Earnings Supplement

October 29, 2020

CAUTIONARY STATEMENT REGARDING FORWARD LOOKING STATEMENTS

This presentation may contain “forward-looking statements” made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Statements regarding ICE’s business that are not historical facts are forward-looking statements that involve risks, uncertainties and assumptions that are difficult to predict. Although we believe the expectations reflected in these forward-looking statements are reasonable, these statements are not guarantees of future results, performance, levels of activity or achievements, and actual results may differ materially from what is expressed or implied in any forward-looking statement. The factors that might affect our performance include, but are not limited to: conditions in global financial markets, the economy and political and social conditions; changes in domestic and foreign laws, regulations, rules or government policy with respect to financial markets, climate change or our businesses generally, including increased regulatory scrutiny or enforcement actions and our ability to comply with these requirements; volatility in our markets; our business environment and industry trends, including our competition; the success of our clearing houses and our ability to minimize the risks associated with operating multiple clearing houses in multiple jurisdictions; the success of our exchanges and their compliance with regulatory and oversight responsibilities; the resilience of our electronic platforms and soundness of our business continuity and disaster recovery plans; changes in renewal rates of subscription-based revenues; our ability to execute our growth strategy, identify and effectively pursue, implement and integrate acquisitions and strategic alliances and realize the synergies and benefits of such transactions; performance and reliability of our trading, clearing and mortgage technologies and the technology of our third party service providers; our ability to keep pace with technological developments and client preferences; our ability to ensure that the technology we utilize is not vulnerable to cyber-attacks, hacking and other cybersecurity risks; our ability to maintain the security and confidential treatment of personal information; our ability to identify trends and adjust our business to respond to such trends; our ability to evolve our benchmarks and indices in a manner that maintains or enhances their reliability and relevance; the accuracy of our estimates and expectations; our belief that cash flows from operations will be sufficient to service our current levels of debt and fund our working capital needs and capital expenditures for the foreseeable future; our ability to secure additional debt; our ability to maintain existing customers and attract new customers; our ability to offer new products and services, leverage our risk management capabilities and enhance our technology in a timely and cost-effective manner; our ability to attract and retain key talent; our ability to protect our intellectual property rights, including the costs associated with such protection, and our ability to operate our business without violating the intellectual property rights of others; potential adverse results of litigation and regulatory actions and proceedings; our ability to realize the expected benefits of our acquisition of Ellie Mae or our investment in Bakkt; and our ability to detect illegal activity through digital currency transactions that are easily exploited. In addition, we have updated our risk factors to include the risk that the COVID-19 pandemic could have an adverse effect on our business, results of operations and financial condition. For a discussion of such risks and uncertainties, which could cause actual results to differ from those contained in the forward-looking statements, see ICE’s Securities and Exchange Commission (SEC) filings, including, but not limited to ICE’s most recent Annual Report on Form 10-K for the year ended December 31, 2019, as filed with the SEC on February 6, 2020 and ICE’s most recent Quarterly Report on Form 10-Q for the quarter ended September 30, 2020, as filed with the SEC on October 29, 2020. These filings are available in the Investors section of our website. We caution you not to place undue reliance on these forward-looking statements. Any forward-looking statement speaks only as of the date on which such statement is made, and we undertake no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statement is made or to reflect the occurrence of an unanticipated event. New factors emerge from time to time, and it is not possible for management to predict all factors that may affect our business and prospects. Further, management cannot assess the impact of each factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

GAAP AND NON-GAAP RESULTS

This presentation includes non-GAAP measures that exclude certain items we do not consider reflective of our cash operations and core business performance. We believe that the presentation of these non-GAAP measures provides investors with greater transparency and supplemental data relating to our financial condition and results of operations. These adjusted non-GAAP measures should be considered in context with our GAAP results. A reconciliation of Adjusted Net Income Attributable to ICE, Adjusted Earnings Per Share, Adjusted Operating Income, Adjusted Operating Margin and Adjusted Operating Expenses to the equivalent GAAP measure and an explanation of why we deem these non-GAAP measures meaningful appears in our Form 10-Q and in the appendix to this presentation. The reconciliation of Adjusted Effective Tax Rate and Adjusted Debt-to-EBITDA to the equivalent GAAP results appear in the appendix to this presentation. Our Form 10-Q, earnings press release and this presentation are available in the Investors and Media section of our website at www.theice.com.

EXPLANATORY NOTES

Throughout this supplement:

- All net revenue figures represent revenues less transaction-based expenses for periods shown.
- All earnings per share figures represent diluted weighted average share count on continuing earnings.
- Net revenues in constant currency (CC) are calculated holding both the pound sterling and euro at the average exchange rate from 3Q19, 1.2330 and 1.1118, respectively, and from YTD 3Q19, 1.2734 and 1.1237, respectively.
- References to Return on Invested Capital, or ROIC, are equal to $\text{TTM (Operating Income} \times (1 - \text{Tax Rate}) \text{))} / (\text{Avg Debt} + \text{Avg Shareholders Equity} + \text{Avg Non-Controlling Interest} - \text{Avg Cash, Cash Equiv, \& ST Investments})$. References to Weighted Average Cost of Capital, or WACC, are equal to $(\text{Cost of Equity} \times \% \text{ of Equity}) + \{(\text{Cost of Debt} \times (1 - \text{Tax Rate})) \times \% \text{ of Debt}\}$.

**Data Services
Annual Subscription Value**

(1) Annual subscription value represents the value of subscriptions under contract for the succeeding 12 months. It does not include new sales, contract terminations or price changes that may occur during that 12 month period or certain data services that are not subscription-based.

(2) See appendix for detailed calculation.

Adjusted figures represent non-GAAP measures. Please refer to slides in the appendix for reconciliations to the equivalent GAAP measures.

DIVERSE ENERGY NETWORK POSITIONED FOR LONG-TERM GROWTH

- YTD Energy revenues +15% y/y
- Liberalization of natural gas and rise of LNG driving demand for ICE TTF & JKM contracts
- Increased demand for environmental products and regulatory emissions programs driving growth across our US & EU environmental complex

Diverse Mix of Energy Revenues... ...Key to Strong & Consistent Growth

Note: Mix of energy revenues based on the nine months ending September 30, 2020; 2015 to 2020 energy revenues are revenues through the first nine months of each period

FACILITATING AN ANALOG TO DIGITAL CONVERSION

- Comprehensive digital solution from lead generation & application through to closing and secondary
 - **Data & analytics are critical** to addressing current workflow inefficiencies

ICE Mortgage Technology Offerings Span the Full Workflow

Note: ICE Mortgage Technology revenues are 2020 revenues pro-forma for Ellie Mae

INVESTMENTS IN DATA & TECHNOLOGY DRIVING GROWTH

- **Data Services is a core competency** that is applied across all ICE asset classes
- Quality data, leading technology & strong sales productivity has driven **43 consecutive quarters of y/y revenue growth**
- Developing new products that leverage current expertise & infrastructure such as: ESG reference data, mortgage data, fixed income indices and analytics

CONSISTENT TRACK RECORD OF GROWTH

YTD Highlights

Record net revenues +10% y/y, CC²
Record adj. op income +11% y/y²
Record adj. EPS +15% y/y
Record capital return, +10% y/y
Completed \$11 billion Ellie acquisition

'06 - '19 Adjusted EPS CAGR of 17%

(1) Adjusted figures represent non-GAAP measures. Please refer to slides in the appendix for reconciliations to the equivalent GAAP measures.

(2) Excludes \$75 million of revenue and \$29 million of adjusted expense related to the acquisition of Ellie Mae

APPENDIX
