $9.70.
(2) Based on 34,877,897 shares outstanding as of March 31, 2022, the increase in Tiptree's market value at achieving each price target as compared to a share price of $9.70 at grant of the PRSUs, assuming Tiptree's shares outstanding increases solely to include the incremental common stock issued for vested PRSUs at achievement of each price target.
(3) At the $15 price target, this is based on 34,877,897 shares outstanding as of March 31, 2022. At each subsequent price target, the shares outstanding is increased solely to include the incremental common stock issued for vested PRSUs at achievement of each price target.

The PRSU grants amount to 3,500,000 maximum shares in the aggregate; however, none of these shares will be earned unless management delivered the minimum annualized returns required within the determination periods outlined above. To date, the first stock price hurdle of $15 has been met.

Tiptree Inc.

2.	To approve an amendment to the Company's 2017 Omnibus Incentive Plan to increase the number of shares of the Company's common stock available for awards thereunder by an additional 4,000,000 shares (Proposal 2); and	**"FOR"** (Proposal 2)	24
3.	To ratify the selection of Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2022 (Proposal 3).	**"FOR"** (Proposal 3)	32

Rifkind — will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting. If any of our nominees is unavailable as a candidate for director, the above-named proxy holders will vote your proxy for another candidate or candidates as may be nominated by the Board of Directors.

Who is entitled to vote at the meeting?

If our records show that you were a holder of our common stock at the close of business on April 14, 2022, which is referred to in this proxy statement as the "record date," you are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that you held as of the close of business on the record date.

As of the close of business on the record date of April 14, 2022, there were 34,886,865 shares of common stock of Tiptree Inc. ("Tiptree" or the "Company") issued and outstanding. There are no other classes of voting securities outstanding. You are entitled to one (1) vote for each share of common stock you held as of the close of business on the record date.

What constitutes a quorum?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares entitled to vote are represented at the Annual Meeting. As of the close of business on the record date of April 14, 2022, there were 34,886,865 shares outstanding and entitled to vote. Thus, 17,443,433 shares must be represented at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum if you vote in person (virtually) at the Annual Meeting or if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee). Additionally, abstentions and broker non-votes will also be counted towards the quorum requirement. If there is no quorum, the Chairman of the Annual Meeting may adjourn the meeting until a later date.

How is my vote counted?

If you authorize a proxy to vote your shares through the Internet, by phone or properly execute the accompanying proxy card, and if we receive it by 11:59 p.m., Eastern Time, on June 6, 2022, the shares of common stock that the proxy represents will be voted in the manner specified on the proxy. If no specification is made in the proxy, your shares of common stock that the proxy represents will be voted in accordance with the recommendations of our Board of Directors set forth in this proxy statement. It is not anticipated that any matters other than those set forth in the proxy statement will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders. In addition, no stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

What vote is needed to approve each proposal?

- **For Proposal 1** (election of directors), the vote of a plurality of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for the election of a director. Therefore, the two nominees for director receiving the most "FOR" votes will be elected. For purposes of the vote on Proposal 1, withheld votes and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

- **For Proposal 2** (approval of an amendment to the Company's 2017 Omnibus Incentive Plan), the affirmative vote of a majority of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for approval of Proposal 2. For purposes of the vote on Proposal 2, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

- **For Proposal 3** (ratification of the appointment of Deloitte), the affirmative vote of a majority of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for approval of Proposal 3. For purposes of the vote on Proposal 3, abstentions will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. We do not expect any broker non-votes for this proposal.

How are abstentions and "broker non-votes" treated for purposes of the proposals?

Under the laws of Maryland, the state of Tiptree's incorporation, abstentions generally do not constitute a vote "for" or "against" any matter being voted on at the Annual Meeting and generally will not be counted as "votes cast." Therefore, abstentions and "broker non-votes" will have no effect on any of the proposals.

Brokers, banks, or other nominees that have not received voting instructions from their clients cannot vote on their clients' behalf with respect to "non-routine" proposals, but may vote their clients' shares on "routine" proposals. Although the determination of whether a nominee will have discretionary voting power for a particular item is typically determined only after proxy material are filed with the SEC, we expect both Proposal 1 (election of directors) and Proposal 2 (approval of an amendment to the Company's 2017 Omnibus Incentive Plan) to be considered non-routine proposals. We expect that Proposal 3 (ratification of appointment of Deloitte) will be considered a routine proposal. In the event that a broker, bank, or other nominee indicates on a proxy that it does not have discretionary authority to vote certain shares on a non-routine proposal, then those shares will be treated as broker non-votes. Abstentions and broker non-votes will be treated as present for the purpose of determining the presence of a quorum.

What other information is part of the proxy materials?

The proxy materials include a letter to stockholders and our 2021 Annual Report which is comprised of the 2021 10-K. The 2021 10-K and this Notice and Proxy Statement and Form of Proxy are available, free of charge, on our website at http://www.tiptreeinc.com. The information found on, or accessible through, our website is not incorporated into, and does not form a part of, this proxy statement. **You may also obtain a copy of our 2021 Annual Report or the 2021 10-K, free of charge, by directing your request in writing to Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary, or by calling our corporate number at (212) 446-1400.** Our other filings made with the SEC are also accessible on our website and available at no charge on the SEC's website at http://www.sec.gov.

Can I change my vote after I submit my proxy card or give instructions over the Internet or telephone?

Yes. If you are the record holder of your shares, you may revoke your proxy in one of three ways:

- filing a written notice (via e-mail) revoking the proxy with our Secretary at legal@tiptreeinc.com;
- signing and forwarding to us a properly executed proxy with a later date or authorizing another proxy over the Internet or telephone; or
- appearing in person (virtually) and voting at the Annual Meeting at www.virtualshareholdermeeting.com/TIPT2022 by using the 16-digit control number included with these proxy materials.

Whether or not you vote using a traditional proxy card, through the Internet or by telephone, you may use any of those three methods to change your vote. Accordingly, you may change your vote either by submitting a proxy card prior to or at the Annual Meeting or by authorizing a proxy again before 11:59 p.m., Eastern Time, on June 6, 2022, the time at which the Internet and telephone proxy authorization facilities close. The later submitted vote will be recorded and the earlier vote revoked. If you virtually attend the Annual Meeting, you may vote in person (virtually) whether or not you have previously given a proxy, but your presence, virtually or otherwise, without further action at the Annual Meeting will not constitute revocation of a previously given proxy.

If your shares are held by your broker, bank or other nominee, you should follow the instructions provided by your broker, bank or nominee.

How can I determine the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. Final results will be announced in a Current Report on Form 8-K, which will be filed with the SEC within four business days after the conclusion of the Annual Meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended

report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

Who is soliciting my proxy?

This solicitation of proxies is made by and on behalf of our Board of Directors. We will pay the cost of the solicitation of proxies. In addition to the solicitation of proxies by mail, our directors, officers and employees may solicit proxies personally or by telephone.

We have hired Morrow Sodali LLC, 470 West Ave., Stamford, CT 06902 ("Morrow"), to help us distribute and solicit proxies. We will pay approximately $2,500 in fees, plus expenses and disbursements, to Morrow for its proxy solicitation services.

No person is authorized on our behalf to give any information or to make any representations with respect to the proposals other than the information and representations contained in this proxy statement, and, if given or made, such information and/or representations must not be relied upon as having been authorized and the delivery of this proxy statement shall, under no circumstances, create any implication that there has been no change in our affairs since the date hereof.

The Board of Directors and its Committees

Our business and affairs are overseen by our Board of Directors pursuant to the Maryland General Corporation Law (the "MGCL") and our Charter and Bylaws. Members of the Board of Directors are kept informed of the Company's business by participating in Board and committee meetings, by reviewing materials provided to them and through discussions with the Chairman and CEO and with key members of management.

The Company has elected to be subject to Section 3-804(c) of the MGCL (the "Opt-In"), which is a common practice among Maryland corporations with classified boards. As a result of the Opt-In, the Board has the exclusive power to fill vacancies on the Board, and any director elected by the Board to fill a vacancy will hold office for the remainder of the full term of the class of directors in which the vacancy occurred and until his or her successor is elected and qualified.

The average age of our directors, including our director nominees, is 59 years. The average tenure of our directors, including our director nominees as of the 2022 Annual Meeting, is expected to be approximately six years.

Our Board of Directors presently consists of seven members: Michael G. Barnes, Paul M. Friedman, Lesley Goldwasser, Jonathan Ilany, Randy Maultsby, Dominique Mielle and Bradley E. Smith. The Board of Directors has affirmatively determined that Messrs. Friedman and Smith and Mses. Goldwasser and Mielle are independent as that term is defined in Nasdaq Stock Market Rules and SEC regulations.

The Board of Directors currently has two standing committees: an Audit Committee and a CNG Committee.

During fiscal 2021, our Board of Directors held nine meetings, the Audit Committee held eight meetings and the CNG Committee held eight formal meetings and several informal discussions among the members of the CNG Committee and its independent compensation consultant. All of our directors during fiscal 2021 attended at least 75% of the aggregate number of meetings of our Board of Directors and each committee of the Board of Directors on which they served during fiscal 2021.

Audit Committee

Our Board of Directors has established an audit committee that meets the definition provided by Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Currently the Audit Committee is comprised of our four independent directors: Messrs. Friedman and Smith and Mses. Goldwasser and Mielle. The current Audit Committee members satisfy the definition of independence set forth in the Nasdaq Stock Market Rules and Rule 10A-3 under the Exchange Act. Mr. Friedman was appointed as the Chairman of the Audit Committee on August 24, 2020. He was determined by our Board of Directors to be an "audit committee financial expert" as that term is defined in the Exchange Act.

The Audit Committee is responsible for overseeing:

- our accounting and financial reporting processes;
- the quality and integrity and audits of our consolidated financial statements, and accounting and reporting processes;
- our compliance with legal and regulatory requirements;
- the qualifications and independence of our independent registered public accounting firm; and
- the performance of our independent registered public accounting firm and any internal auditors.

The Audit Committee is also responsible for engaging the independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm and considering the range of audit and non-audit fees.

Compensation, Nominating and Governance Committee

The CNG Committee is comprised of our four independent directors: Messrs. Friedman and Smith and Mses. Goldwasser and Mielle. Ms. Mielle was appointed as the Chair of the CNG Committee on August 24, 2020.

The CNG Committee is responsible for:

- establishing our corporate goals and objectives relevant to the Executive Committee's compensation, reviewing the Executive Committee's performance in light of such goals and objectives and evaluating and approving the performance of, and the compensation paid by the Company to, the Executive Committee in light of such goals and objectives;
- reviewing and evaluating the performance of, and recommending to the Board of Directors the compensation of, our executive officers other than the Executive Committee, considering our corporate goals and objectives and evaluating the performance of such executive officers in light of such goals and objectives;
- overseeing the compensation policies and programs of our non-executive officer employees to determine whether such compensation policies and programs are functioning effectively or create any unreasonable risk to the Company, as well as reviewing the appropriateness of the compensation practices to determine if they are reasonably likely to have a material adverse effect on the Company;
- reviewing, evaluating and recommending to the Board of Directors any incentive plan or material revision thereto, and administering the same;
- reviewing and approving the disclosure regarding our compensation and benefit matters in our proxy statement and Annual Report;
- identifying, recruiting and recommending to the full Board of Directors qualified candidates for election as directors and recommending a slate of nominees for election as directors at the annual meeting of stockholders;
- developing and recommending to the Board of Directors corporate governance guidelines and policies;
- recommending to the Board of Directors compensation for service as directors in accordance with our corporate governance guidelines;
- overseeing the evaluation of the structure, duties, size, membership and functions of the Board of Directors and its committees and recommending appropriate changes to the Board of Directors; and
- establishing procedures to exercise oversight of the evaluation of the Board of Directors and its committees and members (including a self-evaluation).

The CNG Committee has the authority to retain, at the Company's expense, independent legal, accounting and other consultants, advisors and experts that it reasonably determines to be necessary or appropriate to assist the committee in the performance of its responsibilities. For 2021, the CNG Committee engaged Compensation Advisory Partners LLC ("CAP") as its independent compensation consultant to help advise it on the design of our executive compensation program and the compensation opportunities thereunder. See "Use of Independent Compensation Consultant" below for further details on the services provided by our independent compensation consultant in 2021.

Director Compensation

The following table sets forth information regarding the compensation paid to, or earned by our directors, during fiscal 2021:

Director Compensation Fiscal 2021

Name	Fees Earned or Paid in Cash ($)	Stock Awards ($)[1][2]	Total ($)
Michael G. Barnes[3]	—	—	—
Paul M. Friedman	$115,008	$103,848	$218,856
Lesley Goldwasser	$95,025	$129,796	$224,821

Bradley E. Smith	$75,025	$129,796	$204,821

(1) The number of shares granted is based on the volume weighted average price for the ten trading days prior to the end of the quarter. The grant date closing market price of our common stock for each quarterly payment on each of April 7, 2021, July 6, 2021, October 6, 2021 and January 7, 2022 was $9.93, $8.88, $10.45, and $13.39, respectively.

(2) Represents the grant date fair value of shares granted, as recognized by the Company for financial statement reporting purposes in the fiscal year ended December 31, 2021 in accordance with Accounting Standards Codification 718 — *Compensation — Stock Compensation*. See Note 19, Stock Based Compensation, to our consolidated financial statements in 2021 Annual Report on Form 10-K.

(3) Messrs. Barnes, Ilany and Maultsby receive no compensation in connection with their service on our Board. The compensation that they receive in their capacity as Executive Chairman, Chief Executive Officer and President, respectively, is included in the Summary Compensation Table below.

Non-Employee Director Compensation Program

In fiscal 2021, each non-employee director was eligible to receive an annual cash retainer of $100,000 plus $100,000 in immediately vested shares of our common stock, both of which are paid quarterly in arrears. Such non-employee directors may elect to receive up to $125,000 of total compensation in the form of immediately vested common stock and the cash compensation payable to such director would be reduced proportionately. The Lead Director received an additional $20,000 annual retainer, the Chair of the Audit Committee receives an additional annual retainer of $15,000 and the Chair of the CNG Committee received an additional annual retainer of $10,000. In addition, we reimburse all directors for reasonable out-of-pocket expenses incurred in connection with their services on our Board of Directors.

Principal Executive Officer Pay Ratio

Set forth below is a reasonable estimate of the ratio of annual total compensation of the Company's principal executive officer ("PEO") to the median of the annual total compensation of all employees, other than the PEO. The Company views the Executive Committee, consisting of Mr. Barnes, its Executive Chairman, and Mr. Ilany, its Chief Executive Officer, collectively as the Company's PEO.

In 2021, we identified the median employee (such person, the "Median Employee") by using as our consistently applied compensation measure, 2021 gross earnings, as reported on Form W-2 ("W-2 gross earnings"), for all individuals who were employed by the Company and its subsidiaries on December 31, 2021, other than our principal executive officers. We included all employees, whether employed on a full-time, part-time or seasonal basis, and we did not annualize the compensation of any full-time employee who was employed for less than the full 2021 calendar year. We believe that the use of W-2 gross earnings is an appropriate measure by which to determine the Median Employee because it accurately represents annual compensation earned by our employees.

Messrs. Barnes and Ilany had 2021 annual total compensation of $8,877,686 and $9,168,916, respectively, as reflected in the Summary Compensation Table included in this Proxy Statement under "Executive Compensation—Summary Compensation". Using the same methodology used to calculate Messrs. Barnes and Ilany's 2021 total compensation in the Summary Compensation Table, our Median Employee's total compensation for 2021 was $84,137. As a result, we estimate that Messrs. Barnes's and Ilany's 2021 annual total compensation was approximately 106 times and 109 times, respectively, that of our Median Employee.

Because the SEC rules for identifying the median of the annual total compensation of our employees and calculating the pay ratio based on the employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio for the Company.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines that address significant issues of corporate governance and set forth procedures by which our Board of Directors carries out its responsibilities. Among the areas addressed by the Corporate Governance Guidelines are director qualification standards, director responsibilities, director relationships and access to management and independent advisors, director compensation, director orientation and continuing education, management succession, annual performance evaluation of the Board of Directors and management responsibilities. Our CNG Committee is responsible for assessing and periodically reviewing the adequacy of the Corporate Governance Guidelines and will recommend, as appropriate, proposed changes to the Board of Directors.

Code of Business Conduct and Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that applies to our directors, executive officers (including our principal executive officer and principal financial and accounting officer) and employees, as well as employees of any person or its affiliates that provide services to us. The Code of Business Conduct and Ethics was designed to assist our directors, executive officers and employees, as well as employees of any person or its affiliates that provide services to us, in complying with the law, resolving moral and ethical issues that may arise and in complying with our policies and procedures. Among the areas addressed by the Code of Business Conduct and Ethics are compliance with applicable laws, conflicts of interest, use and protection of our Company's assets, confidentiality, communications with the public, accounting matters, record keeping and discrimination and harassment.

We intend to satisfy our disclosure obligations under Item 5.05 of Form 8-K related to amendments or waivers of the Code of Business Conduct and Ethics by posting such information on our corporate website.

Stockholder Engagement and Communications with our Board of Directors

We have discussions with a variety of our stockholders throughout the year including one-on-one meetings and participation at investor conferences. In addition, we have a process by which stockholders and other parties may communicate with our Board of Directors, our independent directors as a group or our individual directors. Any such communications may be sent to our Board of Directors in writing and should be directed to the Board of Directors, a committee, the independent directors as a group, or an individual director at Tiptree Inc., 299 Park Avenue, 13th Floor, New York, NY, 10171, Attn: Secretary, who will forward all such appropriate communications on to the intended recipient. In addition, stockholder communications can be directed to our Board of Directors, a committee, the independent directors as a group or an individual director by calling our Corporate Governance Hotline at (844) 877-5474. Any such communications may be made anonymously.

Director Attendance at Annual Meetings

Pursuant to our Corporate Governance Guidelines, we expect each member of our Board of Directors to attend each annual meeting of stockholders. Last year, all of the directors attended the annual meeting of stockholders.

Identification of Director Candidates

As stated in the CNG Committee Charter, the CNG Committee assists our Board of Directors in identifying and reviewing director candidates to determine whether they qualify for membership on the Board and for recommending to the Board nominees to be considered for election at our annual meeting of stockholders.

In making recommendations to our Board of Directors, the CNG Committee considers such factors as it deems appropriate. Though the Company does not have a formal policy addressing diversity, the Board of Directors and the CNG Committee believe that diversity is an important attribute of the members who comprise our Board of Directors and that members should represent an array of backgrounds and experiences and should be capable of articulating a variety of viewpoints. As such, directors should have diversity with respect to background, skills and expertise, industry knowledge and experience. The CNG Committee uses the following general criteria for identifying director candidates:

- Directors should possess senior level management and decision-making experience;
- Directors should have a reputation for integrity and abiding by exemplary standards of business and professional conduct;
- Directors should have the commitment and ability to devote the time and attention necessary to fulfill their duties and responsibilities to the Company and its stockholders;
- Directors should be highly accomplished in their respective fields, with leadership experience in corporations or other complex organizations, including government, educational and military institutions;
- In addition to satisfying the independence criteria described in the Corporate Governance Guidelines, independent directors should be able to represent all stockholders of the Company;
- Directors who are expected to serve on a committee of the Board of Directors shall satisfy applicable legal requirements and other criteria established by any securities exchange on which our common stock is listed; and
- Directors should have the ability to exercise sound business judgment to provide advice and guidance to the Chief Executive Officer and Executive Chairman with candor.

The foregoing general criteria apply equally to the evaluation of all potential independent and management director nominees, including those individuals recommended by stockholders.

The Board of Directors' assessment of an individual's candidacy for director also includes consideration of diversity, age, skills and experience in the context of the needs of the Board of Directors.

Our CNG Committee may solicit and consider suggestions of our directors or our management regarding possible nominees. Our CNG Committee may also procure the services of outside sources or third parties to assist in the identification of director candidates.

Our CNG Committee may consider director candidates recommended by our stockholders. Our CNG Committee will apply the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of our Board of Directors or our management. Any recommendations by stockholders should follow the procedures outlined under "Additional Information — Stockholder Proposals" in this proxy statement and in our Bylaws.

Executive Sessions of Independent Directors

In accordance with our Corporate Governance Guidelines, the independent directors serving on our Board of Directors are given an opportunity at each meeting to meet in executive session without the presence of any directors or other persons who are part of our management. Our executive sessions were chaired by our Lead Director, Ms. Goldwasser. Interested parties may communicate directly with our Lead Director or our independent directors as a group through the process set forth above under "Communications with our Board of Directors."

Current Board Leadership Structure

Our Board of Directors is led by Michael G. Barnes, the Chairman of our Board of Directors, and our Executive Chairman.

Because the Chairman of the Board of Directors is not independent, the Board of Directors appointed Ms. Goldwasser to serve as the Company's Lead Director and preside at executive sessions of the independent directors and at meetings of the Board of Directors when the Chairman is not present.

To help ensure that the Board of Directors carries out its oversight responsibilities, our Corporate Governance Guidelines require the Board of Directors as a whole to maintain independence from management. Pursuant to the Corporate Governance Guidelines, a majority of the Board of Directors must be independent. As of the date hereof, four of our current seven directors have been determined to be independent.

Board's Role in Risk Oversight

Our Board of Directors oversees our business in general, including risk management and performance of the Executive Chairman, Chief Executive Officer and other members of senior management, to assure that the long-term interests of the stockholders are being served. Each committee of our Board of Directors is also responsible for reviewing the risk exposure related to such committee's areas of responsibility and providing input to senior management on such risks.

Management and our Board of Directors have a process to identify, analyze, manage and report all significant risks facing us. Our Executive Chairman and Chief Executive Officers will regularly report to the Board of Directors on significant risks facing us, including legal, financial, operational and strategic risks. The Audit Committee reviews with senior management significant risks related to the Company and periodically reports to the Board of Directors on such risks.

In addition, pursuant to its charter, the Audit Committee is responsible for reviewing and discussing the Company's business risk management process, including the quality and integrity of the Company's financial statements, and accounting and reporting processes, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function. Furthermore, the Audit Committee evaluates key financial statement issues and risks, their impact or potential effect on reported financial information and the process used by management to address such matters. At each Audit Committee meeting, management briefs the committee on the current business and financial position of the Company, as well as such items as internal audits and independent audits.

Compensation Risk Assessment

The CNG Committee assessed our compensation policies and practices to evaluate whether they create risks that are reasonably likely to have a material adverse effect on the Company. Based on its assessment, the CNG Committee concluded that the Company's compensation policies and practices, in conjunction with the Company's existing processes and controls, do not create incentives to take risks that are reasonably likely to have a material adverse effect on the Company.

CNG Committee Interlocks and Insider Participation

The following non-employee directors are the current members of the CNG Committee of the Board of Directors: Messrs. Friedman and Smith and Mses. Goldwasser and Mielle. During 2021, none of the Company's executive officers served as a director or member of the corporate governance committee of any other entity whose executive officers served on the Company's Board of Directors or CNG Committee.

Prohibition of Hedging and Pledging Transactions

Our Tiptree Inc. Securities Trading Policy ("Insider Trading Policy") prohibits short sales of and option trading on Tiptree stock and prohibits our directors and officers, other employees of Tiptree subject to the Insider Trading Policy and their respective designees from engaging in hedging transactions, such as (but not limited to) zero-cost collars, equity swaps, exchange funds and forward sale contracts, that may allow such individual to continue to own Tiptree securities without the full risks and rewards of ownership. Our Insider Trading Policy also prohibits holding Tiptree securities in a margin account or otherwise pledging Tiptree securities as collateral for a loan.

ALL DIRECTOR NOMINEES.

PROPOSAL 2: APPROVAL OF AN AMENDMENT TO THE COMPANY'S 2017 OMNIBUS INCENTIVE PLAN

We are asking stockholders to approve the Amendment (the "Amendment") to the Tiptree Inc. 2017 Omnibus Incentive Plan (as amended from time to time, the "2017 Plan"), which amends the 2017 Plan to increase the number of shares available for issuance thereunder by 4,000,000 shares. As of March 31, 2022, 2,134,097 shares remained available for future grants under the 2017 Plan, which is our only incentive award plan with shares available for issuance. Our Board of Directors and CNG Committee believe that this share increase is necessary to ensure that the Company has a sufficient reserve of shares available to attract and retain the services of key individuals essential to the Company's long-term growth and success. No other material changes to the 2017 Plan are proposed. A copy of the Amendment is attached to this Proxy Statement as Annex A, and the discussion in this proposal is qualified in its entirety by the full text of the Amendment.

The Amendment was adopted by our Board of Directors, upon recommendation from our CNG Committee on April 5, 2022, subject to stockholder approval. Currently, the 2017 Plan provides that the maximum number of shares available for issuance pursuant to awards issued thereunder is 6,100,000 shares of our common stock. If the stockholders do not approve the Amendment, the Amendment will not become effective, the 2017 Plan will continue in effect (without giving effect to the Amendment), and we will be subject to the current share limit set forth in the 2017 Plan. Following stockholder approval of the Amendment to increase the share pool available under the 2017 Plan, our Executive Chairman, Chief Executive Officer and President may elect to exchange PRSUs for performance-based restricted stock having the same economic and vesting terms but with current voting rights. Because certain of our directors and executive officers may be eligible to receive awards under the 2017 Plan, such directors and executive officers may be considered to have an interest in this proposal. The material features of the 2017 Plan as amended by the Amendment are described under "Summary of the 2017 Plan as Amended" below.

Rationale for the Amendment

During the beginning of 2022, in its determination to recommend that the Board adopt the Amendment, the CNG Committee considered advice and input presented by management with the assistance of Compensation Advisory Partners LLC ("CAP") as its independent compensation consultant. Our Board of Directors believes that equity awards are a critical part of our compensation program and allow us to attract and retain key talent, incentivize sustainable growth and long-term value creation, and align the interests of our employees with those of our stockholders. Our Board of Directors approved the Amendment because it believes, based in part on input from CAP, that we do not currently have a sufficient number of shares available under the 2017 Plan to continue to grant equity awards in line with our historical practices. In setting the size of the share pool under the Amendment, the Board of Directors considered the historical amounts of equity awards granted by the Company in the last three years. In fiscal 2019, 2020 and 2021, we made equity awards under the 2017 Plan totaling 708,351 shares, 977,446 shares, and 1,443,603 shares, respectively. In 2021, 80% or 1,166,307 shares out of the 1,443,603 shares issued from the 2017 Plan, were to satisfy exchange obligations of Tiptree shares for vested subsidiary awards to key personnel at our mortgage origination subsidiary, which had a record year of performance. Such exchange obligations are not recurring obligations but rather one-time in nature.

As of March 31, 2022, a total of 2,134,097 shares remain available for issuance under the 2017 Plan, which is our only incentive award plan with shares available for issuance. Such remaining shares were intended to be used to satisfy one-time subsidiary awards that are exchangeable for shares of the Company's common stock. However, a significant portion of such subsidiary awards will no longer be exchangeable for the Company's common stock upon closing of the $200 million strategic investment in Fortegra by Warburg Pincus pursuant to the Securities Purchase Agreement between and among Tiptree, Fortegra and WP Falcon Aggregator, L.P. dated October 11, 2021. As such, the Company expects that the addition of 4,000,000 shares to the 2017 Plan will provide the Company with enough shares to satisfy the remaining subsidiary awards outstanding, satisfy issuance of shares for any vested PRSUs and have enough shares remaining for future equity grants to our other employees.

As of March 31, 2022, the last reported sale price of our common stock on Nasdaq was $12.85 per share.

In 2021, a total of 3,500,000 PRSUs were granted to our Executive Chairman, Chief Executive Officer and President. The PRSUs vest into shares of common stock upon Tiptree's 30 trading day average stock price achieving each of five stock price milestones ranging from $15 to $60, reduced by the aggregate amount of dividends paid. The PRSUs are intended to cover three years of equity compensation for the Executive Chairman, Chief Executive Officer and President, and the CNG Committee does not intend to grant new equity awards to them over the next three years. As discussed above in *Summary—Compensation Highlights*, the PRSU awards are intended to pay out only upon the delivery of extraordinary performance (i.e., annualized total shareholder returns of ~20%). If the Company does not meet the target stock price goals over the 10-year performance period then these awards will not result in any incremental dilution. Of the 3.5 million PRSUs granted, 2.1 million, or 60% of the total, are contingent on Tiptree achieving the final two stock price hurdles of $45 and $60, which represent significant appreciation from the grant date stock price of $9.70. While the PRSUs were granted on August 4, 2021 when Tiptree's closing stock price was $9.70, given their significant price target hurdles, the grant date fair value for each PRSU granted was $2.79 each based on a Black-Scholes-Merton option pricing formula. Following stockholder approval of the Amendment to increase the share pool available under the 2017 Plan, our Executive Chairman, Chief Executive Officer and President may elect to exchange PRSUs for performance-based restricted stock having the same economic and vesting terms but with current voting rights.

As of March 31, 2022, the Company did not have sufficient shares available in the 2017 Plan to settle for shares all of the PRSUs awarded. A significant portion of the 4,000,000 proposed additional shares is expected to be used to satisfy issuance of shares for any of the 3,266,667 unvested PRSUs. If the Amendment is not approved, then the Company may need to settle in cash those PRSUs that vest. In November 2021, the first tranche of the PRSUs ($15 share price target) vested, resulting in a net issuance of 215,583 shares of Tiptree common stock under the 2017 Plan.

The below table illustrates the aggregate number of PRSUs that will vest upon the achievement of each Tiptree share price target. Such price targets will be adjusted down for cumulative dividends paid by the Company since grant (e.g., the next share price target is $19.88 as adjusted for cumulative dividends paid to date). As the table shows, the PRSUs only vest upon extraordinary total shareholder returns (i.e., ~ 20% annualized total shareholder return over the performance period) yielding substantial increases in Tiptree's market value at achievement of each price target. In other words, Tiptree's market value would need to increase at a minimum of $1.7 billion in order for all the PRSUs to vest.

Price Target	Shares Earned	Determination Period	Minimum Annualized Return through End of Determination Period[1]	Incremental Increase of Tiptree's Market Value at Price Target[2]	Shares Earned as Percentage of Shares Outstanding[3]
$15	233,333	Before August 4, 2023	24.35%	$182,243,691	0.67%
$20	466,667	Before August 4, 2025	19.83%	$183,722,825	1.34%
$30	700,000	Before August 4, 2027	20.70%	$374,445,640	1.98%
$45	933,333	Before August 4, 2029	21.14%	$582,668,445	2.59%
$60	1,166,667	Before August 4, 2031	19.99%	$624,668,475	3.16%

(1) Based on grant date closing stock price of $9.70.
(2) Based on 34,877,897 shares outstanding as of March 31, 2022, the increase in Tiptree's market value at achieving each price target as compared to a share price of $9.70 at grant of the PRSUs, assuming Tiptree's shares outstanding increases solely to include the incremental common stock issued for vested PRSUs at achievement of each price target.
(3) At the $15 price target, this is based on 34,877,897 shares outstanding as of March 31, 2022. At each subsequent price target, the shares outstanding is increased solely to include the incremental common stock issued for vested PRSUs at achievement of each price target.

Our three-year average burn rate — the number of shares granted, PRSUs earned and subsidiary awards exchanged in each fiscal year divided by the weighted shares of our common stock outstanding at fiscal year end —

is 3.10%. This burn rate is higher than our historical average given that 80% of the shares granted in 2021 (1,166,307 shares out of the total 1,443,603 shares granted) were to satisfy exchange obligations of Tiptree shares for vested subsidiary awards to key personnel at our mortgage origination subsidiary, which had a record year of performance. Excluding one-time subsidiary award exchanges, our three-year average burn rate is 1.92%.

In setting the size of the share pool under the Amendment, the Board of Directors also considered the total amount of equity awards outstanding under existing grants as of March 31, 2022, as further shown in the chart below. Based on an analysis by CAP of the remaining shares available under the 2017 Plan, the number of equity awards outstanding under the 2017 Plan, our historic burn rate, current and proposed plan features and the equity plan guidelines established by proxy advisory firms, the Board of Directors approved the Amendment and the share pool authorized under it to ensure that we continue to have the ability to provide competitive levels of equity compensation.

If the Amendment is not approved by our stockholders, the 2017 Plan will continue in effect (without giving effect to the Amendment), and we will be subject to the current share limit set forth in the 2017 Plan, which would be insufficient to continue to grant equity awards at our current levels and will materially affect our ability to attract and retain key talent. We believe that the increase in shares available for issuance as proposed by the Amendment is reasonable, appropriate, and in the best interests of our stockholders.

Dilution and Overhang

The 2017 Plan is the only long-term incentive plan of the Company under which equity awards are currently granted to our employees and other service providers (including non-employee directors). As of March 31, 2022, 2,134,097 shares remain available for issuance under the 2017 Plan. If the Amendment to the 2017 Plan is approved by our stockholders, we will be able to grant future equity awards to our employees.

	Number of shares of common stock	Overhang percentage based on 43,228,621 shares outstanding
Unvested RSUs Outstanding	501,008	1.16%
Unexercised Options Outstanding	1,715,619	3.97%
Total Shares Subject to Outstanding Awards	2,216,627	5.13%
Shares Available for Issuance Under the 2017 Plan	2,134,097	4.94%
Total Overhang	4,350,724	10.06%
Additional Shares Requested	4,000,000	9.25%
Total Overhang and Additional Shares Requested	8,350,724	19.32%

The table above shows the overhang as of March 31, 2022 of the total shares issuable pursuant to outstanding awards, the number of shares available for future awards under the 2017 Plan and the proposed number of shares issuable under the Amendment. As noted above, as of March 31, 2022, 2,134,097 shares remain available for issuance under the 2017 Plan. Additionally, an aggregate of 2,220,561 shares may be issuable subject to outstanding awards. This represented approximately 10.06% of our pro-forma fully diluted common shares outstanding (our "overhang percentage") as of March 31, 2022, based on 43,228,621 shares outstanding, consisting of 34,877,897 shares of our common stock outstanding as of March 31, 2022, 501,008 shares issuable upon vesting of RSUs, 1,715,619 shares issuable on exercise of outstanding stock options (assuming no cashless exercises), 2,134,097 shares available for issuance under the 2017 Plan and 4,000,000 additional shares requested pursuant to the Amendment. If our stockholders approve the Amendment, the 4,000,000 additional shares proposed to be reserved for issuance under the 2017 Plan would increase our overhang percentage from approximately 10.06% to approximately 19.32%.

Summary of the 2017 Plan as Amended

The following is a brief summary of the material terms of the 2017 Plan, as amended by the Amendment. This summary is qualified in its entirety by reference to the full text of the Amendment, which is attached to this Proxy

Statement as Annex A, and the full text of the 2017 Plan, which is incorporated by reference to Exhibit 10.1 of the Company's Form S-8 Registration Statement filed on June 19, 2017.

Administration. The 2017 Plan is administered by the CNG Committee, which, subject to the provisions of the 2017 Plan, has the authority to, among other things:

- Select the recipients of awards;
- Determine the types of awards to be granted;
- Determine the number of shares or dollar value covered by each award;
- Determine the terms and conditions of each award;
- Determine modify or waiver the terms and conditions of any award;
- Determine the form and timing of settlement of each award;
- Interpret and administer the plan;
- Correct any defect, supply any omission or reconcile any inconsistency in the 2017 Plan or any award;
- Establish rules and regulations; and
- Make any other determination or take any other action that it deems necessary and advisable.

The functions of the CNG Committee may be performed by a subcommittee thereof or another committee designated by the Board of Directors and the CNG Committee (or such subcommittee or other committee) may delegate certain of its powers and responsibilities under the 2017 Plan. As used in this summary, "CNG Committee" refers to the CNG Committee, any such subcommittee or other committee or any of their respective authorized delegates, as applicable. Decisions of the CNG Committee are final, conclusive and binding on all persons.

Eligibility. The 2017 Plan provides that awards may be granted to key employees, directors, consultants (whether or not natural persons) and other service providers of the Company and its subsidiaries and to certain other individuals who are reasonably anticipated to begin providing direct services to the Company or a subsidiary within twelve (12) months after the date an award is granted. Incentive stock options ("ISOs") may be granted only to employees of the Company or certain subsidiaries. As of March 31, 2022, we estimate that approximately 1,472 persons would be eligible to participate in the 2017 Plan.

Number of Shares Authorized. Subject to adjustment as described below, the number of shares of our common stock authorized for issuance in satisfaction of awards under the 2017 Plan, as amended by the Amendment is 10,100,000 shares (the "Share Pool"). Up to 1,000,000 shares from the Share Pool may be issued in respect of stock options intended to qualify as ISOs. For purposes of the Share Pool:

- If any award is settled in cash or otherwise expires, becomes unexercisable, terminates or is forfeited to or repurchased by the Company due to failure to vest, the shares underlying such award will not reduce the Share Pool;
- Shares issued in assumption of, or in substitution or exchange for, awards previously granted by an acquired entity ("substitute awards") will not reduce the Share Pool;
- All shares covering a SAR, any portion of which is settled in stock, will reduce the Share Pool;
- Shares delivered under the 2017 Plan that are subsequently repurchased using proceeds directly attributable to stock option exercises will not increase the Share Pool; and
- All shares withheld in payment of the exercise or purchase price of an award or in satisfaction of tax withholding obligations will reduce the Share Pool.

Shares issued under the 2017 Plan may consist of authorized and unissued shares, treasury shares, shares held by a subsidiary, shares purchased in the open market or other shares.

Individual Limits. Subject to adjustment as described below, the maximum number of shares subject to stock options and SARs that may be granted, and the maximum number of shares subject to other stock-based awards that

may be granted, to any participant in any calendar year is, in each case, 2 million shares. The maximum amount that may be earned by any participant in any calendar year in respect of cash-based awards is $10 million.

Non-Employee Director Limits. The aggregate value of all compensation granted or paid to any non-employee director with respect to any calendar year, including awards under the 2017 Plan and other compensation paid by the Company, in each case, for the director's service to the Board of Directors, may not exceed $750,000.

Types of Awards. The 2017 Plan provides for the grant of stock options, SARs, restricted stock, restricted stock units ("RSUs"), performance awards and other share-based awards. Dividend equivalents may also be provided in connection with awards other than the PRSUs granted in 2021, stock options or SARs under the 2017 Plan.

Awards under the 2017 Plan may be granted alone or in combination with other awards.

- ***Stock Options and SARs.*** The CNG Committee may grant stock options, including ISOs, and SARs under the 2017 Plan. A stock option is a right to purchase, upon exercise, shares during a specified period of time at a specified exercise price. A SAR entitles the recipient to receive, upon exercise, the excess of the fair market value of a share of our common stock on the date of exercise over the base value of the SAR. The per share exercise price for each stock option, and the base value for each SAR, granted under the 2017 Plan may not be less than 100% of the fair market value of a share of our common stock on the date of grant (110% in the case of certain incentive stock options). The term of each stock option and SAR granted under the 2017 Plan may be no longer than ten years from the date of grant (five years in the case of certain ISOs). Other than adjustments in connection with certain corporate transactions or changes to our corporate structure as described below, stock options and SARs granted under the 2017 Plan may not be amended to reduce the exercise price or base value of such award or be cancelled in exchange for stock options or SARs with a lower exercise price or base value, nor may any consideration be paid upon the cancellation of any stock options or SARs that have a per share exercise price or base value greater than the fair market value of a share of our common stock on the date of such cancellation, in each case, without stockholder approval. No stock option or SAR granted under the 2017 Plan may provide for automatic "reload" grants of additional awards upon exercise.

- ***Restricted Stock.*** Restricted stock is stock issued subject to such restrictions as the CNG Committee may impose, including restrictions on transferability.

- ***Restricted Stock Units.*** RSUs are awards valued by reference to shares of our common stock, which may be paid in cash, shares, other property or a combination thereof, and which are subject to such restrictions as the CNG Committee may impose.

- ***Other Share-Based Awards.*** The CNG Committee may grant other awards that are valued in whole or in part by reference to, or are otherwise based on, shares of our common stock or other property under the 2017 Plan. Other share-based awards may be paid in cash, shares, other property or a combination thereof.

- ***Performance Awards.*** The CNG Committee may grant cash-denominated incentives and units valued by reference to a designated number of shares of our common stock, which will be paid upon the achievement of performance goals established by the CNG Committee.

Vesting; Minimum Vesting; Terms of Awards. The CNG Committee determines the terms and conditions of all awards granted under the 2017 Plan, including vesting conditions, and the effect of termination of employment on outstanding awards. No portion of any award granted under the 2017 Plan may be scheduled to vest or become exercisable prior to the one year anniversary of the date of grant, except that up to 5% of the shares reserved for issuance may be granted without regard to this minimum vesting and exercisability provision.

Transferability of Awards. In general, no awards or shares subject to awards may be transferred, other than by wills or laws of descent or distribution. However, the CNG Committee may permit transfers of awards other than ISOs to certain family members, trusts for the benefit of the participant or certain family members, controlled entities or as charitable donations.

Performance Criteria. The 2017 Plan permits the CNG Committee to grant awards subject to "performance criteria." Performance criteria will be subject to the achievement of one or more objective performance goals or measures established by the CNG Committee.

Adjustments. In the event of any merger, reorganization, consolidation, recapitalization, extraordinary distribution, stock split, reverse stock split, spin-off or similar transaction or change in the Company's corporate structure, the CNG Committee may make such adjustments and substitutions to the 2017 Plan and to awards under it as it deems equitable or appropriate to prevent dilution or enlargement of the rights under the 2017 Plan, including adjustments to:

- The number of shares, class and kind of securities that may be delivered under the 2017 Plan;
- The individual limitations described above; and
- The number, class, kind and exercise price of securities subject to outstanding awards.

Effect of Certain Transactions. Subject to the change in control provisions described below, and except as may be provided in an award agreement, in the event of certain covered transactions, including the consummation of a merger, consolidation, the sale of substantially all of the Company's assets or stock, or a dissolution or liquidation of the Company, the CNG Committee may provide:

- For the assumption, substitution or continuation of some or all awards (or any portion thereof) by the acquirer or surviving entity;
- For a payment in respect of some or all awards (or any portion thereof) equal to the excess, if any, of the fair market value of the shares subject to the award, over the aggregate exercise or base value, if any, on such terms and conditions as the CNG Committee determines; and/or
- For the acceleration of exercisability or delivery of shares in respect of some or all awards (or any portion thereof), in full or in part.

Except as the CNG Committee may otherwise determine, each award will automatically terminate upon the consummation of the covered transaction, other than awards that are substituted for or assumed and any cash-based awards that continue following the transaction.

Change in Control. Except as may be provided in an award agreement, in the event of a change in control (generally, the sale of all or substantially all of the Company's assets, the acquisition of 50% of the Company's voting stock by an unrelated person or group of persons or a merger pursuant to which any person or persons become the beneficial owner of more than 50% of the Company's voting stock):

- If equity-based awards are assumed, replaced or continued, if a participant's employment is terminated without cause within 24 months following the change in control, the participant's awards will vest in full, except that any performance awards will be considered to be earned at target and prorated based on the portion of the applicable performance period completed as of the date of termination of employment; and
- To the extent equity-based awards are not assumed, replaced or continued, such awards will vest in full, except that any performance awards will be considered to be earned at target and prorated based on the portion of the applicable performance period completed as of the date of the change in control.

Clawback. We mitigate risk through a clawback policy contained in our Incentive Compensation Clawback Policy effective January 1, 2017. If the Company files an accounting restatement, then, with respect to any recipient of an award under the Company's plans whose misconduct led to the restatement, the CNG Committee may, at its discretion, require any bonus (whether cash, RSUs or options) paid or granted to such recipient based on the incorrect financial statements, be repaid to the Company in an amount determined by the CNG Committee. In addition, any bonus (whether cash, RSUs or options) paid or granted to the recipient will be subject to clawback to the maximum extent required to comply with the Dodd-Frank Act.

Effective Date, Amendments and Termination. Unless earlier terminated by the Board, the 2017 Plan will terminate on, and no further awards be granted after, June 6, 2027, which is the tenth anniversary of the date the 2017 Plan was originally approved by shareholders. Our Board of Directors may alter, amend, suspend or terminate

the 2017 Plan at any time, subject to stockholder approval to the extent required by applicable law, provided that participant consent will be required if any such amendment, suspension of termination materially impairs the participant's rights under any outstanding award under the 2017 Plan, unless required by applicable law.

Certain Federal Income Tax Consequences

The following is a summary of certain U.S. federal income tax consequences associated with certain awards granted under the 2017 Plan. The summary does not purport to cover federal employment tax or other U.S. federal tax consequences that may be associated with the 2017 Plan, nor does it cover state, local or non-U.S. taxes. The Company's ability to deduct compensation will be subject to applicable limits under the Internal Revenue Code (the "Code").

Stock Options (other than ISOs). In general, a participant has no taxable income upon the grant of a stock option that is not intended to be an ISO (an "NSO") but realizes income in connection with the exercise of the NSO in an amount equal to the excess (at the time of exercise) of the fair market value of the shares acquired upon exercise over the exercise price. A corresponding deduction is generally available to the Company. Upon a subsequent sale or exchange of the shares, any recognized gain or loss is treated as a capital gain or loss for which the Company is not entitled to a deduction.

ISOs. In general, a participant realizes no taxable income upon the grant or exercise of an ISO. However, the exercise of an ISO may result in alternative minimum tax liability to the participant. Generally, a disposition of shares purchased pursuant to an ISO within two years from the date of grant or within one year after exercise produces ordinary income to the participant (and generally a deduction to the Company) equal to the value of the shares at the time of exercise less the exercise price. Any additional gain recognized on the disposition is treated as a capital gain for which the Company is not entitled to a deduction. If the participant does not dispose of the shares until after the expiration of these one- and two-year holding periods, any gain or loss recognized upon a subsequent sale of shares purchased pursuant to an ISO is treated as a long-term capital gain or loss for which the Company is not entitled to a deduction.

SARs. The grant of a SAR does not itself result in taxable income, nor does taxable income result merely because a SAR becomes exercisable. In general, a participant who exercises a SAR for shares of stock or receives a payment in cancellation of a SAR will have ordinary income equal to the amount of any cash and the fair market value of any stock or other property received. A corresponding deduction is generally available to the Company.

Restricted Stock Awards. A participant who is awarded or purchases shares subject to a substantial risk of forfeiture generally does not have income until the risk of forfeiture lapses. When the risk of forfeiture lapses, the participant has ordinary income equal to the excess of the fair market value of the shares at that time over the purchase price, if any, and a corresponding deduction is generally available to the Company. However, a participant may make an election under Section 83(b) of the Code to be taxed on restricted stock when it is acquired rather than when the substantial risk of forfeiture lapses. A participant who makes an effective 83(b) election will realize ordinary income equal to the fair market value of the shares as of the time of acquisition less any price paid for the shares. A corresponding deduction will generally be available to the Company. If a participant makes an effective 83(b) election, no additional income results by reason of the lapsing of the restrictions.

For purposes of determining capital gain or loss on a sale of shares awarded under the 2017 Plan, the holding period in the shares begins when the participant recognizes taxable income with respect to the transfer. The participant's tax basis in the shares equals the amount paid for the shares plus any income realized with respect to the transfer. However, if a participant makes an effective 83(b) election and later forfeits the shares, the tax loss realized as a result of the forfeiture is limited to the excess of what the participant paid for the shares (if anything) over the amount (if any) realized in connection with the forfeiture.

RSUs. The grant of a RSU does not itself generally result in taxable income. Instead, the participant is generally taxed upon vesting and settlement (and a corresponding deduction is generally available to the Company), unless he or she has made a proper election to defer receipt of the shares (or cash or other property, if applicable) under Section 409A of the Code. If the shares issued in settlement of a RSU are restricted for tax purposes, the participant will instead be subject to the rules described above for restricted stock.

Certain Change in Control Payments. Under Section 280G of the Code, the vesting or accelerated exercisability of stock options and SARs and the vesting and payments of other awards in connection with a change in control of a corporation may be required to be valued and taken into account in determining whether participants have received compensatory payments, contingent on the change in control, in excess of certain limits. If these limits are exceeded, a substantial portion of amounts payable to the participant, including income recognized by reason of the grant, vesting or exercise of awards may be subject to an additional 20% federal tax and may be non-deductible to the Company.

Plan Benefits

Certain tables in this Proxy Statement under the heading "Compensation Discussion and Analysis," including the Summary Compensation Table, Grants of Plan-Based Awards Table and Outstanding Equity Awards at Fiscal Year-End Table set forth information with respect to prior awards granted to our individual named executive officers under the 2017 Plan. The CNG Committee has full discretion to determine the amount of the awards to be made to participants under the 2017 Plan, subject to the limits described above under "Individual Limits" and "Non-Employee Director Limits." Therefore, it is not possible to determine the benefits or amounts that will be received by or allocated to participants under the 2017 Plan, as amended by the Amendment.

The following table sets forth the awards that were granted to our named executive officers, our executive officers as a group, our non-employee directors as a group, and our other employees (who are not executive officers) as a group under the 2017 Plan during the 2021 fiscal year.

Vote Required and the Recommendation of the Board

The affirmative vote of a majority of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for approval of Proposal 2. Abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will still be considered present for the purpose of determining the presence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR"
THE ADOPTION OF THE AMENDMENT TO THE 2017 OMNIBUS INCENTIVE PLAN

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify our audit committee's appointment of Deloitte & Touche LLP ("Deloitte") as our independent registered public accounting firm for the fiscal year ending December 31, 2022. Deloitte has audited our financial statements as of and for the years ended December 31, 2021 and 2020. A representative of Deloitte will be present at the Annual Meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Audit and Non-Audit Fees

The following table presents the approximate aggregate fees billed by Deloitte, our independent registered public accounting firm for services performed with respect to fiscal 2021 and 2020:

(*$ in thousands*)	**2021**	**2020**
Audit Fees[(1)]	$6,152	$4,075
Audit-Related Fees[(2)]	$455	$225
Tax Fees[(3)]	$682	$731
All Other Fees[(4)]	2	2
Total Fees	$7,291	$5,033

(1) Fees related to our annual audit, review of our quarterly reports on Form 10-Q, and review of documents filed with the SEC.
(2) Fees related to procedures associated with the adoption of new accounting standards, due diligence related to acquisitions, and other attest services not required by statute or regulation.
(3) Fees related to tax compliance services and tax preparation services.
(4) Fees primarily represent accounting research subscription fees.

Pre-Approval Policies and Procedures of the Audit Committee

The Audit Committee has sole authority (with the input of management) to approve in advance all engagements of our independent registered public accounting firm for audit or non-audit services. All services provided by Deloitte in 2020 and 2021 were pre-approved by the Audit Committee. The Audit Committee has determined that the non-audit services provided by the Company's independent registered public accounting firms are compatible with maintaining the accounting firm's independence.

Ratification

The Board of Directors asks stockholders to ratify the selection of Deloitte as our independent registered public accounting firm. Stockholder ratification of the appointment of Deloitte as our independent registered public accounting firm is not required by our Bylaws or other governing documents. However, the Board of Directors is submitting the appointment of Deloitte to the stockholders for ratification as a matter of good corporate governance. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Vote Required and the Recommendation of the Board

The affirmative vote of a majority of all of the votes cast at the Annual Meeting, assuming a quorum is present, is required for approval of Proposal 3. For purposes of the vote on Proposal 3, abstentions will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum. We do not expect any broker non-votes for this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF DELOITTE AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2022.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") describes our executive compensation philosophy and program, and the decisions made by our CNG Committee with respect to the same for 2021. The discussion below is intended to help you understand the detailed information for our named executive officers ("NEOs") provided in the executive compensation tables that follow this discussion and to help place the specific pay decisions made for 2021 in context within our overall compensation program. Our NEOs are Michael Barnes, our Executive Chairman, Jonathan Ilany, our Chief Executive Officer, Randy Maultsby, our President, Sandra Bell, our Chief Financial Officer, and Neil Rifkind, our General Counsel and Secretary.

Guiding Principles and Compensation Policies

Tiptree's executive compensation program is intended to reward our leadership for performance and to align our leadership's interests with those of our other stockholders on an annual and long-term basis. Our CNG Committee has developed the following guiding principles for our executive compensation program:

- Pay for performance, with a significant percentage of compensation tied to the Company's performance, including a significant portion of the equity compensation of our NEOs tied to the Company's goals of generating long-term stockholder value;
- Align executive compensation with stockholder interests;
- Balance rewarding short-term and long-term performance to focus on long-term value creation;
- Retain current management, encourage loyalty and effectively attract new executives over time by providing competitive levels of compensation; and
- Make our executive compensation practices transparent.

Consistent with the foregoing, our executive compensation program has three primary elements: salary, performance-based annual cash incentive awards and long-term equity incentive awards. As described further in the table below, each element of our compensation program is tailored to incentivize performance in a specific area that we believe will promote sustained economic value over time. In addition, on a case by case basis, the Company has awarded initial cash or equity grants to attract talented executives.

Element	Form of Compensation	Pay for Performance	Primary Objectives
Base Salary	Fixed Cash	Adjustments to base salary take into account individual performance	Attract and retain talented executives while avoiding a high fixed cost structure
Annual Cash Incentive Awards	Variable Cash	Awards based on an earnings metric of the Company, as adjusted by the CNG Committee, and individual performance	Reward the achievement of key short-term metrics
Long-Term Equity Incentive Awards	Variable Performance restricted stock units ("PRSUs") vest based on achieving share price targets	Value achieved depends on increasing stock price and generating long-term stockholder value	Align executive interests with long-term stockholder value
	Restricted stock units ("RSUs") subject to time-based vesting	Time-based vesting encourages retention; potential increased value achieved through stock appreciation	

Our CNG Committee is responsible for our executive compensation program design and administration, including evaluation of management performance and a review of our compensation programs and awards. Tiptree is managed by a management Executive Committee consisting of Michael G. Barnes, our Executive Chairman and Jonathan Ilany, our CEO. The Executive Committee is responsible for strategic planning, capital allocation among Tiptree's businesses, overseeing M&A activity and risk management. Our Executive Committee provides the CNG Committee with preliminary recommendations for the discretionary elements of the compensation of the NEOs other than those on the Executive Committee. However, the CNG Committee approves the compensation for all NEOs, including the Executive Chairman and CEO.

Below is a summary description of the Company's significant compensation policies.

What We Do

- ✓ Pay for performance
- ✓ Grant equity-based awards as a significant portion of our NEOs annual variable compensation
- ✓ Mitigate risk through a clawback policy
- ✓ Individual grant limits under our 2017 Omnibus Incentive Plan (discussed above)
- ✓ Use an independent compensation consultant
- ✓ Prohibit NEOs from shorting, pledging or hedging Tiptree stock (see "Corporate Governance Matters - Prohibition of Hedging and Pledging Transactions")
- ✓ CNG Committee reserves right to exercise negative discretion

What We Don't Do

- ✓ No perquisites to NEOs other than reimbursement of medical and transportation costs and home IT network
- ✓ No Section 280G or 409A tax gross-ups
- ✓ No defined benefit pensions or supplemental retirement programs
- ✓ No recycling of shares used to pay the taxes on vested RSUs
- ✓ No guaranteed bonus arrangements with our NEOs
- ✓ No repricing of underwater stock options

We mitigate risk, in part, through our Incentive Compensation Clawback Policy. If the Company files an accounting restatement, then, with respect to any recipient of an award under the Company's plans whose misconduct led to the restatement, the CNG Committee may, at its discretion, require any bonus (whether in the form of cash, PRSUs, RSUs or options) paid or granted to such recipient based on the incorrect financial statements, be repaid to the Company in an amount determined by the CNG Committee. In addition, any bonus (whether in the form of cash, PRSUs, RSUs or options) paid or granted to the recipient will be subject to clawback to the maximum extent required to comply with the Dodd-Frank Act.

Named Executive Officers

Our NEOs are the executive officers whose compensation is discussed in this CD&A and whose compensation is shown in the compensation tables that follow this CD&A in this proxy statement. For 2021, our NEOs are listed in the table below, which shows the base salary and incentive compensation awarded to our NEOs for their performance in 2021 in the manner that it was considered by the CNG Committee. When we refer to total compensation figures of our NEOs as they relate to 2021 in this CD&A we are referring to annual base salary paid in 2021, and cash bonuses for 2021 performance but paid in early 2022.

For purposes of determining annual equity grants to our NEOs, our CNG Committee starts with a dollar amount (the "Par Value") and determines the number of shares or options based on the volume weighted average price (the "VWAP") of the Company's common stock for the 10 trading days prior to the grant date. The amounts presented below with respect to the stock awards and option awards are the Par Value of such grants. These amounts differ from the amounts for the same columns included in the Summary Compensation Table because they are valued using a different valuation method and because SEC rules require us to include the grant date fair value of equity awards based on the date of actual grant rather than the performance year in which they were earned. For example, the awards shown in the Summary Compensation Table for 2020 and 2019 were granted in each of those years but were based on 2019 and 2018 performance, respectively. There were no equity grants to our NEOs for the 2020 performance year.

On August 4, 2021, the Company granted Messrs. Barnes, Ilany and Maultsby an aggregate of 3,500,000 PRSUs, which are intended to cover three years of long-term incentive awards. Messrs. Barnes, Ilany and Maultsby will not receive another award under the long-term incentive program until 2024. For purposes of the Summary Compensation Table, such PRSUs were valued using the grant date fair value, as estimated on the date of grant using a Black-Scholes-Merton option pricing formula embedded within a Monte Carlo model used to simulate the future stock prices of Tiptree, which assumes that the market requirement is achieved. For more detail, including the underlying valuation assumptions for PRSUs and stock option awards, please see Note 19, Stock Based Compensation, to our consolidated financial statements in our 2021 Annual Report on Form 10-K.

(1) For Messrs. Barnes, Ilany and Maultsby in performance year 2021, this represents 100,000, 100,000 and 33,333 shares, respectively, issued on November 22, 2021 pursuant to vested PRSUs (the $15 target), with a closing stock price of $15.12. For all other performance years for Messrs. Barnes, Ilany and Maultsby and for all other NEOs, this represents the Par Value of equity grants (RSUs and options).

(2) For Ms. Bell and Mr. Rifkind for 2021, 2020 and 2019, and for Mr. Maultsby for 2021, this represents premiums paid by the Company to our group health insurance provider under a medical expenses reimbursement plan (the "MERP"). Mr. Barnes's $27,583 of other compensation in 2021 consists of $7,644 attributable to the MERP, $10,169 attributable to travel reimbursements and $9,770 of reimbursement for taxes associated with such travel reimbursements. Mr. Barnes's $25,342 of other compensation in 2020 consists of $7,644 attributable to the MERP, $9,173 attributable to travel reimbursements and $8,525 of reimbursement for taxes associated with such travel reimbursements. Mr. Barnes's $41,285 of other compensation in 2019 consists of $7,800 attributable to the MERP, $19,294 attributable to travel reimbursements and $14,191 of reimbursement for taxes associated with such travel reimbursements. Mr. Ilany's $118,813 of other compensation in 2021 consists of $7,644 attributable to the MERP, $41,197 attributable to travel reimbursements, $15,499 that the Company paid in connection with maintaining the IT infrastructure in Mr. Ilany's home office and $54,473 of reimbursements for taxes associated with such travel and IT reimbursements. (3) Mr. Maultsby was appointed our President on July 14, 2021. Mr. Maultsby's stock award amount for performance year 2021 represent the grant date fair value of the PRSUs granted on August 4, 2021.

(4) Ms. Bell's stock award amounts for performance years 2021 and 2019 represent the Par Value of the RSU issuances on February 17, 2022 and February 20, 2020, respectively. For the RSU issuance on February 17, 2022, Ms. Bell received matching RSUs that cliff vest after three years and deliver two shares of Tiptree stock for each RSU; as such, the Par Value of the RSU issuance for 2021 was doubled accordingly.

(5) Mr. Rifkind's stock award amounts for performance years 2021 and 2019 represent the Par Value of the RSU issuances on February 17, 2022 and February 20, 2020, respectively. For the RSU issuance on February 17, 2022, Mr. Rifkind received matching RSUs that cliff vest after three years and deliver two shares of Tiptree stock for each RSU; as such, the Par Value of the RSU issuance for 2021 was doubled accordingly.

Use of Independent Compensation Consultant

The CNG Committee engaged CAP to serve as its independent compensation consultant during 2021. CAP received instructions from, and reported to, the CNG Committee on an independent basis. CAP was also authorized by the CNG Committee to share with and request and receive from management specified information in order to prepare for CNG Committee meetings.

The CNG Committee requested CAP's advice on a variety of matters, including the design of our executive compensation program and the compensation opportunities under it, compensation strategy, market comparisons, pay and performance alignment, the advisability of peer benchmarking, executive pay trends, compensation best practices, compensation-related legislative updates and related rulemaking, and compensation plan designs and modifications. The CNG Committee met with CAP, both with and without management present, on several occasions during 2021 with respect to compensation decisions for 2021 performance. The CNG Committee assessed the independence of CAP pursuant to SEC and Nasdaq rules, and concluded that no conflict of interest exists that would prevent CAP from independently representing the CNG Committee. During 2021, CAP did not provide any services to the Company or its affiliates other than advising the CNG Committee on executive officer compensation.

The CNG Committee does not currently use benchmarking or comparative data in making compensation decisions. In 2021, however, the CNG Committee reviewed compensation practices compiled by CAP with respect to the companies that operate in the same industries as the Company to provide a reference point for pay levels and practices, including practices relating to the grant of performance-vesting equity awards.

2021 Company Performance

2021 was one of Tiptree's best years since its founding in June 2007 and we made meaningful progress on our long-term strategic initiatives and delivered strong shareholder value. Tiptree's revenues, earnings and total return to shareholders all set records. Our specialty insurer, Fortegra also produced record results, with adjusted return on equity of 22% while growing premiums and equivalents at 32%. In addition, our mortgage and shipping businesses also reported excellent results for the year, benefiting from favorable market conditions. Below is a summary of our 2021 results. Additional information on our 2021 results is contained in our Annual Report on Form 10-K for the year ended December 31, 2021 filed with the SEC.

2021 Compensation Highlights

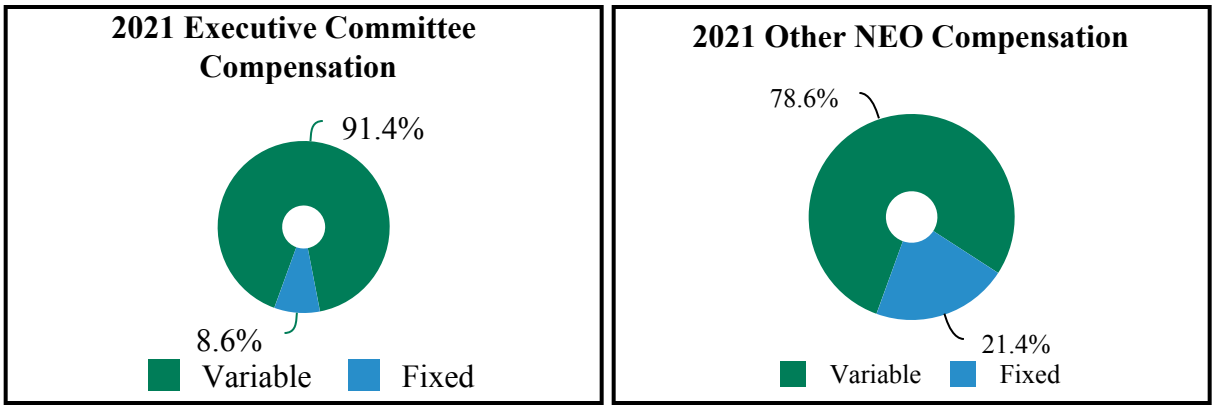

2021 was a milestone year for the Company as we achieved record levels of financial and stock price performance. A key performance objective for our performance-based stock options granted in past years was to achieve a 20-day volume weighted average stock price greater than the book value per share on the date of grant. This hurdle was achieved in 2021 for all stock options granted to our Executive Committee.

Compensation of our NEOs is largely driven by the financial and strategic performance of the Company. Total compensation of our NEOs related to fiscal 2021 was approximately $24 million compared to $4.1 million in fiscal 2020. In approving the compensation program for 2021, the CNG Committee considered a number of factors including, but not limited to the responsibilities of the executives' positions, the executives' experience and contributions, the competitive marketplace for executive talent and corporate performance. The 2021 increase in total NEO compensation reflects the addition of Mr. Maultsby as President in 2021 (he was not an NEO in 2020) and the significant increase in Adjusted EBITDA in fiscal 2021 versus fiscal 2020.

Consistent with Tiptree's pay for performance philosophy, NEO pay mix is heavily weighted toward variable, performance-based pay, which ties a large portion of compensation to the achievement of our short and long term performance objectives. For 2021, each of the Executive Chairman, Chief Executive Officer and President were awarded PRSUs that vest upon Tiptree's 30 trading day average stock price achieving each of five stock price milestones ranging from $15 to $60, reduced by the aggregate amount of dividends paid, within pre-established determination periods (subject to a catch-up vesting mechanism) occurring on the second, fourth, sixth, eighth and tenth anniversaries of the grant date. This award reflects the CNG Committee's desire for the Executive Chairman, Chief Executive Officer and President to continue to lead Tiptree for an additional significant number of years and to create significant shareholder value over time. The PRSUs are intended to cover three years of equity compensation for the Executive Chairman, Chief Executive Officer and President, and the CNG Committee does not intend to grant new equity awards to them over the next three years. To date, the first tranche of the PRSUs ($15

share price target) vested, resulting in a net issuance of 215,583 shares of Tiptree common stock under the 2017 Plan.

The charts below illustrate the fixed versus variable mix of compensation for our NEOs in 2021. As seen in the illustration below, for 2021, only 8.6% of compensation was fixed for the Executive Committee while 91.4% was variable, of which 46.5% was at risk. Only 21.4% of the compensation of the other current NEOs at year-end was fixed while 78.6% was variable, of which 31% was at risk.

Fixed compensation consists of base salary and other guaranteed reimbursements such as travel and information technology reimbursements and the premiums paid for executives under our medical expense reimbursement plan, or MERP. Variable compensation consists of any award based on performance and CNG Committee determination (including negative discretion) and at-risk compensation consists of any cash or stock award subject to forfeiture.

2021 Executive Compensation Program and Decisions

Our 2021 executive compensation program had three primary elements: base salary, performance-based annual cash incentive awards and long term equity incentive awards. Although each element of compensation described below was considered separately, our CNG Committee made its determinations regarding each individual component of the compensation program in the context of the aggregate effect on total compensation for each NEO. For the NEOs, incentive compensation for services in a fiscal year was paid or granted, as applicable, in the first quarter of the following year.

Base Salary

The purpose of base salary is to provide a set amount of cash compensation for each named executive officer that is not variable in nature and is generally competitive with market practices. Base salaries for the NEOs are based on competitive market rates for experienced executives of comparable organizations. The 2021 base salaries for the NEOs were as follows:

Name	**Base Salary**
Michael Barnes	$600,000
Jonathan Ilany	$800,000
Randy Maultsby	$350,000
Sandra Bell	$450,000
Neil Rifkind	$450,000
Total	**$2,650,000**

Effective January 1, 2022, the CNG Committee has increased Messrs. Barnes and Ilany's annual base salary to $1,000,000 and Mr. Maultsby's annual base salary to $500,000.

Incentive Compensation-Pool Determination

In addition to the PRSUs granted to each of the Executive Chairman, Chief Executive Officer and President, for 2021 the CNG Committee established a 2021 cash incentive compensation pool for the Executive Committee equal to 7.0% of Adjusted EBITDA prior to the payment of the incentive compensation of the Executive Committee, and allocated 3.5% to Michael Barnes, Executive Chairman and 3.5% to Jonathan Ilany, Chief Executive Officer.

Incentive Compensation-Pool Determination — Other NEOs

For 2021, the CNG Committee established an incentive compensation pool for the NEOs other than the Executive Committee of up to a maximum of 4.5% of Adjusted EBITDA prior to payment of the incentive compensation of the Executive Committee. For the other NEOs, except Mr. Maultsby, this pool was allocated 80% in cash and 20% in the form of matching RSUs that cliff vest after three years and deliver two shares of Tiptree stock for each RSU. In 2021, Mr. Maultsby was granted 500,000 PRSUs and a cash bonus.

For 2021, the CNG Committee awarded aggregate incentive compensation to the NEOs other than the Executive Committee in an aggregate amount of approximately $4.3 million or approximately 3.7% of Adjusted EBITDA prior to payment of the incentive compensation of the Executive Committee, which was less than the maximum. The actual bonus amount for each applicable executive was determined by the CNG Committee in its discretion in consultation with the Executive Committee, based 50% on the Company's Adjusted EBITDA relative to the prior year and 50% on the CNG Committee's qualitative assessment of individual performance for 2021 considering the NEO's role, leadership responsibilities and retention considerations.

Incentive Compensation-Performance-Based Annual Cash Incentive Awards — Executive Committee and Other NEOs

For 2021, the performance-based annual cash incentive award allocation to the Executive Committee was as follows:

Name	**Annual Cash Incentive Award**
Michael Barnes	$4,057,703
Jonathan Ilany	$4,057,703
Total	$8,115,406

For 2021, the performance-based annual cash incentive award allocation to the other NEOs were as follows:

Name	**Annual Cash Incentive Award**
Randy Maultsby	$1,250,000
Sandra Bell	$680,000
Neil Rifkind	$680,000
Total	$2,610,000

Tax Deductibility of NEO Compensation

Section 162(m) of the Code ("Section 162(m)") imposes a $1 million limit on the deduction that a company could claim in any tax year with respect to compensation paid to certain of its current and former executive officers, subject to certain limited exceptions with respect to certain compensation arrangements in effect on November 2,

2017. Our CNG Committee has and may approve compensation arrangements for our NEOs that are not fully deductible under Section 162(m) and specifically reserves the right to do so.

Response to Say on Pay Advisory Vote and Stockholder Feedback

At our 2020 Annual Meeting of Stockholders, our advisory vote to approve compensation of our NEOs received the support of 80.22% of the votes cast. Our management met with several of our largest stockholders in 2021 and communicated stockholder feedback and comments to our CNG Committee, who considered that information in making 2021 compensation decisions.

Summary Compensation

The following table sets forth information regarding the compensation paid to or earned by our NEOs for services in 2021, 2020 and 2019, as applicable to each NEO, in the format required by the SEC. The footnotes to these tables provide information to explain the values presented in the tables and are an important part of our disclosures.

We have included a separate table in "Compensation Discussion and Analysis—Named Executive Officers" as supplemental disclosure, which table shows the base salary and incentive compensation awarded to our NEOs for their performance in 2021, 2020 and 2019, as applicable to each NEO, in the manner that it was considered by the CNG Committee.

Except where otherwise noted, the equity awards shown in our Summary Compensation Table and Grants of Plan-Based Awards table for the fiscal years 2020 and 2019 were granted in February 2020 and February 2019, respectively, for services performed in 2019 and 2018, respectively. Our CNG Committee did not grant any equity awards in 2021 for services performed in 2020.

The only equity awards granted in 2021 were the PRSUs granted to our Executive Chairman, Chief Executive Officer and President, which reflect the CNG Committee's desire for such executives to continue to lead Tiptree for an additional significant number of years and to create significant shareholder value over time. The PRSUs are intended to cover three years of equity compensation for the Executive Chairman, Chief Executive Officer and President, and the CNG Committee does not intend to grant new equity awards to them over the next three years.

(1) Amounts in this column represent the aggregate grant date fair value of PRSUs, RSUs and stock options, computed in accordance with FASB ASC Topic 718. In 2021, the only stock awards granted were 1,500,000 PRSUs granted to each of Messrs. Barnes and Ilany and 500,000 PRSUs granted to Mr. Maultsby. RSUs are valued using the closing price of our common stock on the grant date. We use the Black-Scholes model assuming 50% volatility to estimate our compensation cost for stock option awards. The fair value of the PRSUs was estimated on the date of grant using a Black-Scholes-Merton option pricing formula embedded within a Monte Carlo model used to simulate the future stock prices of Tiptree, which assumes that the market requirement is achieved. For more detail, including the underlying valuation assumptions for PRSUs and stock option awards, please see Note 19, Stock Based Compensation, to our consolidated financial statements in our 2021 Annual Report on Form 10-K. Pursuant to SEC rules, the amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions.

Potential Payments to Named Executive Officers Upon Termination or Change in Control

The Employment Agreements provide for severance payments if the employment of an NEO is terminated by the Company without "cause" (as defined in the Employment Agreement) or due to disability or death, or by such NEO for "good reason" (as defined in the Employment Agreement). Upon such a termination, then, subject to the execution of a general release, each NEO will be entitled to receive (i) a lump sum severance payment in an amount equal to (A) in the case of Messrs. Barnes and Ilany, (I) two times base salary and (II) the average of the annual bonuses paid to the executive with respect to the two calendar years immediately preceding the year that termination occurs, multiplied by one plus a fraction, the numerator of which is the number of full months of employment the executive completed in the year in which termination occurs and the denominator of which is twelve and (B), in the case of Ms. Bell and Messrs. Maultsby and Rifkind, one times base salary and the prior year's annual bonus, provided that in the case of a termination of employment due to an executive's death or disability, any severance pay will be reduced by amounts payable to an executive, or his or her estate, under an employer sponsored plan; (ii) any earned but unpaid annual bonus with respect to any performance period that ends in the calendar year prior to the calendar year in which termination occurs, payable solely in cash; (iii) full vesting with respect to the time-based vesting condition (immediately in the case of death, disability, termination without cause or termination for good reason) of any then outstanding unvested equity awards and awards subject to performance-based vesting conditions remain outstanding for their term and eligible to vest on achievement of the performance requirement; and (iv) payment of the cost of COBRA premiums above the active employee rate through the earlier of 18 months following termination and the date the executive becomes eligible for comparable coverage with a subsequent employer.

We do not have severance arrangements with our NEOs in connection with a change of control. However, upon the occurrence of a change of control, RSU awards granted to the NEOs are accelerated and the time-vesting requirement of the stock options granted to our NEOs is waived (since the stock options have all met their performance requirement, upon a chance of control, they will all become immediately exercisable).

As used in our award agreements, the term "retirement" means the participant is at least 55 years old and satisfies the "Rule of 65" which means that the sum of the Participant's age and years of combined and continuous service with the Company equals at least sixty-five (65). For purposes of determining the Rule of 65, only full years of service with the Company shall count as years of combined and continuous service. Currently, of our NEOs, only Mr. Ilany and Ms. Bell qualify for retirement.

Our Chief Compliance Officer (or such other person) will determine whether the transaction should be submitted to the Audit Committee for consideration. Unless the Audit Committee otherwise determines after having been notified, any proposed transaction directly between the Company and any related party transaction should be reviewed and approved by the Audit Committee prior to the time that such transaction is entered into.

While our Chief Compliance Officer (or other person) should be notified of any related party transaction that is expected to qualify as an ordinary course transaction, ordinary course transactions shall not be related person transactions and do not require Audit Committee approval under our Related Person Transactions Policy. Our Chief Compliance Officer (or such other person) shall be responsible for making the initial determination as to whether any transaction appears to be within the scope required to be disclosed pursuant to Item 404(a) of Regulation S-K or whether such transaction is, in fact, an ordinary course transaction and must take all reasonable steps to ensure that all related party transactions or any series of similar transactions required to be disclosed pursuant to Item 404(a) of Regulation S-K are presented to the Audit Committee for pre-approval or ratification, if required under the Charter of the Audit Committee, at such Committee's next regularly scheduled meeting, or by consent in lieu of a meeting if deemed appropriate.

The Audit Committee shall review and assess the adequacy of our related party transaction policy and procedures annually and adopt any changes it deems necessary. Annually, each of our executive officers and directors shall acknowledge their familiarity and compliance with our Related Person Transaction Policy.

Transactions with Related Persons

Corvid Peak (F/K/A Tricadia)

On February 15, 2019, the Company and Corvid Peak Holdings, L.P., Corvid Peak Capital Management, LLC, Corvid Peak Holdings GP, LLC, Corvid Peak Holdings and Corvid Peak GP Holdings LLC (collectively, "Corvid Peak") entered into a Strategic Combination Agreement and Amended and Restated Transition Services Agreement ("TSA"). Corvid Peak is a related party of the Company because Corvid Peak is deemed to be controlled by Michael Barnes, the Company's Executive Chairman. Tiptree agreed to invest $75 million to seed new investment funds to be managed by Corvid Peak, which amount was invested as of February 2020 in exchange for management control of and a profit participation in Corvid Peak. Beginning in May 2021, Corvid Peak began managing certain investment portfolio accounts of Tiptree's insurance subsidiaries under an investment advisory agreement. We have made payments of approximately $1.98 million in management fees and incentive fees to Corvid Peak for the year ended December 31, 2021 pursuant to these arrangements.

No consideration was paid for the acquisition of control by Tiptree. Tiptree will over time receive a 51% economic interest in certain profit shares interests in Corvid Peak, in increments stepping up by 10.2% each year, beginning in 2021. During the five-year period, beginning on January 1, 2026, Tiptree has the right to acquire the remaining economic interests in Corvid Peak that are held by Mr. Barnes, based upon a fair value-based formula. During the four-year period, beginning on January 1, 2027, Mr. Barnes has the reciprocal right to put his remaining economic interests in Corvid Peak to Tiptree using the same formula. Mr. Barnes has customary minority approval rights over specified actions at Corvid Peak while a Corvid Peak equity owner. Tiptree and Corvid Peak have agreed to provide each other with certain support services on an arms'-length basis, pursuant to the TSA. At the present time, the services consist primarily of Tiptree providing to Corvid Peak office space, legal and compliance services, information technology services, insurance coverage, and certain finance, accounting and tax services. As of December 31, 2021, Tiptree has accrued approximately $22,638 of payments from Corvid Peak under the TSA.

Partner Emeritus Agreement

On December 20, 2019, the Company and Arif Inayatullah, a significant shareholder of the Company, entered into a partner emeritus agreement (the "Emeritus Agreement"). Under the Emeritus Agreement, Mr. Inayatullah agrees to provide advice and other consulting services as requested by the Company's executive committee. For these services, Mr. Inayatullah receives from the Company use of office space, accounting, tax, research and IT support services, one Bloomberg terminal and healthcare and other benefits consistent with that of the Company's employees. Mr. Inayatullah will not receive any cash compensation under the Emeritus Agreement. As of December 31, 2021, Tiptree has accrued approximately $24,634 of expenses attributable to providing such benefits under the Emeritus Agreement.

AUDIT COMMITTEE REPORT

The Audit Committee oversees our financial reporting process on behalf of our Board of Directors, in accordance with the Audit Committee charter. Management has the primary responsibility for the preparation and presentation and integrity of our financial statements and has represented to the Audit Committee that such financial statements were prepared in accordance with generally accepted accounting principles. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the 2021 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

Our Audit Committee reviewed with our independent auditors, who are responsible for auditing our financial statements and for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgment as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee under Public Company Accounting Oversight Board (PCAOB) Auditing Standards. In addition, the Audit Committee has received from our independent auditors written disclosures regarding the auditors' independence required by PCAOB Ethics and Independence Rule 3526, *Communication with Audit Committees Concerning Independence,* and has discussed with the independent auditors, their independence from the Company and its management. In concluding that the independent auditors are independent, the Audit Committee considered, among other factors, whether the non-audit services provided by the independent auditors were compatible with its independence.

Our Audit Committee discussed with our independent auditors the overall scope and plans for their audit. Our Audit Committee met with our independent auditors, with and without management present, to discuss the results of their examinations, and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in the 2021 10-K filed with the SEC.

In addition, the Audit Committee is involved in the selection of the lead audit partner and ensures that the lead partner's engagement is limited to no more than five consecutive years of service (in accordance with SEC rules). In 2022, pursuant to the mandated rotation, a new lead engagement partner assumed responsibilities with respect to the Company's financial statements and other services provided to the Company, and he is eligible to serve in that capacity through the end of the 2026 audit. The prior lead Deloitte partner's engagement began with the 2017 audit, and he served in that capacity through the end of the 2021 audit.

ADDITIONAL INFORMATION

Solicitation of Proxies

We will pay the cost of solicitation of proxies. In addition to the solicitation of proxies by mail, our directors, officers and employees may also solicit proxies personally or by telephone without additional compensation for such activities. We may also request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from such beneficial owners. We will reimburse such holders for their reasonable expenses. We have hired Morrow to help us distribute and solicit proxies. We will pay approximately $2,500 in fees, plus expenses and disbursements, to Morrow for its proxy solicitation services.

Stockholder Proposals

Proposals for Inclusion in the Proxy Statement.

Tiptree welcomes comments or suggestions from its stockholders. Under the Exchange Act, if a stockholder wants to include a proposal for consideration in our proxy statement and on proxy card with respect to our 2023 Annual Meeting of stockholders, the proposal must be received in writing at Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary, no later than 5:00 p.m., Eastern Time, on December 23, 2022. Such proposals must comply with all applicable requirements of Rule 14a-8 promulgated under the Exchange Act ("Rule 14a-8") and our Bylaws.

Proposals to be Offered at an Annual Meeting.

Article II, Section 10 of our Bylaws provides certain procedures that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an annual meeting if such matter is not intended to be considered for inclusion in our proxy statement pursuant to Rule 14a-8. These procedures provide that such nominations for director nominees and/or items of business must be submitted in writing to the Secretary of the Company at Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary and must be received by the Secretary no earlier than November 23, 2022 and no later than 5:00 p.m., Eastern Time, on December 23, 2022.

If the 2023 Annual Meeting is not within 30 days before or after the anniversary of this year's Annual Meeting, we must receive notice no earlier than the 150th day prior to such meeting and not later than 5:00 p.m., Eastern Time, on the later of the 120th day prior to such meeting or the 10th day following the public announcement of the meeting date. If a stockholder does not meet these deadlines, or does not satisfy the requirements of Rule 14a-8, the persons named as proxies will be allowed to use their discretionary voting authority when and if the matter is raised at the Annual Meeting.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be "householding" our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the impacted stockholders. Once you have received notice from your broker that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. Stockholders may revoke their consent at any

time in writing to Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary or by calling our corporate number at (212) 446-1400.

Upon request, we will promptly deliver a separate copy of this proxy statement, the Annual Report and any other proxy materials to any stockholder at a shared address to which a single copy of any of those documents was delivered. Stockholders may request a separate copy of this proxy statement, the Annual Report or any other proxy materials by writing to Tiptree Inc., 299 Park Avenue, 13th Floor, New York, New York 10171, Attn: Secretary or by calling our corporate number at (212) 446-1400. In addition, if you are receiving multiple copies of this proxy statement, Annual Report or other proxy materials, you can request householding by contacting our Secretary in the same manner.

OTHER MATTERS

Our Board of Directors does not know of any matters other than those described in this proxy statement that will be presented for action at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

ANNEX A

Amendment to Tiptree Inc.
2017 Omnibus Incentive Plan

RECITALS

WHEREAS, the Company has previously adopted, and the Company's stockholders have previously approved, the Tiptree Inc. 2017 Omnibus Incentive Plan (as amended from time to time, the "Plan");

WHEREAS, pursuant to Section 12.1 of the Plan, the Board has the authority to amend the Plan to increase the maximum aggregate number of shares of Common Stock available for issuance in satisfaction of Awards thereunder (the "Share Limit"), subject to approval of the Company's stockholders;

WHEREAS, the Board believes it is in the best interests of the Company and its stockholders to amend the Plan to increase the Share Limit under the Plan as set forth herein; and

WHEREAS, this Amendment shall become effective upon the approval of this Amendment by the Company's stockholders (the date of such approval, the "Effective Date").

NOW, THEREFORE, BE IT RESOLVED, that the Plan is hereby amended as follows, effective as of the Effective Date:

AMENDMENT

1. The first sentence of Section 3.1 of the Plan is hereby deleted and replaced in its entirety with the following:

"Number of Shares. (a) Subject to adjustment as provided in Section 12.2, a total of 10,100,000 Shares shall be authorized for issuance in satisfaction of Awards under the Plan."

2. This Amendment shall be and is hereby incorporated into and forms a part of the Plan.

3. Except as expressly provided herein, all terms and conditions of the Plan shall continue in full force and effect.

ANNEX B: NON-GAAP MEASURES

Non-GAAP Financial Measures — Adjusted net income and Adjusted return on average equity

The Company defines Adjusted net income as income before taxes, less provision (benefit) for income taxes, and excluding the after-tax impact of various expenses that we consider to be unique and non-recurring in nature, including merger and acquisition related expenses, stock-based compensation, net realized and unrealized gains (losses) and intangibles amortization associated with purchase accounting. We use adjusted net income as an internal operating performance measure in the management of business as part of our capital allocation process. We believe adjusted net income provides useful supplemental information to investors as it is frequently used by the financial community to analyze financial performance between periods and for comparison among companies. Adjusted net income should not be viewed as a substitute for income before taxes calculated in accordance with GAAP, and other companies may define adjusted net income differently.

We define Adjusted return on average equity as Adjusted net income expressed on an annualized basis as a percentage of average beginning and ending stockholder's equity during the period. We use Adjusted return on average equity as an internal performance measure in the management of our operations because we believe it gives our management and other users of our financial information useful insight into our results of operations and our underlying business performance. Adjusted return on average equity should not be viewed as a substitute for return on average equity calculated in accordance with GAAP, and other companies may define adjusted return on average equity differently.

Non-GAAP Financial Measures — Adjusted EBITDA

The Company defines Adjusted EBITDA as GAAP net income of the Company plus corporate interest expense, plus income taxes, plus depreciation and amortization expense, less the effects of purchase accounting, plus non-cash fair value adjustments, plus significant non-recurring expenses, and plus unrealized gains (losses) on available for sale securities reported in other comprehensive income. Adjusted EBITDA is used to determine incentive compensation for the Company's executive officers. Adjusted EBITDA is not a measurement of financial performance or liquidity under GAAP and should not be considered as an alternative or substitute for GAAP net income.
