Again this year, we are delivering proxy materials for the Annual Meeting under the Securities and Exchange Commission's "Notice and Access" rules. These rules permit us to furnish proxy materials, including the attached Notice of Annual Meeting, Proxy Statement and our 2020 Annual Report, to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. The rules also allow us to help the environment by reducing the consumption of paper, energy and other natural resources and to lower our printing and distribution expenses. Our stockholders will receive a Notice of Internet Availability of Proxy Materials (the "Notice"), which provides instructions on how to access and review all of our proxy materials on the Internet. Our stockholders **will not** receive printed copies unless they request them. The Notice also explains how you may submit your proxy on the Internet.

Whether or not you plan to participate in the virtual meeting, please complete, sign, date and return your proxy card or vote telephonically or electronically using the telephone and Internet voting procedures described on the proxy card at your earliest convenience.

Sincerely,

Corporate Governance Developments and Highlights

The current directors that are nominated for re-election will serve a one-year term expiring at the 2022 Annual Meeting of Stockholders. Our Board of Directors, upon the recommendation of our Nominating & Corporate Governance Committee, has determined that eleven of our twelve director nominees are independent under the listing standards of the New York Stock Exchange LLC (“NYSE”) and the governance guidelines and independence policy adopted by our Board of Directors.

Our Board of Directors continues to be led by Mr. Jeffrey C. Sprecher, who serves as Chairman of our Board of Directors, and Mr. Frederic V. Salerno, who has been elected as lead independent director for 2021. Mr. Salerno has served as the lead independent director of our Board of Directors since 2008. As lead independent director, Mr. Salerno presides at all executive sessions of the non-management directors and helps set the agenda for our Board of Director meetings.

There have been several important developments regarding the composition of our Board of Directors and governance matters.

- The Board of Directors has nominated twelve director nominees. The Board of Directors believes that the twelve director nominees collectively have the expertise and diversity of experience to effectively oversee and guide our business.
- In continuation of its board refreshment efforts, in August 2020, the Board of Directors voted to increase the size of the Board to twelve and added Caroline Silver as a member of the Board. In December 2020, the Board of Directors voted to increase the total directors constituting the Board from twelve to fourteen, and as a result, added Shantella (Shan) Cooper and Mark Mulhern to the Board of Directors. These three new directors enhance the skill sets of the Board by adding merger and acquisition, technology, risk, human resources and financial expertise while also improving our diversity.
- In January 2021, the Board of Directors voted to decrease the size of the Board of Directors to thirteen due to the untimely passing of Jean-Marc Forneri. Mr. Forneri served on the Board of Directors since 2002 and served on the Risk Committee and Nominating & Corporate Governance Committee of the Board of Directors at the time of his passing.
- Hon. Frederick Hatfield, who joined our Board of Directors in 2007, will not be standing for re-election at the Annual Meeting. The Board of Directors thanks Mr. Hatfield for his invaluable service to ICE and its subsidiaries and plans to reduce the board size to twelve directors after the Annual Meeting.
- Our Nominating & Corporate Governance Committee expects to continue its board refreshment efforts. The timing of further board refreshment actions will likely be delayed due in part to the inability of our Board of Directors to meet in person as a result of the coronavirus (COVID-19) pandemic. The Nominating & Corporate Governance Committee believes that it is important for a sufficient number of in-person meetings to occur to help maintain the culture of the Board of Directors and to facilitate the training and education of new members of the Board of Directors. This will also allow for a proper transition of Board leadership duties and committee memberships to remaining board members in the future.

- In the last few years, we added additional skill sets and diversity to our Board of Directors in connection with the following appointments:
 - Thomas Noonan, who joined our Board of Directors in September 2016, brings cybersecurity expertise to our Board of Directors.
 - Duriya Farooqui, who joined our Board of Directors in March 2017, brings experience in public service, international policy and economic development.
 - Sharon Bowen, who joined our Board of Directors in December 2017, brings regulatory, securities and public policy expertise.
 - Caroline Silver, who joined our Board of Directors in August 2020, brings experience in international investment banking, mergers and acquisitions, risk and technology.
 - Shantella Cooper, who joined our Board of Directors in December 2020, brings experience in business operations and transformation, cybersecurity and risk, human resources and economic development.
 - Mark Mulhern, who joined our Board of Directors in December 2020, brings experience in financial leadership, energy and real estate.
- Consistent with our commitment to developing a Board with diverse viewpoints, backgrounds, skills and experiences, since 2017 we have added five female directors to the Board. One of the directors, Ms. Cairns, did not stand for re-election in 2019 due to a business conflict, and we subsequently appointed new female directors to the Board of Directors in August 2020 and December 2020.
- Since the beginning of the COVID-19 pandemic, our directors have overseen the Company's response to COVID-19 and received periodic reports from our senior management team. Our Board of Directors and management team have also successfully on-boarded three new directors during a virtual working environment. In addition to meetings with current directors, the new directors added in 2020 received robust induction meetings from the Company's business leaders and from our legal, finance, investor relations and tax teams.
- Six out of twelve director nominees have a tenure of less than five years; these directors bring fresh perspectives that are balanced by the institutional knowledge of longer-tenured members of our Board.
- From time-to-time, the Nominating & Corporate Governance Committee engages a third-party recruiting firm to help us in our search for diverse board candidates with particular skill sets that we deem important. We used a third-party recruiting firm in the search that identified Ms. Silver in 2020.

Highlights of Our 2020 Performance

ICE continued to deliver strong annual operating results as evidenced by the following 2020 performance highlights:

- Fifteenth consecutive year of record revenues, including record financial results each year as a public company;
- Record 2020 net revenues of \$6.0 billion; 2020 GAAP diluted earnings per share ("EPS") of \$3.77 and 2020 adjusted diluted EPS of \$4.51, up 16% year-over-year;¹
- Returned nearly \$2 billion to stockholders through dividends and share repurchases in 2020, and increased first quarter 2021 quarterly dividend by 10% relative to 2020;
- Expanded our mortgage network with the \$11.4 billion strategic acquisition of Ellie Mae, Inc. ("Ellie Mae") completed in September 2020;
- Three-year total stockholder return ("TSR") of 70% (based on stock price increase from \$70.52 on December 28, 2017 to \$115.29 on December 31, 2020, plus quarterly dividend payments); and
- Expanded and strengthened markets served and range of data and risk management services through organic growth and strategic acquisitions.

¹ Net revenue figures represent total revenues less transaction-based expenses. Adjusted diluted EPS is a non-generally accepted accounting principle ("GAAP") metric. Please refer to the section titled "Non-GAAP Measures" in ICE's Annual Report on Form 10-K filed with the Securities and Exchange Commission (the "SEC") on February 4, 2021 for the equivalent GAAP term and reconciliation to the GAAP term.

Compensation Developments and Highlights

We continue to maintain a well-balanced and performance-based executive compensation program, including:

- More than 87% of named executive officer (“NEO”) targeted compensation delivered through variable, performance-based compensation programs;
- More than 64% of NEO targeted compensation delivered through equity compensation programs;
- Continued emphasis on shifting toward multi-year performance measures within equity compensation programs;
- Annual cash bonus opportunity and performance stock units (“PSUs”) capped at 200% of the established target opportunity;
- Mandatory and competitive stock ownership requirements;
- A robust compensation clawback policy;
- Anti-hedging and anti-pledging policy requirements;
- Change in control protection that requires a “double-trigger” (i.e., there must be a change in control and a termination of the executive’s employment) for payment to be provided; and
- No “golden parachute” excise tax gross-up provisions in employment agreements with our NEOs.

In February 2021, our Compensation Committee approved payouts for our annual bonus and PSU awards. Our annual bonuses for 2020 performance were paid at 103% of target for our NEOs. The performance achievement for the PSUs granted in February 2020 that are subject to a one-year EBITDA² performance measure (the “EBITDA-based PSUs”) was 103.6% of target because our 2020 EBITDA growth exceeded our pre-established targets which resulted in our executives, including our NEOs, earning 127.7% of target shares granted. ICE had historically used a one-year EBITDA performance measure for the PSU plan. Beginning in 2017, we introduced a PSU that is tied to our three-year TSR performance against the S&P 500 (the “TSR-based PSUs”) to introduce a longer-term measure in our performance-based stock awards. The second of such awards vested in February 2021 at 200% of target, given our performance at the 78th percentile of the S&P 500. In 2021, we increased the portion of our NEOs’ long-term incentive compensation delivered in the form of three-year TSR-based PSUs to 40% of the total equity award and decreased the portion delivered in the form of EBITDA-based PSUs to 40% of the total equity award. Each of these items is discussed in more detail below in *Compensation Matters — Compensation Discussion & Analysis*.

We believe that our mix of cash/non-cash and short-term/long-term incentives provides an appropriate balance between our longer-term business objectives and shorter-term retention and competitive needs. We also believe that providing the majority of our NEOs’ compensation in the form of long-term equity awards, when combined with our clawback policy and stock ownership requirements, both of which are described below, has the additional benefit of discouraging employees from taking inappropriate risks.

You should review *Compensation Matters — Compensation Discussion & Analysis* and *Compensation Matters — Executive Compensation* below and the compensation-related tables for a complete understanding of our compensation program, including a detailed review of the philosophy, process, considerations and analysis involved in the determination of compensation granted or paid to our NEOs.

² EBITDA is “earnings before interest and other non-operating income and expense, taxes, depreciation and amortization,” which is a non-GAAP financial measure, and serves as a performance target for ICE. For information on the calculation of EBITDA, please see *Compensation Matters — Compensation Discussion & Analysis — 2020 Executive Compensation — Equity Compensation* below.

CORPORATE GOVERNANCE

PROPOSAL 1 — ELECTION OF DIRECTORS

Board of Directors

Under our current Amended and Restated Certificate of Incorporation and our current Amended and Restated Bylaws, our Board of Directors sets the number of directors who may serve on the Board of Directors through resolutions adopted by a majority of the directors then in office. The size of our Board of Directors is currently set at thirteen directors and presently consists of thirteen directors. We have nominated twelve of our current thirteen directors for re-election at the Annual Meeting of Stockholders and plan to reduce our board size to twelve directors after the Annual Meeting of Stockholders due to Mr. Hatfield not standing for re-election. All of our nominees, if elected, will serve for a one-year term expiring at the 2022 Annual Meeting of Stockholders. Each director will hold office until his or her successor is duly elected and qualified or until the director's earlier resignation or removal.

Each of our directors is elected by majority vote in an uncontested election. A director who fails to receive a majority of "FOR" votes cast by stockholders entitled to vote will be required to tender his or her resignation to our Board of Directors. Our Nominating & Corporate Governance Committee will then act on an expedited basis to determine whether to accept the director's resignation and will submit such recommendation for prompt consideration by our Board of Directors. Our Board of Directors expects the director whose resignation is under consideration to abstain from participating in any decision regarding that resignation. Our Board of Directors and our Nominating & Corporate Governance Committee may consider any factors they deem relevant in deciding whether to accept a director's resignation.

Nominees for Election as Directors at the 2021 Annual Meeting

On the recommendation of the Nominating & Corporate Governance Committee, our Board of Directors has nominated the persons named below for election as directors at the Annual Meeting of Stockholders, each to serve for a one-year term expiring at the 2022 Annual Meeting of Stockholders. All of the nominees currently are members of the Board of Directors. Our Board of Directors, upon the recommendation of our Nominating & Corporate Governance Committee, has determined that each of our non-employee directors is independent in accordance with NYSE listing standards and our Board of Directors Governance Guidelines as described below under *Corporate Governance — Structure and Role of Our Board — Independent Non-Employee Directors*.

Each of the nominees has confirmed that he or she expects to be able to continue to serve as a director until the end of his or her term. If, however, at the time of the Annual Meeting, any of the nominees named below is not available to serve as a director (an event which the Board of Directors does not anticipate), all the proxies granted to vote in favor of such director's election will be voted for the election of such other person or persons, if any, recommended by the Nominating & Corporate Governance Committee and approved by the Board of Directors. Proxies cannot be voted for a greater number of directors than the twelve nominees named in this Proxy Statement. For a discussion of our policy regarding qualification and nomination of director candidates, see *Corporate Governance — Structure and Role of Our Board — Nomination of Directors* below.

Independent Non-Employee Directors

The Intercontinental Exchange, Inc. Board of Directors Governance Guidelines (the "Governance Guidelines") were adopted by our Board of Directors. Our Amended and Restated Bylaws and Governance Guidelines, which are described below, provide that a majority of our directors must be "independent directors" and specify independence standards consistent with NYSE listing standards. Assuming the election of the nominees to the Board of Directors, all of our directors holding office, with the exception of Mr. Sprecher, will be independent directors. Our Board of Directors, upon the recommendation of the Nominating & Corporate Governance Committee, has determined that each non-management director and nominee is independent in accordance with NYSE listing standards, our Amended and Restated Bylaws, our Independence Policy of the Board of Directors of Intercontinental Exchange, Inc. (the "Independence Policy") and our Governance Guidelines, and does not have any relationship that would interfere with the exercise of independent judgment in carrying out his or her responsibilities as a director.

In making their independence determinations, our Board of Directors and the Nominating & Corporate Governance Committee considered transactions, if any, between each non-employee director and ICE and determined that there are no transactions that give rise to any independence issues.

Requirements for Directors

Our Fifth Amended and Restated Certificate of Incorporation provides that no person who is subject to any statutory disqualification (as defined in Section 3(a)(39) of the Exchange Act) may be permitted to serve as a director on our Board of Directors.

Board Evaluations and Succession Planning

Each year, the members of the Board of Directors and each Board committee conduct a confidential oral assessment of their performance with a member of our legal department. As part of the evaluation process, the Board reviews its overall composition, including director tenure, board leadership structure, diversity and individual skill sets, to ensure it serves the best interests of stockholders and positions the company for future success. The results of the oral assessments are then summarized and communicated back to the appropriate chairpersons and our lead independent director. After the evaluations, the Board, committees and management work to improve upon any issues or focus points disclosed during the evaluation process. We believe that conducting these evaluations through a discussion with our Board members leads to more meaningful results that are more likely to result in changes when compared to conducting evaluations through a written process or completion of a questionnaire. As part of the evaluation process, each committee reviews its charter annually.

Our Board is committed to effective board succession planning and refreshment, including having honest and difficult conversations with individual directors as may be deemed necessary. We may have these conversations in connection with ongoing Board self-evaluations, Board refreshment processes, and Nominating & Corporate Governance Committee and Board consideration of the annual slate of Board nominees. As a result of these different processes in the past, directors have decided (for personal or professional reasons) or have been asked (for reasons related to their ongoing contributions to the Board and Company) not to stand for re-election at the next annual meeting of stockholders. It is expected that such refreshment practices will continue in the future.

Nomination of Directors

Our Board of Directors is responsible for approving candidates for board membership and has delegated the screening and recruitment process to the Nominating & Corporate Governance Committee. In furtherance of this process, our Nominating & Corporate Governance Committee and Board of Directors have adopted the Independence Policy and the Nominating & Corporate Governance Committee Charter. The Independence Policy and the Nominating & Corporate Governance Committee Charter do not set specific, minimum qualifications that nominees must meet, but rather specify that each nominee should be evaluated on his or her individual merit taking into account the factors described below.

The Nominating & Corporate Governance Committee seeks to create a Board of Directors that consists of a diverse group of qualified individuals that function effectively as a group. Qualified candidates for director are those who, in the judgment of the Nominating & Corporate Governance Committee, possess strong personal attributes and relevant business experience to assure effective service on our Board of Directors. Personal attributes considered by the Nominating & Corporate Governance Committee when evaluating a board candidate include leadership, integrity, ethics, contributing nature, independence, interpersonal skills and effectiveness. Experience and qualifications considered by the Nominating & Corporate Governance Committee when evaluating a board candidate include financial acumen, general business experience, industry knowledge, diversity, special business experience and expertise in an area relevant to ICE and the interplay of the individual's experience with the experience of other members of the Board of Directors. When the Nominating & Corporate Governance Committee reviews a potential new candidate, the Nominating & Corporate Governance Committee looks specifically at the candidate's qualifications in light of the needs of our Board of Directors and ICE at that time given the then current make-up of our Board of Directors. In the past, the Nominating & Corporate Governance Committee has identified the skill sets needed for new board candidates based on, among other things, the skill set of a departing director, an area of expertise identified through our director evaluation process or expertise needed in connection with the Company's mergers and acquisitions activities.

Diversity is an important factor in our consideration of potential and incumbent directors. Our Nominating & Corporate Governance Committee considers a number of demographics including, but not limited to, race, gender, ethnicity, culture and nationality in seeking to develop a board that, as a whole, reflects diverse viewpoints, backgrounds, skills, experiences and expertise. When the Nominating & Corporate Governance Committee has conducted recent searches for new directors, including through the use of a third-party recruiting firm, it has focused on pools of qualified directors that have also added additional diversity to the ICE Board and subsidiary boards, when the director candidates' skill sets qualify them to also serve on a subsidiary board of directors. The Nominating & Corporate Governance Committee considers the same factors in determining whether to re-nominate an incumbent director. Diversity is also considered as part of the annual Board evaluation.

We believe that ICE benefits from having directors with diverse viewpoints, backgrounds, experiences, skill sets and other demographics. As noted above, one of the factors that the Nominating & Corporate Governance Committee considers in identifying and evaluating a potential nominee is the extent to which the nominee would add to the diversity of our Board, and the Nominating & Corporate Governance

STRUCTURE AND ROLE OF OUR BOARD

Committee assesses the composition of our Board and how a nominee would enhance that diversity. The Nominating & Corporate Governance Committee uses a variety of methods to identify and evaluate nominees for director. The Nominating & Corporate Governance Committee periodically assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are expected. In the event that vacancies are anticipated or otherwise arise, the Nominating & Corporate Governance Committee will seek to identify director candidates, subject to the restrictions described below, based on input provided by a number of sources, including: (i) Nominating & Corporate Governance Committee members; (ii) other directors; (iii) management; and (iv) our stockholders. The Nominating & Corporate Governance Committee also has the authority to consult with or retain advisors or search firms to assist in the identification of qualified director candidates and used a search firm over the last year to assist in the Board's desire to increase diversity on the Board of Directors.

Once director candidates have been identified, the Nominating & Corporate Governance Committee will evaluate each candidate in light of his or her qualifications and credentials, and any additional factors that the Nominating & Corporate Governance Committee deems necessary or appropriate, including those set forth above. Qualified prospective candidates will be interviewed by our Chairman and Chief Executive Officer and at least one member of the Nominating & Corporate Governance Committee. The full Board of Directors will be kept informed of the candidate's progress. Using input from such interviews and other information obtained by it, the Nominating & Corporate Governance Committee will evaluate whether a prospective candidate is qualified to serve as a director and, if so qualified, will seek the approval of the full Board of Directors for the nomination of the candidate or the election of such candidate to fill a vacancy on the Board of Directors.

Existing directors who are being considered for re-nomination will be re-evaluated by the Nominating & Corporate Governance Committee based on each director's satisfaction of the qualifications described above and his or her prior performance as a director. All candidates submitted by stockholders will be evaluated in the same manner as candidates recommended from other sources, provided that the procedures set forth below under *Corporate Governance — Structure and Role of Our Board — Stockholder Recommendations for Director Candidates* have been followed.

Additionally, our Board of Directors shall nominate for election or re-election as directors only candidates who agree to tender, promptly following the annual meeting at which they are elected or re-elected as a director, irrevocable resignations that will be effective upon (i) the failure to receive the required vote at the next annual meeting at which they stand for re-election and (ii) acceptance by our Board of Directors of such resignation. Our Board of Directors shall fill director vacancies and newly created directorships only with candidates who agree to tender promptly following their appointment to the Board of Directors the same form of resignation tendered by other directors in accordance with the Governance Guidelines promulgated by our Board of Directors.

All of the current nominees for directors recommended for election by the stockholders at the 2021 Annual Meeting are current members of the Board of Directors. Based on the Nominating & Corporate Governance Committee's evaluation of each nominee's satisfaction of the qualifications described above and their past performance as directors, the Nominating & Corporate Governance Committee has decided to recommend the nominees for re-election and the Board of Directors has approved such recommendation. For the reasons specified in the profile of each director identified above under *Corporate Governance — Proposal 1 — Election of Directors — Nominees for Election as Directors at the 2021 Annual Meeting*, our Board has concluded that each director nominee should be re-elected to our Board of Directors. The Nominating & Corporate Governance Committee has not received any nominations from stockholders for the 2021 Annual Meeting.

Board Leadership Structure

Our Governance Guidelines provide for (i) the role of the Chairman of the Board and Chief Executive Officer to be combined, (ii) a lead independent director and (iii) strong active independent directors. Under our Amended and Restated Bylaws and Governance Guidelines, the Chairman of the Board, or our lead independent director if the Chairman is unavailable, presides over meetings of the Board of Directors, presides over meetings of stockholders, consults and advises the Board of Directors and its committees on our business and affairs, and performs such other duties as may be assigned by the Board. The Chairman of the Board, in consultation with the lead independent director, establishes the agenda for Board of Director meetings and facilitates constructive and useful communication between management and the Board of Directors. Under our Amended and Restated Bylaws and Governance Guidelines, the lead independent director presides over meetings of the Board of Directors at which the Chairman is not present, including executive sessions of the non-management directors. The lead independent director, in consultation with the Chairman and other Company representatives, reviews and establishes an agenda for Board of Director meetings and, in consultation with the Chairman, facilitates and encourages constructive and useful communication between management and the Board of Directors. We provide agendas to our lead independent director in advance of meetings and solicit input from the lead independent director regarding topics of discussion and agenda items. Our independent directors have elected Mr. Salerno as the lead independent director for 2021, a position he has held since 2008. As lead independent director, Mr. Salerno presides at all executive sessions of the non-management directors.

Our Chief Executive Officer is in charge of our business affairs, subject to the overall direction and supervision of the Board of Directors and its committees and subject to such powers as reserved by the Board of Directors. Mr. Sprecher serves as both Chairman of the Board and Chief Executive Officer, and he is the only member of our management team that serves on the Board of Directors. Our Board of Directors believes that this leadership structure — a combined Chairman of the Board and Chief Executive Officer, a lead independent director, active and strong non-employee directors, and committees led and comprised of independent directors — is the most effective structure for us.

Our Board of Directors believes that the Chief Executive Officer is in the best position to most effectively serve as the Chairman of the Board for many reasons as he is closest to many facets of our business, including his frequent contact with our customers, regulators and stockholders. In addition, his direct involvement in the strategic and day-to-day management of our business ensures timely communication with the Board of Directors on critical business matters, which is important given the complexity and global nature of our business. Further, much of our business is conducted through our operating subsidiaries, which are overseen by their own boards of directors on which Mr. Sprecher or another senior officer serves. Serving in multiple roles allows Mr. Sprecher to be a primary point of contact for these boards of directors and facilitates effective communication regarding our strategic goals, key issues and topics of importance. The Board of Directors believes this structure has functioned well, produced strong financial and operating results, and effectively balances a highly capable management team with appropriate safeguards and oversight by non-employee directors.

Board Oversight of Strategy

Our Board of Directors is responsible for overseeing the Company's strategy, and the Board of Directors has in-depth experience in the area of strategy development and insights into the most important issues facing the Company. Overseeing the strategic course of the Company involves a high level of constructive engagement between management and the Board of Directors. Our entire Board of Directors regularly discusses the key priorities of the Company, taking into consideration and adjusting the Company's long-term strategy with global economic, geopolitical and financial market trends, as well as changes in legislation and regulatory initiatives. Throughout the year and at almost every meeting of the Board of Directors, the Board receives information and updates from management and actively engages with senior leaders with respect to the Company's strategy, including the strategic plans for its products and services, and the competitive environment in our industry. ICE's independent directors also hold executive sessions without Company management present, at which strategic decisions and directions are discussed.

Board Oversight of Risk

Our Board of Directors is responsible for overseeing ICE's risk management process, which includes management of general risks as well as particular risks, such as those relating to cybersecurity, facing our business. The Board of Directors addresses risk management at both the full Board and committee levels. With the assistance of our Audit and Risk Committees, the Board oversees that our assets are properly safeguarded, appropriate financial and other controls are maintained, and our business is conducted prudently and in compliance with applicable laws and regulations and our corporate governance guidelines. The Risk Committee receives presentations on at least a quarterly basis from senior members of the enterprise risk management team and members of senior management on the Company's operational, business and cybersecurity risks and the chairperson of the Risk Committee provides reports to the full Board of Directors following such presentations. In this regard, our Board of Directors seeks to understand and oversee critical business risks and does not view the risks facing our business in isolation. While risks are considered in business decision-making and as part of our overall business strategy, the Board of Directors recognizes that it is neither possible nor prudent to eliminate all business risk. Our Board of Directors believes that purposeful and appropriate risk-taking is essential for our business to be competitive on a global basis, to continue to grow and diversify, and to achieve our overall business objectives.

While the Board of Directors oversees ICE's risk management practices and the performance of the enterprise risk management function, our management team is charged with managing risks. We have adopted internal processes and controls, and have governance committees in place, to identify and manage operational and financial risks, including cybersecurity risks. The Board of Directors, the Audit Committee and the Risk Committee monitor and evaluate the effectiveness of our internal controls and risk management program. Management communicates routinely with the Audit Committee and the Risk Committee on the risks identified and how they are being managed.

Directors may, and often do, communicate directly with senior management on any areas of our business for which they would like additional information.

Board of Directors Governance Guidelines

We have adopted the Governance Guidelines that guide the Board of Directors on matters of corporate governance, including:

- composition of the Board of Directors;
- duties and responsibilities of the Board of Directors and the Lead Independent Director;

STRUCTURE AND ROLE OF OUR BOARD

- committees of the Board of Directors;
- leadership, functioning and evaluation of the Board of Directors;
- director independence, orientation, compensation, education and access to management;
- access to independent advisors by our Board of Directors;
- number of public company boards that our directors can serve on; and
- director compliance with the Global Code of Business Conduct.

The Governance Guidelines also provide that non-management directors meet in executive sessions without the participation of management at all regularly scheduled meetings of the Board of Directors as deemed necessary and at any other time as necessary to fulfill the Board of Directors' responsibilities. In addition, the Governance Guidelines also state that if all non-management directors are not independent directors, then the independent directors will meet at least once annually. Our Governance Guidelines require that our directors limit their other directorships of public companies to five. Further, our Governance Guidelines require that employee directors tender their resignation from the Board of Directors coincident with their termination, resignation or retirement as employees.

A copy of the Governance Guidelines is available on our website at www.ir.theice.com under the links "Governance — Governance Overview — Board of Directors Corporate Governance Guidelines." We will provide a printed copy of the Governance Guidelines to stockholders upon request.

Board Education

For new directors, we provide onboarding materials that are helpful in educating the Board member about our business and operations and our policies and charters. We also have one-on-one meetings with the new director and each of our Chief Financial Officer, a member of the legal department and a member of the compliance team to review information in an informal setting where the director can ask questions in a private session. Our new directors typically serve on the Board for up to six to twelve months before joining any committees of the Board of Directors.

We also conduct at least one annual continuing education session with our full Board of Directors. In recent years, we have had experts present to our Board of Directors on various topics and trends, including a detailed review of ICE's investor relations activities, ICE's ESG initiatives and ESG ratings, the mergers and acquisitions landscape in our industry, our Major Incident Response Plan, use of capital, regulatory changes due to leadership changes and Brexit. We also conduct internal training for our directors with respect to business lines or products that may be new or different or areas of emphasis within our operations. Finally, we conduct cybersecurity training sessions for our Board members at least annually.

Stockholder Engagement

We value the views of our stockholders and other stakeholders, and the input that we receive from them is an important part of our corporate governance practices. Through such engagement, we seek to ensure that we are responsive to the priorities of our stockholders and other stakeholders. Throughout 2020, our Chief Executive Officer, Chief Financial Officer, President and other members of the management team met with a significant number of our stockholders and other stakeholders to discuss our strategy, financial and operating performance, capital allocation, environmental and social initiatives, human capital management, Company culture, corporate governance and executive compensation practices and to solicit feedback on these and a variety of other topics.

Over the past few years, we have proactively reached out to our largest stockholders to hold governance engagement meetings. In 2020, we reached out to stockholders representing about 45% of our outstanding shares and also held meetings with approximately 10 of our largest stockholders to obtain their views on our performance, board composition, board diversity and refreshment, corporate governance practices, executive compensation program and ESG topics. Following these meetings, the Nominating & Corporate Governance Committee and Compensation Committee, as appropriate, were provided with a report on these engagement meetings with our top stockholders and were provided with the opportunity to discuss and ask questions about investor feedback.

Stockholder Recommendations for Director Candidates

The Nominating & Corporate Governance Committee considers nominees recommended by stockholders as candidates for election to the Board of Directors. A stockholder wishing to nominate a candidate for election to the Board of Directors at an annual meeting, other than through proxy access provisions in our Amended and Restated Bylaws, is required to give written notice to our Corporate Secretary of his or her intention to make a nomination. Pursuant to our Amended and Restated Bylaws, the notice of nomination must be received

not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting for the preceding year; provided, however, that if and only if the annual meeting is not scheduled to be held within a period that commences 30 days before and ends 30 days after such anniversary date, the stockholder notice must be given by the later of the close of business on the date 90 days prior to such annual meeting date or the close of business on the tenth day following the date on which the annual meeting is publicly announced or disclosed. Please see *Additional Information — Stockholders' Proposals for 2022 Annual Meeting* below for additional information.

To recommend a nominee, a stockholder should write to the Corporate Secretary, c/o Intercontinental Exchange, Inc., 5660 New Northside Drive, Third Floor, Atlanta, Georgia 30328. Any such recommendation must include:

- a statement in writing setting forth the name of the person or persons to be nominated;
- the number and class of all shares of each class of our stock owned of record and beneficially by each such person, as reported to such stockholder by such person;
- the information regarding each such person required by paragraphs (a), (e) and (f) of Item 401 of Regulation S-K adopted by the SEC, as amended from time to time;
- each such person's signed consent to serve as a director if elected;
- a statement whether such person, if elected, intends to tender promptly following such person's election or re-election, an irrevocable resignation effective upon their failure to receive the required vote for re-election at the next meeting for their re-election;
- such stockholder's name and address;
- in the case of a nominee holder, evidence establishing such nominee holder's indirect ownership of stock and entitlement to vote such stock for the election of directors at the annual meeting; and
- information disclosing all ownership interests in ICE, including derivatives, hedged positions and other economic and voting interests, as specified in items (v) through (xiii) under *Additional Information — Stockholders' Proposals for 2022 Annual Meeting* below.

Qualified stockholders can nominate candidates for election to the Board of Directors if such stockholders comply with the requirements contained in our Amended and Restated Bylaws within the designated time periods. Under the proxy access provisions of our Amended and Restated Bylaws, any stockholder (or group of up to 20 stockholders) owning 3% or more of ICE's Common Stock continuously for at least three years may nominate up to two individuals or 20% of our Board of Directors, whichever is greater, as director candidates for election to the Board of Directors, and require us to include such nominees in our annual meeting proxy statement if the stockholders and nominees satisfy the requirements contained in our Amended and Restated Bylaws. To nominate a nominee pursuant to the Amended and Restated Bylaws, a stockholder or group of stockholders must meet the qualifications required by the Amended and Restated Bylaws and submit to the Corporate Secretary, c/o Intercontinental Exchange, Inc., 5660 New Northside Drive, Third Floor, Atlanta, Georgia 30328:

- a Schedule 14N (or any successor form) relating to the nominee, completed and filed with the SEC by the nominating stockholder, in accordance with the applicable rules;
- a written notice in a form deemed satisfactory by the Board of Directors, of the nomination of such nominee that includes additional information, agreements, representations and warranties as outlined in our Amended and Restated Bylaws;
- an executed agreement, in a form deemed satisfactory by the Board of Directors, pursuant to which the nominating stockholder agrees to certain requirements included in our Amended and Restated Bylaws; and
- an executed agreement, in a form deemed satisfactory by the Board of Directors, by the nominee.

Global Code of Business Conduct and Global Personal Trading Policy

We have adopted the Global Code of Business Conduct, which applies to all of our directors, officers and employees. The Global Code of Business Conduct meets the requirements of a "code of ethics" as defined by Item 406 of Regulation S-K, and applies to our Chief Executive Officer, Chief Financial Officer (who is our Principal Financial Officer) and our Principal Accounting Officer, as well as all other employees, as indicated above. The Global Code of Business Conduct also meets the requirements of a code of conduct under NYSE listing standards. The Global Code of Business Conduct, which includes information regarding our hotline for receiving concerns regarding our financial statements or accounting matters, as well as conflicts of interest and code violations, is available on our website at www.ir.theice.com under the links "*Governance — Governance Overview — Global Code of Business Conduct*." We also disclose amendments to the Global Code of Business Conduct that are required to be disclosed on our website. We will provide a printed copy of the Global Code of Business Conduct to stockholders upon request.

STRUCTURE AND ROLE OF OUR BOARD

In addition, we have trading policies that apply to all employees and directors, which prohibit, among other things, entering into hedging transactions relating to our stock. Specifically, employees and directors are prohibited from (i) engaging in short sales and buying or selling puts or calls or any derivative securities of our stock and (ii) holding our stock in a margin account or pledging our stock as collateral for a loan.

Communications with the Board of Directors

We have established a process for interested parties to communicate with members of the Board of Directors. If you have any concern, question or complaint regarding any accounting, auditing or internal controls matter, or any issues arising under our Global Code of Business Conduct, or other matters that you wish to communicate to our Board of Directors or non-management directors, send these matters in writing to:

Corporate Secretary
Intercontinental Exchange, Inc.
5660 New Northside Drive
Third Floor
Atlanta, GA 30328

You may submit your concern anonymously or confidentially by postal mail. You may also indicate whether you are a stockholder, customer, supplier, or other interested party. Communications are distributed to the Board of Directors, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication. Information about our Board of Directors communications policy can be found on our website at www.ir.theice.com under the links “Governance — Governance Overview — Board Communication Policy.”

Political Contributions

Our policies prohibit the use of corporate funds to make contributions to any candidates, political committees or other entities organized primarily for political activities under section 527 of the Internal Revenue Code or under 501(c)(4) of the Internal Revenue Code, or to any political party that would use the money to support any candidates. Our prohibition on corporate contributions and expenditures extend to the use of Company assets and facilities. Our policies also prohibit direct independent expenditures as defined by the Federal Election Commission (“FEC”). In general, ICE will not offer a candidate the unrestricted use of telephones, office space, staff support, or other Company assets to “facilitate” or support the candidate’s political activities without receiving advance payment from the benefiting campaign. We encourage our employees to participate in the political process as they choose, in the spirit of active citizenship. In doing so, our employees must remain attentive to the rules prohibiting the use of Company resources to support federal candidates and committees. From a governance perspective, our Nominating & Corporate Governance Committee has oversight of our policies on political contributions and any political expenditures by the Company.

We have a political action committee (the “ICE-PAC”) in the U.S., which is supported entirely by voluntary employee and director contributions. The primary purpose of the ICE-PAC is to complement and support the governmental affairs initiatives of ICE. The goal of the ICE-PAC is to support candidates for office who are supportive of programs and legislation of importance and beneficial to ICE. The ICE-PAC will solicit contributions from executives, directors and employees of ICE and their families. An employee, director or their family member must be a U.S. citizen to contribute to the ICE-PAC. Under federal law the maximum contribution that an individual may make to the ICE-PAC is \$5,000 per year. A statement of organization for the ICE-PAC was filed with the FEC in January 2008 and all expenditures of the PAC are publicly available at www.FEC.gov.funds. In January 2021, the Company suspended contributions from the ICE-PAC to conduct a review of the program.

COMPENSATION MATTERS

PROPOSAL 2 — ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act, we are asking stockholders to approve an advisory resolution on ICE's executive compensation as reported in this Proxy Statement. As this is an advisory vote, the result will not be binding, although our Compensation Committee will consider the outcome of the vote when evaluating the effectiveness of our compensation principles and practices.

We urge stockholders to read *Compensation Matters — Compensation Discussion & Analysis* below, which describes how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the *Summary Compensation Table* and related compensation tables and narrative below which provide detailed information on the compensation of our NEOs. Our Board of Directors and our Compensation Committee believe that the policies and procedures articulated in *Compensation Matters — Compensation Discussion & Analysis* are effective in achieving our goals and that the compensation of our NEOs reported in this Proxy Statement has supported and contributed to ICE's success.

We are asking stockholders to approve the following advisory resolution at the 2021 Annual Meeting:

RESOLVED, that the holders of Common Stock approve, on an advisory basis, the compensation of our named executive officers as disclosed in the Proxy Statement pursuant to Item 402 of Regulation S-K, including the "Compensation Discussion & Analysis," the compensation tables and related disclosure.

Directors' Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

COMPENSATION DISCUSSION & ANALYSIS

INTRODUCTION

In this section, we discuss our executive compensation program as it relates to our NEOs:

Name	Position
Jeffrey C. Sprecher	Chairman and Chief Executive Officer
Scott A. Hill	Chief Financial Officer
Benjamin R. Jackson	President, Intercontinental Exchange
David S. Goone	Chief Strategy Officer
Lynn C. Martin	President, Fixed Income & Data Services

We are a provider of marketplace infrastructure, data services and technology solutions to a broad range of customers including financial institutions, corporations and government entities. These products, which span major asset classes including futures, equities, fixed income and U.S. residential mortgages, provide our customers with access to mission critical workflow tools that are designed to increase asset class transparency and workflow efficiency.

- In our Exchanges segment, we operate regulated marketplaces for the listing, trading and clearing of a broad array of derivatives contracts and financial securities.
- In our Fixed Income and Data Services segment, we provide fixed income pricing, reference data, indices and execution services as well as global credit default swap, or CDS, clearing and multi-asset class data delivery solutions.
- In our Mortgage Technology segment, we provide an end-to-end technology platform that offers customers comprehensive, digital workflow tools that aim to address the inefficiencies that exist in the U.S. residential mortgage market.

Our executive compensation philosophy is to link compensation with individual achievement, company performance, and stockholder value creation. This philosophy manifests itself in the following four primary objectives:

- attract, retain and reward executive officers capable of achieving our business objectives;
- offer competitive compensation opportunities that reward individual contribution and company performance;
- align the interests of executive officers and stockholders over the long-term; and
- pay total compensation that is commensurate with the performance achieved and value created for stockholders.

Our executive compensation program offers three distinct direct compensation elements that are consistent with the objectives outlined above:

- **Base salary:** A cash base salary enables us to recruit and retain qualified executives by providing regular, stable compensation for their service during the year. We offer base salaries that are competitive with our peers and commensurate with the industry, the experience of the executive and the scope of the role.
- **Annual bonus:** Our cash bonus plan is designed to reward the achievement of our annual performance targets, which align with our strategic business priorities. These targets are based primarily on objective and quantitative components, but also include qualitative components for measuring both corporate and individual achievement relative to pre-established objectives.
- **Equity compensation:** We use multiple equity vehicles, including stock options and PSUs for our officers, to deliver long-term incentive compensation in a manner that aligns employee interests with the interests of our stockholders, and serves as a retention tool through multi-year vesting schedules.

Financial Performance Highlights

ICE continued to deliver strong annual operating results as evidenced by the following 2020 performance highlights:

- Fifteenth consecutive year of record revenues, including record financial results each year as a public company;
- Record 2020 net revenues of \$6.0 billion; 2020 GAAP diluted earnings per share ("EPS") of \$3.77 and 2020 adjusted diluted EPS of \$4.51, up 16% year-over-year;¹
- Returned nearly \$2 billion to stockholders through dividends and share repurchases in 2020, and increased first quarter 2021 quarterly dividend by 10% relative to 2020;
- Expanded our mortgage network with the \$11.4 billion strategic acquisition of Ellie Mae completed in September 2020;
- Three-year TSR of 70% (based on stock price increase from \$70.52 on December 28, 2017 to \$115.29 on December 31, 2020, plus quarterly dividend payments); and
- Expanded and strengthened markets served and range of data and risk management services through organic growth and strategic acquisitions.

2020 Executive Compensation

2020 Target Direct Compensation

The Compensation Committee, with the help of its independent compensation consultant, reviews the target direct compensation for our NEOs each year. We have historically aimed to set targets for each element of total direct compensation between the median and 75th percentile of our peer group, depending upon factors including the NEO's experience in his or her respective position, individual performance and impact on the organization, company performance, retention objectives and internal pay equity considerations. The Compensation Committee considers each NEO's total compensation package when making changes to the individual elements that comprise the NEO's compensation. For example, if the Compensation Committee makes a change to an officer's base salary, the Compensation Committee reviews the change in light of the other elements of compensation, including the annual bonus and equity compensation.

¹ Net revenue figures represent total revenues less transaction-based expenses. Adjusted diluted EPS is a non-GAAP metric. Please refer to the section titled "Non-GAAP Measures" in ICE's 2020 Annual Report on Form 10-K filed with the SEC on February 4, 2021 for the equivalent GAAP term and reconciliation to the GAAP term.

COMPENSATION DISCUSSION & ANALYSIS

For 2020, target compensation levels for each of our NEOs were informed by reviews completed in 2019 and 2020. Based on those reviews, the Compensation Committee made changes to base salaries and target equity incentives for Mr. Jackson and Ms. Martin in connection with the expansion in scope of their roles. The table below sets forth the target direct compensation for our NEOs and its positioning relative to peers.

Name and Position	Base Salary as of June 1, 2020 (\$)(1)	2020 Target Annual Bonus (% of Base Salary)(2)	Target Equity Compensation (\$)(3)	Target Total Direct Compensation	
				(\$)	Positioning Relative to Peers (Percentile)
Jeffrey C. Sprecher Chairman and Chief Executive Officer	\$1,050,000	250%	\$10,750,000	\$14,425,000	50 th
Scott A. Hill Chief Financial Officer	\$725,000	175%	\$3,350,000	\$5,343,750	50 th to 75 th
Benjamin R. Jackson President, Intercontinental Exchange	\$725,000	200%	\$3,750,000	\$5,925,000	50 th to 75 th
David S. Goone Chief Strategy Officer	\$675,000	175%	\$2,750,000	\$4,606,250	50 th to 75 th
Lynn C. Martin President, Fixed Income & Data Services	\$700,000	150%	\$2,750,000	\$4,500,000	50 th to 75 th

- (1) For Messrs. Sprecher, Hill and Goone, the Compensation Committee determined that no adjustments would be made to base salary. The Committee increased Mr. Jackson's salary from \$675,000 to \$725,000 and Ms. Martin's salary from \$675,000 to \$700,000, both in connection with growth in the scope of their roles.
- (2) For Messrs. Sprecher, Hill and Goone, the Compensation Committee determined that there would be no changes to target annual bonus amounts for 2020. For Mr. Jackson, the committee increased his target from 175% to 200% of base salary and for Ms. Martin, the Committee increased her bonus target from 125% to 150% of salary, both in connection with growth in the scope of their roles.
- (3) For Messrs. Sprecher, Hill and Goone, the Compensation Committee determine there would be no changes to target equity compensation. For Mr. Jackson the Committee increased his target equity compensation from \$2,750,000 to \$3,750,000 and for Ms. Martin the Committee increased her target equity compensation from \$2,000,000 to \$2,750,000, both in connection with growth in the scope of their roles. Those changes were effective with the February 2021 annual grant.

Annual Bonus

Our NEOs participate in our stockholder approved Executive Bonus Plan. Annual bonuses are earned between 0% and 200% of target based on performance measures established at the beginning of each year. Any potential payments are limited according to the terms of the Executive Bonus Plan. Furthermore, the impact of mid-year merger and acquisition activity is excluded from results and cannot be used to meet quantitative financial performance targets established at the beginning of the year.

At the beginning of each year, the Compensation Committee and, as it relates to financial and strategic metrics, the Board of Directors approves company and individual goals for the year. From these goals, management business objectives (“MBOs”) are established that serve as the performance measures for the annual bonus. At the end of each year, the Compensation Committee evaluates the Executive Bonus Plan funding and awards annual bonus payments to the NEOs based on company and individual achievement of the pre-established MBOs. The Compensation Committee also determines the overall bonus pool available for our broad-based employee annual bonus plan, based on the same MBO achievement criteria.

MBOs for our executive officers, including our NEOs, are made up of financial measures (90%) and non-financial measures (10%). For purposes of 2020 annual bonuses, the financial measures consisted of revenue performance (weighted 30% of the total annual bonus) and adjusted net income performance (weighted 60% of the total annual bonus). The Compensation Committee and management believe that revenue is the right measure for annual performance given our focus on growth. Adjusted net income, which is weighted more heavily, was chosen as it is tied to our overall profitability. The non-financial performance measures included items such as product launches, strategic management of M&A activity, key technology initiatives, and leadership development. Determining achievement of the non-financial measures involves a subjective assessment of corporate and individual performance by the Compensation Committee. The Compensation Committee believes that it is appropriate to use some subjective assessments (within the context of the objective EBITDA-based funding formula and maximum bonus amounts) as part of the annual bonus determination in light of ICE’s growth, its rapidly evolving industry, the existence of few direct peer companies and the challenges inherent in establishing objective and strictly budget-based goals in a dynamic environment.

The Compensation Committee strives to set the performance targets for the annual bonus plan at levels that are challenging but achievable and incorporates a significant degree of “stretch” to encourage and reward outstanding corporate performance. The payouts are leveraged to provide higher payments in years of exceptional performance and lower payments in years where performance is below the target level. For 2020 our target goals for revenue and adjusted net income represented an approximately 6% and 5% increase, respectively, over 2019 actual results, which the Compensation Committee believes were properly challenging given the economic and competitive conditions facing ICE.

COMPENSATION DISCUSSION & ANALYSIS

In December 2020 and February 2021, the Compensation Committee reviewed ICE's performance and determined that the 2020 financial performance MBOs were achieved as follows:

Financial Metric	2020 Goal	2020 Actual*	2020 Actual Compared to 2020 Goal
Net Revenues (weighted 30%)	\$5,505 Million	\$5,685 Million	103%
Adj. Consolidated Net Income Attributable to ICE (weighted 60%)	\$2,307 Million	\$2,341 Million	102%

* The 2020 actual adjusted consolidated net income attributable to ICE is equal to the adjusted consolidated net income attributable to ICE, excluding the results of Ellie Mae, included in ICE's most recent Annual Report on Form 10-K for the year ended December 31, 2020, as filed with the SEC on February 4, 2021.

The above weighted financial performance achievement yields achievement of approximately 103% of the 2020 financial performance MBOs, which accounts for 90% of the overall annual bonus determination.

In determining achievement of the 2020 non-financial performance MBOs, the Compensation Committee considered the following individual contributions:

- Mr. Sprecher: leadership on continued growth and development of data services business; expansion of offerings with continued investment in ICE Mortgage Technology business through acquisition of Ellie Mae and integration of Ellie Mae, MERS and Simplifile to ICE Mortgage Technology segment; strategic foresight and market leadership; significant work with global regulators, lawmakers and investors; leadership on digital asset matters, including the Bakkt merger with VPC Impact Acquisition Holdings; and leadership on human capital management matters including talent assessment, leadership development, succession planning and diversity initiatives.
- Mr. Hill: leadership in reorganizing the business, budgeting, forecasting and scenario planning processes, as well as risk assessments; leadership on enterprise risk management framework and continued strengthening of overall controls posture and performance; significant work with institutional investors, rating agencies and analysts; meaningful progress on key sustainability issues that impact our stakeholders, and leadership on human capital management matters including employee engagement, succession planning and diversity initiatives.
- Mr. Jackson: leadership in advancing the Company's mortgage technology offering, including the acquisition of Ellie Mae and integration of Simplifile, MERS and Ellie Mae to form ICE Mortgage Technology; leadership across ICE's global futures businesses, including the continued development of ICE Futures Abu Dhabi. System reliability, performance and scale enhancements across all of ICE's technology platforms; leadership on enterprise risk management framework; continued leadership in the identification and mitigation of key risks and uncertainties related to projects and daily operations; leadership on the continued development and execution of the Company's cybersecurity strategy; and significant work with investors.
- Mr. Goone: strategic oversight and board leadership for key investments and relationships (e.g., The Depository Trust & Clearing Corporation and The Options Clearing Corporation), continued leadership on product development and market structure matters; and leadership on ICE Benchmark Administration's continued evolution and growth, including in reference rates SONIA and SOFR.
- Ms. Martin: leadership in integrating fixed income with data services into a new segment; compounding growth across data services business lines, including Pricing & Analytics and Desktops & Connectivity; significant work with investors.

Based on these factors and accomplishments, the Compensation Committee determined that the NEOs achieved their 2020 non-financial performance MBOs, which accounts for 10% of the overall annual bonus determination, at target (100%). Upon evaluating both the financial and non-financial performance, the Compensation Committee determined the final overall 2020 annual bonus achievement to be 103% of target.

Based on the performance and considerations described above, the following annual bonus awards for fiscal year 2020 were approved by the Compensation Committee:

Name and Position	2020 Annual Bonus
Jeffrey C. Sprecher Chairman and Chief Executive Officer	\$2,703,750 (103% of target)
Scott A. Hill Chief Financial Officer	\$1,306,813 (103% of target)
Benjamin R. Jackson President, Intercontinental Exchange	\$1,493,500 (103% of target)
David S. Goone Chief Strategy Officer	\$1,216,688 (103% of target)
Lynn C. Martin President, Fixed Income & Data Services	\$1,081,500 (103% of target)

All annual bonus awards for the NEOs were paid in cash in February 2021 and are included in the “Non-Equity Incentive Plan Compensation” column in the *Summary Compensation Table*.

As noted above, the Compensation Committee seeks to set annual bonus performance targets at levels that incorporate a significant degree of “stretch”. Based on our history of achievement under the annual bonus plan, we believe that we have succeeded in setting targets that represent stretch but achievable goals. As illustrated by the below chart, we have performed close to the target level in each of the last five years notwithstanding the fact that we experienced a significant amount of growth during the five-year period, which further illustrates the stretch built into each year’s target goals.

Overall Bonus Achievement Versus Goal as a % of Target				
2020	2019	2018	2017	2016
103%	98%	102%	100%	100%

2021 Annual Bonus Award Structure

For purposes of the 2021 Annual Incentive Plan, the Company will utilize the same financial measures and weightings as used in 2020. With regard to specific performance goals for 2021, we note that because the Company does not provide detailed revenue or earnings guidance, the specific 2021 financial goals are not detailed in this filing. We will publish the 2021 targets and the corresponding achievement in our 2022 Proxy Statement filing. Please refer to our Investor Relations website at www.ir.theice.com for publicly available information related to our financial performance.

Equity Compensation

The Compensation Committee believes that equity awards are an effective vehicle to align the interests of executive officers with those of our stockholders, serve as a retention tool through multi-year vesting schedules and discourage employees from taking inappropriate business risks. ICE is sensitive to the concerns of its stockholders regarding the potential dilutive impact of equity awards, and also takes into account the relevant accounting and tax impact of all potential forms of equity awards in designing its grants. Additionally, when determining the form in which to deliver equity compensation, the Compensation Committee seeks to maintain a focus on both growth and financial performance.

COMPENSATION DISCUSSION & ANALYSIS

For purposes of the 2020 equity award, the Compensation Committee determined it was appropriate to continue to award equity compensation in the form of EBITDA-based PSUs, TSR-based PSUs and stock options. The portion of the award delivered by 3-year cliff vesting TSR-PSUs was 30% of the total award, the portion of the award delivered via EBITDA-PSUs was 50% of the total award and the remaining 20% of the award was delivered in the form of stock options.

Stock Options

We chose stock options as a means of linking a portion of the long-term incentive (LTI) awards for our most senior executives directly to our Company's stock price growth and performance. For the 2020 award, the Compensation Committee determined the options would vest ratably over a period of three years following the grant date. The Compensation Committee believes the use of stock options is appropriate given the Company's continued positioning as a growth company.

TSR-based PSUs

We introduced TSR-based PSUs in 2017 as a means of creating an even greater link between long-term stockholder value creation and executive rewards, granting 20% of LTI to our NEOs through this vehicle in both 2017 and 2018. In 2019, we increased the weighting of TSR-based PSUs to 30% (from 20%), and decreased the weighting of EBITDA-based PSUs to 50% (from 60%), of each NEOs target annual award value to place additional emphasis on multi-year performance and maintained that weighting for delivery of 2020 awards. As illustrated below, the number of shares ultimately earned under these PSUs will vary based on the Company's cumulative TSR performance over the three-year period relative to that of the S&P 500.

	Threshold Performance	Target Performance	Maximum Performance
Company 3-Year TSR relative to S&P 500 3-Year TSR	25 th percentile	50 th percentile	75 th percentile
PSUs earned (as % of target)	50%	100%	200%

The 2020 TSR-based PSU awards will cliff vest in February 2023 upon the Compensation Committee's determination of performance achievement. For TSR-PSU grants for which the performance period has completed, results are noted below.

	2018 award	2017 award
Performance Period	1/1/2018 - 12/31/2020	1/1/2017 - 12/31/2019
Company Actual 3-Year TSR relative to S&P 500 3-Year TSR	78 th percentile	69 th percentile
PSUs earned (as % of target)	200.0%	175.2%

EBITDA-based PSUs

We chose EBITDA-based PSUs as a means of rewarding senior executives for delivering on important pre-established financial performance goals. The Compensation Committee continues to believe that EBITDA is a very strong indicator of Company performance

and stockholder value and is the most prominent measure evaluated when determining the financial impact of actual and potential acquisitions. The Compensation Committee determined that a one-year performance period was appropriate again in 2020 for this portion of the long-term incentive awards because of the Company's continued growth trajectory due, in part, to our acquisitive nature. The Compensation Committee determined that as a growth company that is continually developing new products and services and entering new markets, the one-year measure provides the Compensation Committee the opportunity to reset targeted EBITDA performance each year to account for the impact and financial expectations of new products, services, markets and acquisitions. Because EBITDA has been utilized as a consistent measure for these types of awards, the Compensation Committee has the opportunity to ensure the year-over-year targets have a sufficient degree of "stretch".

The EBITDA-based PSUs were subject to ICE's 2020 EBITDA performance as well as a stock market condition that could have reduced the number of shares that were earned above target based on ICE's 2020 TSR as compared to the S&P 500 index. The number of shares that could have been earned based on ICE's 2020 EBITDA performance ranged from zero for performance below the threshold performance, 50% of the target award for performance at the threshold (85% of the EBITDA goal), 100% of the target award for performance at the target (100% of the EBITDA goal) and 200% of the target award for performance at the maximum (113% of the EBITDA goal) performance level. EBITDA results excluded the impact of mid-year M&A activity, which could not be used to meet EBITDA performance targets. In the event ICE achieved above-target EBITDA performance, the stock market condition would have reduced the number of shares earned above target by 10 percentage points if ICE's 2020 TSR was below the S&P 500 index's 2020 TSR by 10% or less, or reduced such shares by 20 percentage points if ICE's 2020 TSR was below the S&P 500 index's 2020 TSR by more than 10%. The table below illustrates the number of PSUs earned based on EBITDA performance and the impact of the stock market condition. Earned awards vest in three equal annual installments beginning in February 2021.

		Threshold Performance (85% of goal)	Target Performance (100% of goal)	Maximum Performance (113% of goal)
2020 Consolidated EBITDA		\$3,008 Million	\$3,539 Million	\$3,999 Million
PSUs earned (as % of target)	Greater than or equal to S&P 500 Index 2020 TSR	50%	100%	200%
	Below S&P 500 Index 2020 TSR by 10% or less			190%
	Below S&P 500 Index 2020 TSR by greater than 10%			180%

The following equity awards were granted to the NEOs on February 7, 2020:

Name and Position	Stock Options* (#)	TSR-Based PSUs (# at target)	EBITDA-Based PSUs (# at target)
Jeffrey C. Sprecher Chairman and Chief Executive Officer	129,105	34,815	58,026
Scott A. Hill Chief Financial Officer	40,232	10,849	18,082
Benjamin R. Jackson President, Intercontinental Exchange	33,026	8,906	14,844
David S. Goone Chief Strategy Officer	33,026	8,906	14,844
Lynn C. Martin President, Fixed Income & Data Services	24,019	6,477	10,795

* The stock options were granted with a strike price of \$92.63, which was the closing price of our Common Stock on the grant date, February 7, 2020.

At a meeting in early February 2021, the Compensation Committee determined that ICE's EBITDA performance for 2020 was approximately 103.6% of target, as illustrated below.

Financial Metric	2020 Goal	2020 Actual*	2020 Actual Compared to 2020 Goal
Consolidated EBITDA	\$3,539 Million	\$3,668 Million	103.6%

* The 2020 actual consolidated EBITDA is equal to earnings before interest, taxes, depreciation, and amortization adjusted for the non-GAAP measures described in ICE's Annual Report on Form 10-K for the fiscal year ended December 31, 2020, as filed with the SEC on February 4, 2021, excluding the results of Ellie Mae.

COMPENSATION DISCUSSION & ANALYSIS

Because ICE's 2020 EBITDA performance was above target, the award would be subject to a haircut were ICE's 2020 TSR below that of the S&P 500. ICE's TSR performance was above that of the S&P 500, accordingly, each NEO earned 127.7% of EBITDA-based PSUs set forth in the table above. The first tranche (1/3) of shares earned pursuant to 2020 EBITDA-based PSUs vested on February 16, 2021. Subject to continued employment, the second and third tranches of shares earned are scheduled to vest in equal portions in February 2022 and February 2023. We do not pay any dividends or dividend equivalents on unearned PSUs.

As with the annual bonus, the Compensation Committee seeks to set equity compensation performance goals at levels that incorporate a significant degree of "stretch". Based on our history of achievement with respect to EBITDA-based PSUs, we believe that we have succeeded in setting targets that challenge our NEOs, and reward exceptional performance. As illustrated by the below chart, we have performed close to the target level in each of the last five years notwithstanding the fact that we experienced a significant amount of growth during the five-year period, which further illustrates the "stretch" built into each year's target goals.

	2020	2019	2018	2017	2016
Overall EBITDA Achievement as a % of Target	103.6%	98.2%	101.6%	100.0%	101.5%
TSR Adjustment (if EBITDA Performance is Above Target)	None (ICE TSR Exceeded S&P 500 TSR)	Not Applicable	None (ICE TSR Exceeded S&P 500 TSR)	Not Applicable	None (ICE TSR Exceeded S&P 500 TSR)
Resulting % of Target Shares Earned	127.7%	94.0%	112.3%	100.0%	111.5%

Equity awards for all officers are approved by the Compensation Committee. ICE management is not authorized to approve equity awards for officer-level employees and does not have the discretion or authority to govern the timing of equity awards. In 2020, no equity awards for officers were approved outside of a Compensation Committee meeting. ICE uses the closing price of its Common Stock on the NYSE on the grant date for purposes of establishing the strike price of stock options and for accounting purposes of other equity awards. ICE has not issued stock options with an exercise price below the fair market value of its Common Stock on the grant date.

2021 Equity Award Structure

As noted above, beginning in 2017, the Company introduced the TSR-based PSU award as 20% of that year's overall equity award, and reduced the portion delivered by the EBITDA-based PSU award (with its one-year performance period), in order to introduce a longer performance period to the Company's equity awards. The same mix was utilized for the 2018 equity award.

In 2019, the portion of the award delivered via TSR-based PSUs was increased to 30% and the use of EBITDA-based PSUs was decreased again. The same mix was utilized for the 2020 equity award.

In 2021, the Compensation Committee determined it would be appropriate to continue to increase the emphasis on a multi-year performance measure by increasing the weighting of the TSR-based PSU award to 40% of the total equity award, and to reduce the use of EBITDA-based PSUs again such that our overall equity award granted to our NEOs in early February 2021 was 40% TSR-based PSUs, 40% EBITDA-based PSUs and 20% through stock options.

With regard to the specific performance goals for purposes of the 2021 EBITDA-based PSU award, we note that because the Company does not provide detailed revenue or earnings guidance, the specific 2021 EBITDA goal is not detailed in this filing. As we have done in this filing with respect to the 2020 award, we will publish the 2021 EBITDA target for our 2021 PSU awards and the corresponding achievement in our 2022 Proxy Statement filing.

Other Compensation and Benefits

Perquisites

ICE provides medical insurance, life and disability insurance and other benefits to executives that are generally available to other employees. For certain grandfathered U.S. executive officers, including Messrs. Sprecher, Hill, Jackson and Goone, ICE provides an enhanced term life insurance benefit (calculated at five times salary less \$100,000) and a supplemental disability insurance benefit that is designed to approximate the total benefit level (60% of eligible compensation) that cannot be provided pursuant to the limits in our group disability plans (\$10,000 per month). Our contributions to these benefits programs are included in the *2020 All Other Compensation* section of the *Summary Compensation Table* below.

Our Compensation Committee has approved a Corporate Aircraft Policy, as modified in February 2019, which, among other things, includes the authorization of up to \$75,000 of incremental cost per year to ICE for personal use of company-owned or leased aircraft by

Mr. Sprecher and \$50,000 by Messrs. Hill, Goone, Jackson and Ms. Martin. In 2020, Mr. Sprecher did have personal use of the aircraft and reimbursed the Company for the full value of this usage as permitted by the Corporate Aircraft Policy. The amount reimbursed by Mr. Sprecher equaled the incremental costs to the Company for such flights as computed from data from an independent third-party. Mr. Goone did not use any of the amount allocated to him under the Corporate Aircraft Policy. Ms. Martin is newly eligible under the policy, which covers our NEO's, in 2021. Mr. Hill had \$50,000 and Mr. Jackson had \$46,966 of unreimbursed cost for personal use of company-owned aircraft, which is reported in the *2020 Summary Compensation Table* and the *2020 All Other Compensation Table*.

There were no other perquisites provided to any of our executive officers in 2020 that would require disclosure in the *Summary Compensation Table*.

Retirement Plans

We provide retirement benefits to U.S. corporate officers through a 401(k) retirement plan on the same terms and conditions as those offered to all ICE employees. Generally, in 2020, we provided an immediately vested matching contribution of 100% of the first 6% of employee deferrals of eligible compensation to all participants in the plan, subject to Internal Revenue Service limits (\$280,000 per individual in 2019). We do not offer an active defined benefit pension plan or any other form of active supplemental executive retirement plan.

2020 "Say-on-Pay" Vote Result and Stockholder Engagement

At our 2020 Annual Meeting of Stockholders held on May 15, 2020, approximately 92% of stockholders voted to approve the non-binding advisory vote on executive compensation. In addition to seeking stockholder feedback through our "say-on-pay" votes, we held meetings with some of our largest stockholders to obtain their views on our executive compensation program and governance matters as described above under *Structure and Role of Our Board -- Stockholder Engagement*. The Compensation Committee will continue to review our executive compensation program as well as consider stockholder input and consider the outcome of our "say-on-pay" votes when making future compensation decisions for our NEOs.

Compensation Practices

We do not maintain formal targets for the allocation of total compensation through each compensation element. We do strive to maintain a low fixed-cost compensation structure (*i.e.*, base salary, benefits and perquisites) and to deliver the majority of value through variable pay elements (*i.e.*, annual bonus and performance-based equity compensation). We have maintained this "pay for performance" orientation since our founding and believe it is an important element of our entrepreneurial culture.

Based on a review by Compensation Advisory Partners, the Compensation Committee's independent compensation consultant, our mix of compensation continues to emphasize variable incentive compensation, rather than fixed compensation, to a degree that is consistent with our peers. This focus on variable incentive compensation is consistent with the Compensation Committee's emphasis on performance-based awards for officers and our compensation philosophy.

We believe that our mix of cash/non-cash and short-term/long-term incentives provides an appropriate balance between our longer-term business objectives and shorter-term retention and competitive needs. We also believe that providing the majority of our NEOs' compensation in the form of long-term incentive awards, when combined with our clawback policy and stock ownership requirements, each discussed below, has the additional benefit of discouraging employees from taking inappropriate risks.

Compensation Committee Role

Our Compensation Committee is responsible for designing, administering and implementing our executive compensation programs. The Compensation Committee is composed of four directors and each of the four directors is a "non-employee director," as defined in Rule 16b-3 promulgated under the Exchange Act, and an "outside director," as defined pursuant to Section 162(m) of the Code. The Compensation Committee determines the type and level of compensation for executive officers (generally defined as Section 16 officers under the Exchange Act, but the Compensation Committee has historically included all corporate officers under this definition), reviews the performance of the Chief Executive Officer, and oversees the administration of ICE's Executive Bonus Plan, ICE's broad-based employee annual bonus plan and all of ICE's equity compensation plans. The Compensation Committee Charter, which is periodically reviewed and revised by the Compensation Committee and the Board of Directors, outlines the specific responsibilities of the Compensation Committee.

Our Annual Review Process

The Compensation Committee reviews our executive compensation programs and practices each year with the help of its independent compensation consultant, Compensation Advisory Partners. Reviews were completed in both 2019 and 2020 that informed decision-making for 2020 compensation levels. Generally, the 2019 review informed decision-making regarding the target value for 2020 equity

COMPENSATION DISCUSSION & ANALYSIS

awards granted in February 2020, and the 2020 review informed decision making regarding 2020 salary adjustments as well as target 2020 annual incentive opportunities. The next review will be completed in 2021.

In setting target direct compensation levels for each NEO, the Compensation Committee reviews an analysis of individual compensation levels prepared by Compensation Advisory Partners that reports compensation paid to the NEO and compares base salary, total cash compensation (base salary plus annual bonus) and total direct compensation (total cash compensation plus equity compensation) against relevant market data, including peer group data.

For Mr. Sprecher, our Chief Executive Officer, the Compensation Committee determines individual performance and conducts an annual review of his salary, bonuses and equity awards. For other NEOs, Mr. Sprecher provides input to the Compensation Committee regarding his views on the performance of these other officers during the Compensation Committee's annual review of salary, bonuses and equity awards.

In addition to examining market data on individual positions, the Compensation Committee also focuses on the "total cost of management," which is an aggregation of total direct annual compensation for the NEOs, excluding any special one-time awards. Based on the analysis prepared in 2020 by Compensation Advisory Partners, our "total cost of management" is between median and the 75th percentile of the peer group.

Role of Compensation Consultant

During 2020, the Compensation Committee retained Compensation Advisory Partners, to advise the Compensation Committee on executive compensation matters. The information provided by Compensation Advisory Partners in 2020 included: competitive salary, bonus and equity data for certain positions within ICE and a benchmarking analysis against our peers. In addition, Compensation Advisory Partners helped analyze our bonus and equity programs, provided advice regarding the selection of our peer group, provided updates to the Compensation Committee on trends and regulatory developments, analyzed director compensation and assisted in the review of our compensation plans to determine if the arrangements incited inappropriate risk taking.

The NEOs have not participated in the selection of Compensation Advisory Partners or any other compensation consultant in connection with advice regarding executive and director compensation matters. A representative from the compensation consultant attends most Compensation Committee meetings and is available between meetings as a resource for the Compensation Committee and management. The Compensation Committee determines in its sole discretion which compensation consultant to retain for various services, and the consultant reports directly to the Compensation Committee. Use of a particular consulting firm by the Compensation Committee does not preclude management from hiring the same consulting firm. In 2020, Compensation Advisory Partners did not provide any other services to ICE. In compliance with the SEC and NYSE requirements regarding the independence of compensation consultants, Compensation Advisory Partners provided the Compensation Committee with a letter addressing each of the six independence factors. The Compensation Committee concluded that their responses affirm the independence of the firm and its partners, consultants, and employees who service the Compensation Committee on executive compensation matters and governance issues.

Compensation Peer Group

The Compensation Committee utilizes a peer group to assess ICE's executive compensation program. ICE's peer group includes comparable financial exchanges, financial services data providers, technology companies and other related companies based on metrics such as revenue and market capitalization. The peer group is reviewed annually by the Compensation Committee, with assistance and recommendations from its independent compensation consultant, and adjustments are made that may be deemed appropriate. The Compensation Committee reviews annually the executive pay practices of these peer companies as reported in industry surveys, public filings and reports from compensation consulting firms. This information is considered when making recommendations for ICE's compensation programs and practices.

The 2020 peer group was substantially similar to the 2019 peer group, with the following changes:

- Visa was removed from the peer group due to its size
- Global Payments was added to the peer group as it competes with ICE for talent given its industry focus and location
- MSCI was added to the peer group because of its industry relevance

The 2020 peer group consists of the following companies:

CME Group, Inc.	IHS Markit	Northern Trust Corp.
Deutsche Börse AG	London Stock Exchange	S&P Global Inc.
Fidelity National Information Services Inc.	Mastercard, Inc.	Salesforce.com Inc.
Fiserv Inc.	Moody's Corp.	State Street Corp.
Hong Kong Exchanges and Clearing Limited	MSCI Inc.	TD Ameritrade Holding Corp.
Global Payments Inc.	Nasdaq Inc.	

Risk Assessment with Respect to Compensation

The Compensation Committee, with the assistance of its independent compensation consultant and management, has completed a review of compensation policies and programs, including those not applicable to NEOs, and does not believe there are circumstances where the risks arising from these policies or programs are reasonably likely to have a material adverse effect on ICE. The review examined the balance of fixed and variable elements of compensation, mix of cash and non-cash components and focus on both annual and longer-term operational and financial performance alignment with stockholder interests. Moreover, our compensation program is designed with certain structural features that align our NEOs' financial incentives with those of our stockholders and mitigate inappropriate risk-taking by our executives, including our NEOs, such as a clawback policy, stock ownership requirements, and a total compensation mix weighted in favor of long-term, equity-based awards. The Compensation Committee continues to monitor the risk exposure of our compensation policies and programs.

Clawback Policy

We have adopted a compensation recoupment, or "clawback" policy, to permit ICE to seek recovery of performance-based incentive awards in the event of certain financial statement restatements. The clawback policy states:

It is ICE's policy that if ICE's financial statements are required to be restated due to intentional misconduct and/or fraud, the Compensation Committee will, when deemed appropriate in its discretion, direct that ICE seek to recover all or a portion of any affected award made to officers who have engaged in the intentional misconduct and/or fraud that caused the need for the restatement with respect to any fiscal period of ICE. An "affected award" includes any cash or equity-based bonus or incentive compensation payment awarded or given to the employee after the effective date of this policy, and the net proceeds of any stock options exercised after the effective date of this policy, that were advantaged by the filing of the financial statements that were required to be restated.

The amount to be recovered from such individual shall be the estimated amount up to which the affected award exceeded the amount that would have been paid to (or received by) the employee had ICE's financial statements been properly stated. The Compensation Committee has the authority to determine an appropriate recovery amount, if any, under the circumstances, and whether to initiate or continue pursuing a recovery, based upon factors consistent with the Compensation Committee's exercise of its fiduciary duties and the Compensation Committee's good faith reliance upon information, opinions or advice from professional advisors, consultants or experts.

When the clawback provision under the Dodd-Frank Wall Street Reform and Consumer Protection Act is finalized and adopted, we will update our policy, as necessary.

As further referenced under "*Employment Agreements and Other Factors Affecting 2020 Compensation - Termination for Cause or Executive Resignation Other than for Good Reason*" - when executives are otherwise terminated for Cause all outstanding unvested equity is forfeited upon termination.

Termination of Employment and Change of Control Payments

We have entered into employment agreements with each of our NEOs that provide benefits upon certain employment terminations, including certain terminations in connection with a "Change in Control" of ICE. The terms of these employment agreements are discussed

COMPENSATION DISCUSSION & ANALYSIS

in more detail below under the heading “*Employment Agreements and Other Factors Affecting 2020 Compensation*”. The Compensation Committee believes that employment agreements with termination and certain Change in Control protections are appropriate and necessary to attract and retain executive level talent and to mitigate uncertainty and distraction of our management team in the event that the employment of any of our NEOs terminates. The Compensation Committee intends that the terms of NEO employment agreements be consistent with market practice, as adjusted for our business considerations, and periodically reviews the terms of our NEOs’ employment agreements compared to market practice. The employment agreements with our NEOs do not include any Code Section 280G “golden parachute” excise tax gross-up provisions.

The Change in Control protections for NEOs require a “double-trigger” before a payment is provided, meaning that in the context of a Change in Control of the Company, the executive officer’s employment must be involuntarily terminated before any severance is paid. The Compensation Committee opted for “double-trigger” arrangements, rather than providing for payments solely on the basis of a Change in Control, because the Compensation Committee believes this to be more consistent with the purpose of encouraging the continued employment of our NEOs following a Change in Control and with market practice. Furthermore, the Change in Control provisions provide significant retention value with respect to our NEOs.

Stock Ownership Policy, Retention Recommendations and Anti-Hedging and Anti-Pledging Policy

Stock Ownership Policy

The Compensation Committee believes that it is in the best interests of stockholders for ICE’s executives and directors to own a significant amount of ICE Common Stock because a meaningful direct ownership stake by our executives and directors demonstrates to our other investors and stockholders a strong alignment of interests and commitment to ICE’s success, and also provides a structural mechanism to discourage our executives from taking inappropriate business risks. Accordingly, ICE’s Stock Ownership Policy is applicable to ICE officers (including all of the NEOs, but excluding officers for whom a significant portion of their compensation is commission-based or who work in a jurisdiction where ICE does not typically grant equity awards) and directors, and requires the following level of ownership (expressed as a multiple of base salary for executives and a multiple of annual cash retainer for directors):

Position	Ownership Multiple Policy Requirement	Average Stock Ownership Multiple*
Chief Executive Officer	10 times base salary	495 times (Sprecher)
ICE President	4 times base salary	16 times (Jackson)
C-Level Executives and Senior Vice Presidents	2 times base salary	31 times (Hill/Goone/Martin)
Vice Presidents and any other corporate officers	1 times base salary	All in compliance
Members of the Board of Directors of ICE	5 times annual cash retainer	All in compliance

* As defined in the Stock Ownership Policy and summarized below as of the December 31, 2020. New officers and directors have five and three years, respectively, to comply with ownership requirements.

In establishing the ownership multiple, the Compensation Committee considered information about ownership multiples at its peer companies, recommendations from its independent compensation consultant and third-party groups such as Institutional Shareholder Services, or ISS, and its independent compensation consultant. “Ownership,” for purposes of this Stock Ownership Policy, includes: (i) shares of ICE Common Stock that are owned outright (including those held by a spouse or dependent children), (ii) vested “in-the-money” stock options and (iii) unvested restricted stock and restricted stock units that are not subject to any performance-based vesting metric. All unvested stock options, “underwater” stock options and unearned performance-based equity awards (including EBITDA-based PSUs and TSR-based PSUs) do not count towards the ownership targets. A newly appointed corporate officer, or newly elected director, will have five and three years, respectively, from his or her date of hire or appointment as an officer or director to comply with this Stock Ownership Policy. The Compensation Committee will monitor the ownership levels of such executives and directors during this transition period.

The Compensation Committee monitors the stock ownership levels of our officers and directors on at least an annual basis. In the event of a corporate officer or director’s noncompliance with ICE’s stock ownership policy, the Compensation Committee will review the facts and circumstances regarding the noncompliance and will use its discretion in determining the appropriate corrective actions and/or penalties. Such corrective actions and penalties include, but are not limited to, instructing the officer or director to buy shares of our Common Stock in the open market to comply with the Stock Ownership Policy, reducing or eliminating future equity grants to the officer or director until they comply with the Stock Ownership Policy or issuing a warning to the officer or director. To date, there have been no instances of noncompliance with the Stock Ownership Policy.

Retention Recommendations

To facilitate meeting the minimum holding requirements as specified in this Stock Ownership Policy in a timely fashion, the Compensation Committee recommends that all corporate officers and directors retain a minimum of 50% of the net value of shares obtained pursuant to each stock option exercise and the vesting of stock units for all future grants of stock options or restricted stock until such corporate officer or director has satisfied the minimum stock ownership targets for his or her position.

Anti-Hedging and Anti-Pledging Policy

All employees, including executive officers and directors are subject to our Global Personal Trading Policy under which they are prohibited from hedging and pledging our Common Stock. Specifically, the following activities are prohibited under the policy:

- Engaging in any speculative or hedging transaction, including short sales, in our Common Stock.
- Buying or selling puts, calls, options, warrants, prepaid forward contracts, equity swaps, collars, exchange traded funds or similar instruments on our Common Stock or derivatives of our Common Stock.
- Holding our Common Stock in margin accounts or pledging our Common Stock as collateral.

Policy on Deductibility of Compensation

Section 162(m) of the Code generally provides that publicly held companies may not deduct compensation paid to certain of its executive officers to the extent that such compensation exceeds \$1 million per officer in a calendar year. Prior to federal tax reform legislation enacted in 2017, Section 162(m) of the Code included an exception to this \$1 million limit for compensation that was considered “performance-based compensation” within the meaning of the Code. The new tax legislation removed the exception for “performance-based compensation” (unless the compensation qualifies for transition relief) for taxable years beginning after December 31, 2017. The Compensation Committee continues to consider the tax consequences when determining named executive officer compensation, including in light of changes to Section 162(m), and sets executive compensation in accordance with our compensation philosophies. The Compensation Committee believes that retaining and motivating our employees with a competitive compensation program that is aligned with our strategic business objectives is in the best interest of our stockholders, and accordingly retains discretion to award compensation that exceeds deductibility limitations if it deems appropriate in the circumstances.

- (1) The amounts in this column represent the aggregate grant date fair value of all restricted stock unit grants in the calendar year, calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification 718, or ASC Topic 718 on the grant date, which is equal to our closing price on the grant date times the number of PSUs projected to be earned based on the probable outcome of the performance conditions to which the awards are subject. Amounts shown are for PSUs that were granted in February 2020, February 2019, and February 2018. If the maximum level of performance were achieved for the PSUs granted in February 2020, the reported amounts would equal \$17,199,724, \$5,359,758, \$4,399,926, \$4,399,926, and \$3,199,810 for each of Messrs. Sprecher, Hill, Jackson, Goone, and Ms. Martin, respectively.
- (2) The amounts in this column represent the aggregate grant date fair value of all stock option grants in the calendar year. Additional details of the 2020 stock option awards are included in the *2020 Direct Compensation—Equity Compensation* section of the Compensation Discussion & Analysis and footnote 1 of the *2020 Grants of Plan-Based Awards Table*. These values were calculated in accordance with ASC Topic 718 on the date of grant using the following assumptions: risk-free interest rate 1.46%; expected life 5.82 years; expected volatility 19.94%; and expected dividend yield 1.3%, as further described in Note 11 to our Consolidated Financial Statements for 2020 (filed with our Annual Report on Form 10-K). The values for our February 2019 awards were calculated using the following assumptions: a risk-free interest rate 2.49%; expected life 5.9 years; expected volatility 20%; and expected dividend yield 1.44%. The values for our February 2018 awards were calculated using the following assumptions: risk-free interest rate 2.67%; expected life 6 years; expected volatility 20%; and expected dividend yield 1.43%.
- (3) The amounts in this column represent fiscal year 2018 through 2020 cash bonus awards that were paid in February of the following calendar year (i.e., February 2019, February 2020 and February 2021, respectively). For 2020, the NEOs were paid the amounts reported under “Non-Equity Incentive Plan Compensation” column pursuant to our Executive Bonus Plan.
- (4) The amounts in this column represent the items in the *2020 All Other Compensation Table* below.

2020 All Other Compensation

The following table provides details regarding the perquisites received by each of the NEOs, as well as the other elements of compensation listed in the “All Other Compensation” column of the *Summary Compensation Table*, for the fiscal year ended December 31, 2020.

- (1) The amounts in this column represent fiscal year 2020 matching contributions under our 401(k) and Profit-Sharing Plan (the “401(k) Plan”). The matching formula is 100% of the first 6% of the eligible employee’s compensation contributed to the 401(k) Plan, subject to plan and statutory limits. Each NEO participates under the same terms and conditions as all other eligible employees.
- (2) The amounts in this column represent fiscal year 2020 payments of term life insurance policy premiums.
- (3) The amounts in this column represent fiscal year 2020 payments of supplemental disability insurance policy premiums.
- (4) The amounts listed for Mr. Hill and Mr. Jackson reflect the incremental cost of their personal use of the corporate aircraft during 2020, calculated based on the variable operating costs to ICE for each flight hour attributed to personal use (as well as any flight hours attributable to empty pick-up or return flights), including fuel costs, parts and maintenance costs; landing and parking fees; on-board catering costs; and crew expenses. These per hour costs were determined by using industry-standard cost-estimating guides. Since our aircraft is used primarily for business travel, we do not include the fixed costs that do not change based on usage, such as crew salaries, pilot training, depreciation, hangar rent and insurance. In addition to the incremental cost of personal aircraft use reported above, we also impute taxable income to the eligible named executive officers for any personal aircraft use in accordance with IRS regulations and ICE does not provide tax reimbursements, or “gross-ups,” on those amounts.

2020 Nonqualified Defined Contribution and Other Deferred Compensation Plans

We do not maintain any nonqualified defined contribution plans or active nonqualified deferred compensation plans, such as a supplemental executive retirement plan, 401(k) excess plan, or other vehicles to defer the receipt of cash or equity compensation.

Employment Agreements and Other Factors Affecting 2020 Compensation

We have entered into employment agreements with each of the NEOs that contain provisions that govern compensation in the event of termination for cause, termination by ICE unrelated to a Change in Control, and termination by ICE after a Change in Control. The material provisions regarding the employment agreements and the provisions governing these termination scenarios are described below.

Term of Employment

The employment agreements for the NEOs, other than Mr. Jackson and Ms. Martin, provide for an initial employment term of three years, which will be automatically extended every six months during the term of each agreement so that the remaining term of the agreement is never more than three years or less than two and a half years, unless either ICE or the executive, prior to the date of extension, give written notice to the other that there will be no extension. The effect of this provision is to ensure that the term remaining under any of these agreements is never more than the initial term and never less than six months less than the initial term. The employment agreement for Mr. Jackson and Ms. Martin's agreements provide for an initial employment term of two years. Each day, this term will be automatically extended for one day so that there are always two years remaining in the term at any time.

Base and Bonus Compensation

The employment agreements for the NEOs provide for an initial annual base salary, subject to increase, and an annual bonus that is reasonable in light of the executive's contribution for that year as well as contributions made by and bonuses paid to ICE's other senior executives for such year. In addition, each of the NEOs is also entitled to receive, from time to time, grants of awards under our equity plans, in each case as determined by the Compensation Committee or by the Board of Directors as a whole.

Non-competition

Messrs. Sprecher, Hill and Goone agrees under their employment agreement that for the term of their employment agreement or, if less, for the one-year period (or for Mr. Jackson and Ms. Martin the eighteen month period) which starts on the date that their employment terminates, they will not assume or perform any managerial or supervisory responsibilities and duties that are substantially the same as those that they perform for ICE for any other business entity that engages in operating global commodity and financial products marketplaces for the trading of physical commodities, futures contracts, options contracts, and other derivative instruments, providing risk management tools and clearing services, providing brokerage services, and providing market data relating to these services in which ICE is engaged as of the date of termination of the executive's employment or in which ICE proposes to engage under its business plan as in effect on such date, if any site of any of the offices or equipment of such competitive business is located in the U.S., Canada, the U.K. or Singapore.

The employment agreements provide that each executive may own 5% or less of the stock of a publicly traded company that engages in such competitive business, so long as they are only passive investors and are not actively involved in such company in any way.

Non-solicitation

Each of the NEOs is restricted from soliciting, for the purpose of competing with ICE or its affiliates, any of its customers or customers of its affiliates with whom the executive had contact, knowledge or association (i) at any time during the executive's employment with ICE or its affiliates and (ii) at any time during the twenty-four month period (the twelve-month period for Mr. Jackson and Ms. Martin) immediately preceding the beginning of the "restricted period." "Restricted period" means, for Messrs. Sprecher, Hill and Goone, the term of the executive's employment agreement, including after termination of employment, the remainder of the term of the agreement without regard to the reason for the executive's termination of employment (as such initial term may have been extended under the agreement). For Mr. Jackson and Ms. Martin, "restricted period" means the eighteen-month period after termination of employment, without regard to the reason for termination of employment.

Confidentiality Provisions

Each of the NEOs is subject to customary confidentiality provisions during the term of employment and for at least a five-year period after termination, and each executive must not use or disclose any of ICE's trade secrets for as long as they remain trade secrets.

Termination for Cause or Executive Resignation Other than for Good Reason

For each of the NEOs, if ICE terminates the executive for "Cause," as such term is defined below, if the executive resigns other than for "Good Reason," as such term is defined below, or if the executive's employment terminates as a result of death or disability, ICE must pay the executive, among other benefits, all accrued but unpaid salary, annual bonus, if any, and unreimbursed expenses. If an executive's employment terminates as a result of death, any unvested stock options, unvested restricted stock units and unvested performance share units will become immediately vested.

Termination by ICE Unrelated to a Change in Control

For each of the NEOs, if there is a termination of employment by ICE without "Cause" or resignation by the executive for "Good Reason" that is unrelated to a "Change in Control," as such terms are defined below, ICE must pay a lump sum cash payment equal to (i) the amount of salary the executive would have received over the remainder of the term of employment and (ii) three (3) times (two (2) times in the case of Mr. Jackson and Ms. Martin), the greater of the average of the last three bonuses and the last bonus paid to the executive prior to termination. In addition, for the each Messrs. Sprecher, Hill and Goone, any stock options or other equity awards granted (including performance-based awards which were earned but not vested for any performance period that was completed as of the termination of

employment) will become exercisable or vest upon the executive's termination. For Mr. Jackson and Ms. Martin, any stock options or other equity awards granted (including performance-based awards which were earned but not vested for any performance period that was completed as of the termination of employment) that would otherwise vest in the two-year period following termination will become exercisable or vest upon termination. Performance-based awards for any performance period in progress as of the termination of employment will be earned based on actual performance as determined after completion of the performance period, in accordance with the terms of such grants, and such earned awards will fully vest on such determination date.

Further, ICE is required to continue to make available coverage under the employee benefits plans as if the executive remained employed for the "Welfare Benefit Continuation Period", defined as the shorter of two years and the balance of the term of the employment agreement, for Messrs. Sprecher, Goone and Hill. Mr. Jackson and Ms. Martin are eligible to receive a lump sum cash payment in respect of costs they would incur for two years' group health coverage under COBRA.

"Cause," as used in the employment agreements for each of the NEOs, generally means: (i) the employee is convicted of, pleads guilty to or otherwise admits to any felony or act of fraud, misappropriation or embezzlement; (ii) the employee knowingly engages or fails to engage in any act or course of conduct that (a) is reasonably likely to adversely affect ICE's rights or qualification under applicable laws, rules or regulations to serve as an exchange or other form of a marketplace for trading the products defined in the non-competition section or (b) violates the rules of any exchange or market on which ICE effects trades (or at such time is actively contemplating effecting trades) and is reasonably likely to lead to a denial of ICE's right or qualification to effect trades on such exchange or market; (iii) there is any act or omission by the employee involving malfeasance or gross negligence in the performance of his or her duties and responsibilities or the exercise of his or her powers to the material detriment of ICE; or (iv) the employee (a) breaches any of the covenants made under his employment agreement or (b) violates any provision of any code of conduct adopted by ICE that applies to him or her if the consequence to such violation ordinarily would be a termination of his or her employment.

"Change in Control," as used in the employment agreements for each of the NEOs, generally means: (i) any person is or becomes the beneficial owner, directly or indirectly, of securities representing 30% or more of the combined voting power of any outstanding ICE securities eligible to vote in an election of directors (subject to certain exceptions, including if such person is the executive, an entity controlled by the executive or group of which the executive is a member); (ii) any dissolution or liquidation of ICE or any sale or disposition of 50% or more of ICE's assets or business; or (iii) the consummation of any reorganization, merger, consolidation or share exchange or similar form of corporate transaction involving ICE, unless (a) the persons who were the beneficial owners of outstanding ICE securities eligible to vote in an election of directors immediately before the consummation of such transaction hold more than 60% of the voting power immediately following the consummation of such transaction, and (b) each such person holds such securities in substantially the same proportion immediately following the consummation of such transaction as each such person had held immediately prior to the consummation of such transaction.

"Good Reason," as used in the employment agreements for each of the NEOs, generally means: (i) there is a material reduction in the executive's base salary or opportunity to receive any annual bonus and equity grants without the executive's express written consent; (ii) there is a material reduction in the scope, importance or prestige of the executive's duties; (iii) executive is transferred to a work site that is more than thirty miles from his or her then current work site; (iv) after a Change in Control, executive's job title is materially changed or executive is no longer provided the same or substantially equivalent plans, programs and policies; (v) there is a material breach of the executive's employment agreement; (vi) executive receives notice of non-renewal during the three years following a Change in Control; (vii) the failure of any successor to ICE to expressly assume executive's employment agreement; or (viii) in the case of Mr. Sprecher, ICE fails to nominate Mr. Sprecher for re-election to the Board of Directors.

Termination Following a Change in Control

For each of the NEOs, if the termination of employment by ICE without "Cause" or resignation by the executive for "Good Reason" occurs following, or within 180 days prior to, the effective date of a Change in Control of ICE, ICE must pay the executive a lump sum amount of cash equal to three (3) times (two (2) times in the case of Mr. Jackson and Ms. Martin) (i) the executive's salary and (ii) the greater of the average of the last three bonuses paid to executive prior to termination, the last bonus paid to executive prior to the effective date of a Change in Control and the last bonus paid to executive prior to termination. In addition, any stock options or other equity awards granted (including performance-based awards which were earned but not vested for any performance period that was completed as of the termination of employment) will become exercisable or vest upon the executive's termination. Performance-based awards for any performance period in progress as of the termination of employment will be earned based on actual performance as determined after completion of the performance period, in accordance with the terms of such grants, and such earned awards will fully vest on such determination date. The executive will be entitled to exercise stock options that had been granted after entering into the employment agreement for the same period as if the executive had continued in employment through the remainder of the employment term.

Further, for Messrs. Sprecher, Hill and Goone, ICE must continue to make available coverage under the employee benefits plans as if the executive remained employed for the Welfare Benefit Continuation Period. Mr. Jackson and Ms. Martin are each eligible to receive a lump sum cash payment in respect of their costs for two years' group health coverage under COBRA.

EXECUTIVE COMPENSATION

No officers, including the NEOs, are eligible for any “golden parachute” excise tax gross-up.

2020 Payments upon Termination

The following table presents the estimated benefits and payments for termination of the NEOs unrelated to a Change in Control and following, or within 180 days prior to, a Change in Control, assuming the termination took place on the last business day of the most recently completed fiscal year. For certain items below, the values are based on the closing price of \$115.29 for our Common Stock on the NYSE on December 31, 2020. Other applicable terms for these benefits and payments are discussed above under Termination by ICE Unrelated to a Change in Control and Termination Following a Change in Control.

- (1) These amounts represent the cash severance payments in accordance with employment agreements in effect as of December 31, 2020 (as discussed in the preceding narrative) under the termination scenarios described in the table. These calculations assume all earned base salary and annual incentive payments have been paid. For a termination unrelated to a Change in Control, the duration of the remaining employment term has been assumed to equal three years for Messrs. Sprecher, Hill and Goone; two years for Mr. Jackson and one year for Ms. Martin. Also, in light of the assumed termination date of December 31, 2020, the fiscal year 2019 bonus that was paid in February 2020 is the last bonus paid for purposes of the severance calculation under the employment agreements.

- (2) For Messrs. Sprecher, Hill and Goone, the welfare benefit costs include estimated continuation costs of medical, dental, basic life insurance, and executive life insurance premiums, as may be called for in the employment agreements. For Mr. Jackson, the welfare benefit costs include estimated costs to Mr. Jackson of two years' group health coverage under COBRA. Ms. Martin was not enrolled in ICE's group health coverage in 2020.
- (3) The market value of stock awards is calculated based on the closing price of our Common Stock on NYSE on December 31, 2020: \$115.29. These costs include the acceleration of vesting of unvested equity awards (including the value of unvested dividend equivalent rights) under termination scenarios as described above, with the value of options based on the "spread" between \$115.29 and the option's strike price at December 31, 2020 and the value of any PSUs with open measurement periods assumed to vest at target. These amounts do not include the value of vested equity awards outstanding as of December 31, 2020.
- (4) The amounts reported in the table above do not reflect payments upon an NEO's disability or death under our supplemental disability insurance benefit and life insurance benefit programs, respectively. See the *2020 Direct Compensation—Other Compensation and Benefits* section of the *Compensation Discussion & Analysis* for a description of these benefits.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Mr. Tese, Mr. Crisp, Mr. Hatfield, and Lord Hague served as members of our Compensation Committee during 2020. None of our executive officers or directors serves (or, during any time in 2020, served) as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors or Compensation Committee.

NON-EMPLOYEE DIRECTOR COMPENSATION

As with our executive compensation program, the Compensation Committee utilizes the services of an independent compensation consultant to benchmark the competitiveness of our director compensation program, including compensation offered for service on subsidiary boards. During 2020, the Compensation Committee reviewed a director compensation benchmarking report from Compensation Advisory Partners that analyzed each aspect of director compensation against the same peer companies that were utilized for the executive compensation benchmarking report. Based on the results of this report and consultation with its compensation consultant, the Compensation Committee approved the following non-employee director compensation pay levels for 2020 (which did not change from 2019):

- An annual retainer of \$100,000;
- An annual retainer of \$15,000 for committee members of the Audit Committee and \$10,000 for committee members of the Compensation Committee, Nominating & Corporate Governance Committee and Risk Committee;
- An annual retainer for committee chairpersons (in lieu of the committee member retainers described above) of \$30,000 for the Audit Committee, \$25,000 for the Compensation Committee, and \$20,000 for the Nominating & Corporate Governance Committee and Risk Committee;
- A lead independent director fee of \$50,000; and
- A grant of \$185,000 in the form of restricted stock units that vest one year from the date of grant (with the number of units calculated at the time of grant by dividing the annual grant value by the closing price per share on the grant date).

Directors do not receive fees for individual Board of Directors or committee meetings in addition to the annual retainers referenced above. Directors who are also ICE employees do not receive additional compensation for serving as directors.

NON-EMPLOYEE DIRECTOR COMPENSATION

Subsidiary Board Service and Compensation

In addition to serving on the Board of Directors, many of our non-employee directors also serve as directors on the board of directors or managers on the board of managers of our subsidiaries. We believe it is important for Board members to serve on our subsidiary boards to provide a consistent perspective on Company strategy, values and governance. In 2020, eleven of our current non-employee directors served as members of the boards of our regulated subsidiaries as illustrated below:

Independent Director	Bakkt Subs.	ICE Clear Credit	ICE Futures Europe	ICE Futures U.S.	ICE Mortgage Services	ICE NGX Canada	NYSE Subs.	ICE Swap Trade	ICE Trade Vault	ICE Clear Europe	Ellie Mae

- (11) In 2020, Mr. Tese attended a total of 21 board and committee meetings for a Bakkt subsidiary; a total of nine board and committee meetings for ICE Clear Credit; and a total of nine board and committee meetings for NYSE subsidiaries.

Given the significant level of responsibility, regulatory oversight of subsidiary activities, and director time commitment to serve on subsidiary boards, we provide compensation to non-employee directors for their service on these subsidiary boards (as illustrated in the below table). Each of these subsidiary boards meets independently and generally holds four or more meetings a year, plus subsidiary committee meetings. Accordingly, with the assistance of Compensation Advisory Partners, we have structured subsidiary compensation to include elements similar to Board compensation (*i.e.*, board retainer and committee retainers). We also provide office space for certain of our directors that serve as chairperson of the board of directors of an operating subsidiary.

In 2017, we received stockholder approval for, and we implemented, an amendment to our 2013 Omnibus Non-Employee Director Incentive Plan to formally institute a maximum annual compensation level of \$850,000 per year (including cash and equity-based compensation from Board service and subsidiary board service, as may be applicable). As noted in the table below, all of our directors were below this limit in 2020.

Director Compensation Table

The following table presents information relating to compensation for our non-employee directors for the fiscal year ending December 31, 2020.

- (1) The amounts in this column represent fiscal year 2020 cash payments for Board and committee retainers.
- (2) The amounts in this column represent the aggregate fair value of restricted stock units granted for board service in the 2020 calendar year calculated in accordance with ASC Topic 718, which is equal to our closing stock price on the grant date, \$93.47, times the number of restricted stock units granted. Annual grants to directors were approved on May 15, 2020. As of December 31, 2020, each of Messrs. Crisp, Forneri, Noonan, Salerno and Ms. Farooqui owned 1,979 unvested restricted stock units; each of Lord Hague, Messrs. Hatfield and Tese and Ms. Sprieser owned 2,246 unvested restricted stock units; Mr. Mulhern and Ms. Cooper each owned 1,693 unvested restricted stock units and Ms. Silver owned 2,100.
- (3) The amounts in this column represent fees paid in cash to directors that also served as members of the boards of directors of our regulated subsidiaries: ICE Futures Europe, ICE Clear Europe Limited, ICE Clear Credit, LLC, ICE Futures U.S., Inc., ICE Trade Vault, LLC, ICE Swap Trade, ICE NGX Canada Inc., ICE Mortgage Services, LLC, Ellie Mae, Inc., New York Stock Exchange, LLC, NYSE American LLC, NYSE Arca, Inc., NYSE AMEX Options LLC, and NYSE National, Inc. The amounts above do not reflect annual retainers paid to our directors who serve on the Bakkt subsidiary boards who elected to receive their annual retainer in Bakkt incentive units instead of cash. Messrs. Hatfield, Salerno and Tese each elected to receive their \$30,000 retainer for service on a Bakkt subsidiary board in Bakkt incentive units, Mr. Noonan elected to receive his \$40,000 retainer for service on a Bakkt subsidiary board in Bakkt incentive units and Ms. Bowen elected to receive her \$70,000 retainer for service on Bakkt subsidiary boards in Bakkt incentive units. The amounts in this column also do not include charitable contributions made at the direction of certain U.S. directors that made an equivalent contribution to our Political Action Committee ("PAC"). If a U.S. director makes a contribution to our PAC, ICE will make a contribution in the same amount as contributed by the director (up to \$5,000) to certain eligible charities, as requested by the director. In fiscal year 2020, the following directors made a contribution to our PAC that resulted (or could result) in a charitable contribution by ICE at the director's request: Ms. Bowen: \$5,000, Mr. Crisp: \$5,000, Ms. Farooqui: \$5,000, Mr. Noonan: \$5,000, Mr. Salerno: \$5,000, Ms. Sprieser: \$5,000, and Mr. Tese: \$5,000.

NON-EMPLOYEE DIRECTOR COMPENSATION

As required, the above table represents the value of all compensation paid to our directors, including fees paid for both Board service and subsidiary board service, on a combined basis. COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the above Compensation Discussion & Analysis with management, and based upon such review and discussion, has recommended to the Board of Directors that the Compensation Discussion & Analysis be included in ICE's Proxy Statement for the 2021 Annual Meeting of Stockholders.

Hon. Frederick Hatfield

The Rt. Hon. the Lord Hague of Richmond

PAY RATIO

Our median employee was identified based on target total cash compensation, measured as base salary plus target annual bonus plus commission, from our employee population as of December 31, 2020. As we are a U.S.-based entity and our Chief Executive Officer, Jeffrey Sprecher, is paid in U.S. dollars ("USD"), all amounts paid in currency other than USD were converted to USD prior to identification of the median employee. Mr. Sprecher had 2020 annual total compensation of \$14,536,259, as reflected in the Summary Compensation Table above. Our identified median employee's annual total compensation for 2020, as calculated using the same methodology, was \$127,910. As a result, we estimate that Mr. Sprecher's 2020 annual total compensation was approximately 114 times that of our median employee.

AUDIT MATTERS

AUDIT COMMITTEE REPORT

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities relating to the quality and integrity of our financial reporting, compliance with legal and regulatory requirements, systems of internal controls, qualifications and independence of our independent registered public accounting firm, performance of our internal audit function and independent auditors, financial reporting processes and such other functions as the Board may assign from time to time. The Audit Committee spent substantial time on matters involving tax regulation changes and the Company's treasury activity. The Audit Committee is responsible for the appointment, compensation, which includes the fee negotiation, and oversight of the external auditor. The Audit Committee periodically assesses the work performed by Ernst & Young LLP to ensure a high quality of work is provided to us and, in 2015, considered the pros and cons of switching our external auditor. The Audit Committee also works with our management team in selecting the lead partner on our account and met with the current lead partner before he was put in that role. Our current lead partner has been in that position for us since 2018 and will be subject to mandatory rotation in 2023.

Our Board of Directors has adopted an Audit Committee Charter, which sets forth the responsibilities of the Audit Committee. A copy of the Audit Committee Charter is available on our website at www.ir.theice.com under the links "Governance—Governance Overview—Charter of the Audit Committee." The Audit Committee held seven meetings during the fiscal year ended December 31, 2020. The Audit Committee reviewed and discussed with management and Ernst & Young LLP our audited financial statements for the fiscal year ended December 31, 2020. The Committee has also discussed with our independent public registered accounting firm the matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board (the "PCAOB") and the SEC.

The Audit Committee also received the written disclosures and letter from Ernst & Young LLP required by Rule 3526 of the PCAOB (Communications with Audit Committees Concerning Independence) and has discussed with Ernst & Young LLP its independence. The Audit Committee reviewed the audit and non-audit services provided by Ernst & Young LLP for the fiscal year ended December 31, 2020 and determined to engage Ernst & Young LLP as the independent registered public accounting firm of ICE for the fiscal year ending December 31, 2021. The Audit Committee meets to review and approve the financial information in each of our quarterly reports on Form 10-Q and our annual report on Form 10-K. During these meetings, the Audit Committee reviews any accounting, tax and treasury issues, including any identified critical audit matters, and events that arose during the quarter, reviews legal matters that may significantly impact our financial statements, reviews our earnings press release, meets with representatives of our internal audit department to discuss Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley") matters and the status of internal audits and discusses the audit or review process conducted by Ernst & Young LLP. The Audit Committee also is responsible for the appointment and replacement, if necessary, of the Chief Audit Executive and consults with management regarding the performance of the Chief Audit Executive. The Audit Committee makes the final determination of the annual compensation of the Chief Audit Executive based on recommendations from the Compensation Committee and senior management.

Based upon the Audit Committee's review of the audited financial statements and the discussions noted above, the Audit Committee recommended that the Board of Directors include the audited financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2020 for filing with the SEC.

PROPOSAL 3 — RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2021

The Audit Committee of our Board of Directors, in accordance with its charter and authority delegated to it by the Board of Directors, has appointed the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2021, and the Board of Directors has directed that such appointment be submitted to our stockholders for ratification at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 2002 and is considered by our Audit Committee to be well qualified. Our organizational documents do not require that our stockholders ratify the selection of Ernst & Young LLP as our independent registered public accounting firm. We are seeking stockholder ratification because we believe doing so is good corporate practice and our Audit Committee believes appointing Ernst & Young LLP to be in the best interest of our stockholders. If the stockholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider the appointment, but may still retain Ernst & Young LLP.

Representatives of Ernst & Young LLP will be present at the Annual Meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to respond to appropriate questions from stockholders.

THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS AND THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND THAT THE STOCKHOLDERS VOTE “FOR” THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2021.

OTHER PROPOSALS FOR YOUR CONSIDERATION

PROPOSAL 4 — STOCKHOLDER PROPOSAL REGARDING ADOPTION OF A SIMPLE MAJORITY VOTING STANDARD

ICE has been advised that John Chevedden, 2215 Nelson Avenue, No. 205, Redondo Beach, CA 90278, a beneficial owner of at least \$2,000 in market value of the Company's Common Stock, represented by 50 shares of Common Stock, intends to present the following resolution for approval at the Annual Meeting. In accordance with the applicable proxy regulations, the text of the proponent's proposal and supporting statement, for which we accept no responsibility, are set forth immediately below.

The Board of Directors has recommended a vote "AGAINST" the proposal for the reasons set forth following the supporting statement.

Statement by the Proponent Supporting the Stockholder Proposal

Proposal 4 - Simple Majority Vote

RESOLVED, Shareholders request that our board take each step necessary so that each voting requirement in our charter and bylaws (that is explicit or implicit due to default to state law) that calls for a greater than simple majority vote be eliminated, and replaced by a requirement for a majority of the votes cast for and against applicable proposals, or a simple majority in compliance with applicable laws. If necessary this means the closest standard to a majority of the votes cast for and against such proposals consistent with applicable laws.

Shareholders are willing to pay a premium for shares of companies that have excellent corporate governance. Supermajority voting requirements have been found to be one of 6 entrenching mechanisms that are negatively related to company performance according to "What Matters in Corporate Governance" by Lucien Bebchuk, Alma Cohen and Allen Ferrell of the Harvard Law School. Supermajority requirements are used to block initiatives supported by most shareowners but opposed by a status quo management.

This proposal topic won from 74% to 88% support at Weyerhaeuser, Alcoa, Waste Management, Goldman Sachs and FirstEnergy. These votes would have been higher than 74% to 88% if more shareholders had access to independent proxy voting advice. Unfortunately most retail shareholders do not have access to independent proxy voting advice.

The proponents of these proposals included Ray T. Chevedden and William Steiner. Church & Dwight shareholders gave 99%-support to a 2020 proposal on this same topic.

The current supermajority vote requirement does not make sense. For instance in an election calling for a 67% shareholder approval in which 68% of shares cast ballots — then 2% of shares opposed to an improvement proposal would prevail over the 66% of shares that vote in favor.

Adopting simple majority vote can be one step to make the corporate governance of Intercontinental Exchange more competitive and unlock shareholder value.

In anticipation of impressive shareholder support for this proposal topic an enlightened Intercontinental Exchange Governance Committee and an enlightened Board of Directors could expedite adoption of this proposal topic by giving shareholders an opportunity to vote on a binding management version of this proposal at our 2021 annual meeting. Hence adoption could take place in 2021 instead of 2022. It has been 5-years since our Board last adopted a good governance practice such as enabling shareholders to put 2 director candidates on the management annual meeting ballot (shareholder proxy access).

Additional governance best practices are just waiting to be adopted at Intercontinental Exchange. For instance, a shareholder right to call a special shareholder meeting and a shareholder right to act by written consent.

Please vote yes:

Simple Majority Vote - Proposal 4

Statement by Our Board of Directors Against the Stockholder Proposal

The Board of Directors recommends a vote against this proposal if it is properly presented at the Annual Meeting. The Company's Eighth Amended and Restated Bylaws (the "Bylaws") do not contain any supermajority vote requirements. Many significant matters that the

Company's stockholders would vote on do not have any supermajority vote requirements. Our directors are elected only if the "for" votes exceed the "against" votes in uncontested elections, and the Bylaws provide that any other vote shall be by a majority of the votes cast, unless the Fifth Amended and Restated Certificate of Incorporation (the "Certificate of Incorporation") provides otherwise. The Certificate of Incorporation requires a vote of two-thirds of the outstanding stock in limited circumstances: for stockholders to amend the Bylaws, and to amend the following provisions of the Certificate of Incorporation: i) voting and ownership limits which are imposed because of the Company's ownership of national securities exchanges; ii) how the number of directors is set; iii) permitting the Board of Directors to consider long- and short-term interests and various constituencies in a potential change of control; iv) no action by stockholders by written consent and the required quorum for meetings, and v) amending the two-thirds vote requirement to amend such provisions and the required vote to amend the Bylaws. It should be noted that under Delaware law, the required vote to amend the Certificate of Incorporation cannot be less than a majority of the outstanding stock entitled to vote thereon.

Benefits to Stockholders.

Delaware law permits companies to adopt supermajority voting requirements, and a number of publicly-traded companies have adopted these provisions to preserve and maximize long-term value for all stockholders. The Board of Directors believes that fundamental changes to corporate governance should have the support of a broad consensus of our stockholders. In addition, supermajority voting requirements help to protect stockholders against self-interested and potentially abusive actions proposed by one or a few large stockholders, who, if the voting requirement is a simple majority vote, may seek to advance their interests over the interests of the majority of the Company's stockholders. Moreover, we would note that non-binding stockholder proposals, such as this one, have provided an effective method for stockholders effecting changes in the certificate of incorporation and bylaws of a company by the means of a simple majority vote. Of the well more than 2,000 shareholder proposals voted on in the last five years, only a handful were binding, as opposed to non-binding proposals.

Current Governance Structure.

The Company's Board of Directors is firmly committed to effective corporate governance and a diverse and independent board and has adopted a wide range of practices and procedures that promote effective board oversight. These include the following:

- Eleven of our twelve director nominees are independent, and only independent directors serve on all of our board committees;
- Directors are elected each year, by a majority vote in uncontested elections, and there is a resignation policy;
- Five of our twelve director nominees are women;
- Six out of twelve director nominees have a tenure of less than 5 years;
- The Nominating and Corporate Governance Committee develops and oversees an annual evaluation process for the Board of Directors;
- We have robust corporate governance guidelines that apply to functioning of the Board of Directors and its committees;
- We have had an independent Lead Director with clearly delineated duties, who is currently also the Chair of the Nominating and Corporate Governance Committee, for over 12 years;
- Our Bylaws provide for proxy access, whereby stockholders can nominate directors through the Company's proxy statement;
- We only have one class of stock outstanding and all stockholders have equal voting rights; and
- We engage in annual stockholder outreach to help us evaluate our corporate governance structure.

Consistent with its current practice, the Board of Directors will continue to evaluate the future implementation of appropriate corporate governance changes. However, for the reasons discussed above, the Board of Directors does not believe it is in the best interests of stockholders or the Company to implement the stockholder proposal's request for the elimination of the limited supermajority requirements included in the Company's Certificate of Incorporation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "AGAINST" THE STOCKHOLDER PROPOSAL REGARDING ADOPTION OF A SIMPLE MAJORITY STANDARD.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transactions Approval Policy

Our Board of Directors has delegated to the Nominating & Corporate Governance Committee the authority to review and approve transactions between us and one or more of our directors, or between us and any corporation, partnership, association or other organization in which one or more of our directors or officers serve as a director or officer or have a financial interest. In addition, our Global Code of Business Conduct, which applies to all employees, officers and directors, generally prohibits conflicts of interests and requires that such conflicts in all cases should be discussed with management (or the Chief Executive Officer, in the case of conflicts related to outside employment or board membership). The Nominating & Corporate Governance Committee reports the findings of any review and its determinations regarding transactions with related persons to the full Board of Directors.

Our Board of Directors has also adopted a formal, written related-party transactions approval policy that provides that the Nominating & Corporate Governance Committee or the Board of Directors will review and approve transactions in excess of \$120,000 in value in which we participate and in which a director, executive officer or 5% stockholder (or immediate family member of any of the foregoing) has or will have a direct or indirect material interest. Under this policy, the Nominating & Corporate Governance Committee or the Board of Directors, as applicable, will be provided with the significant details of each related-party transaction, including the material terms of the transaction and the benefits to ICE and to the relevant related party, as well as any other information it believes to be relevant to review and approve these transactions. In determining whether to approve a related-party transaction, the Nominating & Corporate Governance Committee or the Board of Directors, as applicable, will consider, among other factors:

- whether the terms of the transaction are fair to ICE;
- whether there are business reasons for ICE to enter into the transaction;
- whether the transaction would impair the independence of a non-employee director; and
- whether the transaction presents an impermissible conflict of interest, taking into account the size of the transaction, the financial position of the director, officer or related party, the nature of his or her interest in the transaction, and the ongoing nature of the transaction.

After consideration of the relevant information, the Board of Directors or the Nominating & Corporate Governance Committee may approve only those related-party transactions that it determines are not inconsistent with the best interests of ICE. This policy also includes categorical standards providing that specified types of transactions will be deemed not to be inconsistent with the best interests of ICE.

Relationships with Our Stockholders***Registration Rights***

As a part of the transactions surrounding our formation, we entered into an agreement with our predecessor company, CPEX, on May 11, 2000. Our Chief Executive Officer, Mr. Sprecher, owns all the equity interests in CPEX. Pursuant to the agreement, CPEX conveyed all of its assets and liabilities to us. These assets included intellectual property that we used to develop our electronic platform. In return, we issued to CPEX an equity interest in our business and we agreed to give CPEX a put option, by which CPEX could require us to buy its equity interest in our business at the purchase price equal to the greater of our fair market value or \$5 million. In connection with our initial public offering, in October 2005 we entered an agreement with CPEX and Mr. Sprecher to terminate the put option upon the closing of our initial public offering. In connection with the termination of the put option, we amended certain registration rights previously granted to CPEX, which as of March 16, 2021 owns 3,211,705 shares of our Common Stock. Under this agreement, CPEX is entitled to require us to register for resale into the public market its Common Stock if Mr. Sprecher's employment with us has been terminated. In addition, we may be obligated to pay the expenses of registration of such shares, including underwriters' discounts up to a maximum of \$4.5 million.

Private Aircraft Arrangement

The Nominating & Corporate Governance Committee has approved the inclusion of a private aircraft owned by Mr. Sprecher and his wife, Kelly Loeffler, former Chief Executive Officer of Bakkt, a majority owned subsidiary of ICE, to the pool of aircraft managed by a majority owned ICE subsidiary. The ICE subsidiary also manages aircraft owned by unaffiliated third-parties in addition to aircraft owned by ICE. Mr. Sprecher and Ms. Loeffler pay all fees and charges related to the services and use of the hangar at commercial rates for their private aircraft. The annual amount that Mr. Sprecher and Ms. Loeffler paid to the management company in 2020 for operation of the private aircraft was \$649,481, which was a fixed cost and a similar amount that third-parties paid with a similar aircraft. Mr. Sprecher and Ms. Loeffler also paid \$52,045 to the management company in 2020 for use of a hangar. These amounts help offset the fixed cost that ICE and the other members would otherwise incur for operation of their private aircraft, similar to others. ICE does not cross-lease Mr. Sprecher and Ms. Loeffler's private aircraft and ICE has not made, and does not intend to make, any payment to Mr. Sprecher and Ms. Loeffler in connection with their ownership and operation of a private aircraft.

DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Exchange Act and regulations of the SEC require our directors, officers and persons who own more than 10% of a registered class of our equity securities, as well as certain affiliates of such persons, to file initial reports of their ownership of our equity securities and subsequent reports of changes in such ownership with the SEC. Directors, officers and persons owning more than 10% of a registered class of our equity securities are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports provided by the reporting persons or their respective brokers and on information known to us regarding changes in ownership, we believe that during the fiscal year ended December 31, 2020, our directors, officers and owners of more than 10% of a registered class of our equity securities complied with all applicable filing requirements.

VOTING INSTRUCTIONS AND FREQUENTLY ASKED QUESTIONS

Who can vote at the Annual Meeting?

The securities that can be voted at the Annual Meeting consist of shares of our Common Stock. Subject to the voting limitations described below under *What are the voting and ownership limitations?*, each share of Common Stock entitles its holder to one vote on each matter submitted to the stockholders for approval. The holders of shares of Common Stock will vote together as a single class on all matters presented to the stockholders for their vote or approval. The record date for determining the holders of shares of Common Stock who are entitled to receive notice of and to vote at the Annual Meeting, or any adjournments or postponements thereof, was the close of business on March 16, 2021. On the record date, 562,712,059 shares of Common Stock were outstanding and entitled to be voted at the Annual Meeting.

What proposals will be voted on at the Annual Meeting?

There are four proposals to be considered and voted on at the meeting:

- To elect twelve directors to serve until the 2022 Annual Meeting of Stockholders and until their successors are duly elected and qualified;
- An advisory resolution on our executive compensation;
- To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2021; and
- A stockholder proposal regarding adoption of a simple majority voting standard, if properly presented at the Annual Meeting.

You may also vote on any other business that properly comes before the Annual Meeting.

How does the Board of Directors recommend I vote?

Our Board of Directors unanimously recommends that you vote:

- **“FOR”** each of the nominees to the Board of Directors.
- **“FOR”** the advisory resolution on our executive compensation.
- **“FOR”** ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2021.
- **“AGAINST”** the stockholder proposal regarding adoption of a simple majority voting standard.

Who is a stockholder of record?

During the ten days prior to the Annual Meeting, a list of the stockholders of record as of March 16, 2021 will be available for inspection as described below under *How can I view the stockholders list?*.

- If you hold shares of Common Stock that are registered in your name on the records of ICE maintained by its transfer agent, Computershare Investor Services, on March 16, 2021, the record date for the Annual Meeting, you are a stockholder of record entitled to vote on the proposals; or
- If you hold shares of Common Stock indirectly through a broker, bank or similar institution, you are not a stockholder of record, but instead hold in “street name.”

If you are a stockholder of record, the Notice of Internet Availability of Proxy Materials described below is being sent to you directly. If you hold shares in street name, the Notice is being sent to you by the bank, broker or similar institution through which you hold your shares.

What are the voting and ownership limitations?

Our Fifth Amended and Restated Certificate of Incorporation places certain ownership and voting limits on the holders of our Common Stock. Capitalized terms used below and not otherwise defined in this Proxy Statement are defined in Exhibit A to this Proxy Statement. Under our Fifth Amended and Restated Certificate of Incorporation:

- no Person (either alone or together with its Related Persons) may beneficially own shares of our Common Stock representing in the aggregate more than 20% of the total number of votes entitled to be cast on any matter; and
- no Person (either alone or together with its Related Persons) shall be entitled to vote or cause the voting of shares of our Common Stock representing in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and no Person (either alone or together with its Related Persons) may acquire the ability to vote more than 10% of the total number of votes entitled to be cast on any matter by virtue of agreements entered into by other persons not to vote shares of our outstanding capital stock.

In the event that a Person, either alone or together with its Related Persons, beneficially owns shares of our Common Stock representing more than 20% of the total number of votes entitled to be cast on any matter, such Person and its Related Persons shall be obligated to sell promptly, and ICE shall be obligated to purchase promptly, at a price equal to the par value of such shares of Common Stock and to the extent that funds are legally available for such purchase, that number of shares of our Common Stock necessary so that such Person, together with its Related Persons, shall beneficially own shares of our Common Stock representing in the aggregate no more than 20% of the total number of votes entitled to be cast on any matter, after taking into account that such repurchased shares shall become treasury shares and shall no longer be deemed to be outstanding.

In the event that a Person, either alone or together with its Related Persons, possesses more than 10% of the total number of votes entitled to be cast on any matter (including if it possesses this voting power by virtue of agreements entered into by other Persons not to vote shares of our outstanding capital stock), then such Person, either alone or together with its Related Persons, will not be entitled to vote or cause the voting of these shares of our capital stock to the extent that such shares represent in the aggregate more than 10% of the total number of votes entitled to be cast on any matter, and ICE shall disregard any such votes purported to be cast in excess of this percentage.

The voting limitations do not apply to a solicitation of a revocable proxy by or on behalf of ICE or by any officer or director of ICE acting on behalf of ICE or to a solicitation of a revocable proxy by an ICE stockholder in accordance with Regulation 14A under the Exchange Act. This exception, however, does not apply to certain solicitations by a stockholder pursuant to Rule 14a-2(b)(2) under the Exchange Act, which permits a solicitation made otherwise than on behalf of ICE where the total number of persons solicited is not more than ten.

Our Board of Directors may waive the provisions regarding ownership and voting limits by a resolution expressly permitting this ownership or voting (which resolution must be filed with and approved by the SEC prior to being effective), subject to a determination of our Board of Directors that:

- the acquisition of such shares and the exercise of such voting rights, as applicable, by such Person, either alone or together with its Related Persons, will not impair:
- the ability of any national securities exchange registered under Section 6 of the Exchange Act that is directly or indirectly controlled by the Company (each such national securities exchange so controlled, an “Exchange”), Intermediate Holding Company or the Company to discharge their responsibilities under the Exchange Act and the rules and regulations thereunder;
- the ability of the SEC to enforce the Exchange Act;
- the acquisition of such shares and the exercise of such voting rights, as applicable, is otherwise in the best interests of ICE, its stockholders and each Exchange;
- neither the Person obtaining the waiver nor any of its Related Persons is subject to any statutory disqualification (as defined in Section 3(a)(39) of the Exchange Act) if such Person is seeking to obtain a waiver above the 20% level; and
- for so long as ICE directly or indirectly controls one or more Exchanges, neither the Person requesting the waiver nor any of its Related Persons is a Member of any Exchange.

In making these determinations, our Board of Directors may impose conditions and restrictions on the relevant stockholder or its Related Persons that it deems necessary, appropriate or desirable in furtherance of the objectives of the Exchange Act and the governance of ICE.

Our Fifth Amended and Restated Certificate of Incorporation also provides that our Board of Directors has the right to require any Person and its Related Persons that our Board reasonably believes to be subject to the voting or ownership restrictions summarized above, and

any stockholder (including Related Persons) that at any time beneficially owns 5% or more of our outstanding capital stock, to provide to us, upon our Board's request, complete information as to all shares of our capital stock that such stockholder beneficially owns, as well as any other information relating to the applicability to such stockholder of the voting and ownership requirements outlined above.

If you are a Related Person with another holder of our Common Stock and either: (i) you (either alone or with your Related Person) may vote shares of Common Stock representing more than 10% of the then outstanding shares entitled to vote at the Annual Meeting, or (ii) you have entered into an agreement not to vote shares of our Common Stock, the effect of which agreement would be to enable any Person, either alone or with its Related Persons, to vote or cause the voting of shares of our Common Stock that represent in the aggregate more than 10% of the then outstanding votes entitled to be cast at the Annual Meeting, then please so notify ICE by contacting our Corporate Secretary by mail at Intercontinental Exchange, Inc., 5660 New Northside Drive, Third Floor, Atlanta, Georgia 30328, or by phone at 770-857-4700.

How can I view the stockholders list?

A list of the stockholders entitled to vote at the Annual Meeting will be available for inspection upon request of any stockholder for any purpose germane to the meeting at our principal executive offices, 5660 New Northside Drive, Third Floor, Atlanta, GA 30328, during the ten days prior to the Annual Meeting, during ordinary business hours, and on the web portal during the virtual meeting. To make arrangements to review the list prior to the Annual Meeting, stockholders should contact our Investor Relations department at (770) 857-4700 or investors@ice.com.

Why did I receive a Notice of Internet Availability of Proxy Materials instead of paper copies of the proxy materials?

Pursuant to the SEC "Notice and Access" rules, we are furnishing our proxy materials to our stockholders over the Internet instead of mailing each of our stockholders paper copies of those materials. As a result, we will send our stockholders by mail or e-mail a Notice of Internet Availability of Proxy Materials, which we refer to as the Notice, containing instructions on how to access our proxy materials over the Internet and how to vote. ***The Notice is not a ballot or proxy card and cannot be used to vote your shares of Common Stock.*** You will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the Notice or on the website referred to on the Notice.

If you own shares of Common Stock in more than one account — for example, in a joint account with your spouse and in your individual brokerage account — you may have received more than one Notice. To vote all of your shares of Common Stock, please follow each of the separate proxy voting instructions that you received for your shares of Common Stock held in each of your different accounts.

We expect to send the Notice to most of our stockholders by mail or email beginning on or about March 26, 2021.

What information does the Notice contain?

The Notice includes, among other matters: (i) the format, date and time of the Annual Meeting; (ii) a brief description of the proposals to be voted on at the Annual Meeting and the Board of Directors' voting recommendation with regard to each proposal; (iii) information regarding the website where the proxy materials are posted; (iv) various methods by which a stockholder may request paper or electronic copies of the proxy materials; and (v) instructions on how to vote by Internet, by telephone, by mail or online at the Annual Meeting.

If I have previously indicated that I want to get ICE proxy materials electronically, will I get them electronically this year?

Yes. If you previously elected to receive proxy materials electronically, this year you will receive the Notice and you will not receive paper copies of the proxy materials. If you have previously agreed to electronic delivery of our proxy materials but wish to receive paper copies of the materials for the 2021 Annual Meeting or for future meetings, please follow the instructions on the Notice you received to request paper copies.

How do I vote?

You may submit your proxy with voting instructions in advance of the Annual Meeting in one of three ways:

- **By Internet.** Go to www.proxyvote.com and follow the instructions for Internet voting, which can also be found on the enclosed proxy card. You will be required to provide your assigned control number located on the proxy card. Internet voting is available 24 hours a day. If you choose to vote by Internet, then you do not need to return the proxy card. To be valid, your vote by Internet must be received by 11:59 p.m., Eastern Time, on May 13, 2021.

VOTING INSTRUCTIONS AND FREQUENTLY ASKED QUESTIONS

- **By Telephone.** By calling the toll-free number for telephone voting that can be found on the enclosed proxy card (800-690-6903). You will be required to provide your assigned control number located on the proxy card. Telephone voting is available 24 hours a day. If you choose to vote by telephone, then you do not need to return the proxy card. To be valid, your vote by telephone must be received by 11:59 p.m., Eastern Time, on May 13, 2021.
- **By Mail.** If you request printed copies of the proxy materials to be sent to you by mail, complete the proxy card, sign and date it, and return it in the postage-paid envelope we have provided. To be valid, your vote by mail must be received by 11:59 p.m., Eastern Time, on May 13, 2021.

You may also vote your shares online at the Annual Meeting. See *What do I need to do to participate in the Annual Meeting?* below.

If your shares of Common Stock are held in “street name” (i.e., through a bank, broker or other nominee), your proxy materials include a voting instruction form from the institution holding your shares. The availability of telephone or Internet voting will depend upon the institution’s voting processes. Please contact the institution holding your shares of Common Stock for more information.

What do I need to do to participate in the Annual Meeting?

You may participate in the Annual Meeting by accessing the live webcast at www.virtualshareholdermeeting.com/ICE2021. Stockholders of record may vote your shares electronically during the live webcast of the meeting or submit questions by using the instructions on the virtual meeting website. All stockholders will need their assigned 16-digit control number to vote or submit questions; the control number can be found on the proxy card, voting instruction form, or other previously-received notices. Guests without a control number may also join the Annual Meeting but will not be permitted to vote or submit questions. Online check-in will begin at 8:15 a.m Eastern Time, and you should allow ample time for the check-in procedures.

How can I revoke my proxy or substitute a new proxy or change my vote?

You may revoke a proxy at any time before it is exercised by:

- filing a written revocation with the Corporate Secretary of ICE;
- submitting a proxy bearing a later date (by Internet, telephone or mail) that is received no later than the deadline specified on the proxy card; or
- voting online at the Annual Meeting.

Please note, however, that under the rules of the NYSE, any beneficial owner of our Common Stock whose shares are held in street name by a NYSE member brokerage firm may revoke its proxy and vote its shares at the Annual Meeting only in accordance with applicable rules and procedures as employed by such beneficial owner’s brokerage firm.

Participating in the Annual Meeting will not automatically revoke a proxy that was submitted by Internet, telephone or mail.

If I submit a proxy by Internet, telephone or mail, how will my shares be voted?

If you properly submit your proxy by one of these methods, and you do not subsequently revoke your proxy, your shares will be voted in accordance with your instructions.

If you sign, date and return your proxy card but do not give voting instructions, your shares will be voted as follows: **FOR** the election of ICE’s director nominees; **FOR** the advisory resolution on our executive compensation; **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2021; **AGAINST** the stockholder proposal regarding adoption of a simple majority voting standard; and otherwise voted in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting.

If I hold my shares in “street name” through a broker and do not provide voting instructions, can my broker still vote my shares?

Under the rules of the NYSE, brokers that have not received voting instructions from their customers ten (10) days prior to the meeting date may vote their customers’ shares in the brokers’ discretion on the ratification of the appointment of the independent registered public accounting firm because this matter is currently deemed as a “routine” matter under NYSE rules. In addition, certain member brokers will only vote uninstructed shares in the same proportion as the instructions received by that broker from all other stockholders.

NYSE rules provide that (i) the election of directors, (ii) the advisory resolution on our executive compensation and (iii) the stockholder proposal regarding adoption of a simple majority voting standard are “non-routine” matters, which means that member brokers that have not received instructions from the beneficial owners of shares of Common Stock do not have discretion to vote the shares held by those beneficial owners on the election of directors, the advisory resolution on our executive compensation and the stockholder proposal regarding adoption of a simple majority voting standard.

How many votes are required to transact business at the Annual Meeting?

A majority of all issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting constitutes a quorum (i.e., the minimum number of shares that must be present or represented by proxy at the Annual Meeting in order to transact business). Any shares in excess of the voting limits described in *What are the voting and ownership limitations?* will not count as present or outstanding for purposes of determining whether a quorum is present at the Annual Meeting unless the holder of those shares has received a waiver of the voting limits from our Board of Directors. Subject to the rules regarding the votes necessary to adopt the proposals discussed below, abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present. “Abstentions” occur when stockholders are present in person or represented by proxy at the Annual Meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting. “Broker non-votes” are proxies returned by brokerage firms for which no voting instructions have been received from beneficial owners. Once a share is represented for any purpose at the Annual Meeting, it will be deemed present for quorum purposes for the remainder of the meeting (including any meeting resulting from any adjournments or postponements of the Annual Meeting, unless a new record date is set).

How are votes counted?

Election of Directors

Our Amended and Restated Bylaws provide for a majority vote standard in the election of directors in uncontested elections. This means that a majority of the votes cast by stockholders entitled to vote “for” or “against” the election of a director nominee must be voted “for” the director nominee in order for that director nominee to be elected. A director who fails to receive a majority of “for” votes will be required to tender his or her resignation. An abstention will not be treated as a vote “for” or “against” the election of any nominee and will have no effect on the outcome of the vote.

Advisory Resolution on Our Executive Compensation

Under our Amended and Restated Bylaws, the affirmative vote of a majority of votes cast by the stockholders entitled to vote at the Annual Meeting is required to approve the advisory resolution on our executive compensation. An “abstention” from voting on this matter will be treated as “present” for quorum purposes. However, since an abstention is not treated as a vote “for” or “against” the matter, it will have no effect on the outcome of the vote.

Ratification of the Appointment of Ernst & Young LLP as Our Independent Registered Public Accounting Firm for the Fiscal Year Ending December 31, 2021

Under our Amended and Restated Bylaws, the affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting is required to ratify the appointment of our independent registered public accounting firm. An “abstention” from voting on this matter will be treated as “present” for quorum purposes. However, since an abstention is not treated as a vote “for” or “against” the matter, it will have no effect on the outcome of the vote.

Stockholder Proposal Regarding Adoption of a Simple Majority Voting Standard

Under our Amended and Restated Bylaws, the affirmative vote of a majority of the votes cast by stockholders entitled to vote at the Annual Meeting is required to approve the stockholder proposal regarding adoption of a simple majority voting standard. An “abstention” from voting on this matter will be treated as “present” for quorum purposes. However, since an abstention is not treated as a vote “for” or “against” the matter, it will have no effect on the outcome of the vote.

Abstentions and Broker Non-Votes

In the cases of the (i) election of directors, (ii) advisory resolution on our executive compensation, (iii) approval of the ratification of the appointment of Ernst & Young LLP and (iv) stockholder proposal regarding adoption of a simple majority voting standard, only votes cast “for” or “against” will be considered; abstentions and broker non-votes will not be treated as a vote “for” or “against” any of these proposals and therefore will have no effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on the approval of the ratification of the appointment of Ernst & Young LLP within a specified period of time prior to the meeting, then your broker will have the authority to vote your shares on such proposal.

Where and when will the voting results be available?

We will file the official voting results on a Current Report on Form 8-K within four business days after the Annual Meeting. If the official results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

Who pays for the expenses of this proxy solicitation?

In addition to soliciting proxies through the mail and by email pursuant to the SEC “Notice and Access” rules, we may solicit proxies through our directors, officers and employees in person and by telephone or facsimile. We have also engaged Morrow Sodali LLC, 470 West Avenue, Stamford, CT 06902 to assist us in the solicitation of proxies, and the anticipated cost of such engagement is approximately \$10,000.00. Brokerage firms, nominees, custodians and fiduciaries also may be requested to forward proxy materials to the beneficial owners of shares held of record by them. We will pay all expenses incurred in connection with the solicitation of proxies.

STOCKHOLDERS' PROPOSALS FOR 2022 ANNUAL MEETING

Stockholders who, in accordance with the SEC's Rule 14a-8, wish to present proposals for inclusion in the proxy materials to be distributed by us in connection with our 2022 Annual Meeting of Stockholders must submit their proposals by certified mail, return receipt requested, and such stockholder proposals must be received at our executive offices in Atlanta, Georgia, on or before November 26, 2021, to be eligible for inclusion in our Proxy Statement and form of proxy relating to that meeting. As the rules of the SEC make clear, simply submitting a proposal does not guarantee its inclusion.

In accordance with our Amended and Restated Bylaws, and in addition to any other requirements under applicable law, for a matter (other than a nomination for director) not included in our proxy materials to be properly brought before the 2022 Annual Meeting of Stockholders, a stockholder's notice of the matter the stockholder wishes to present must be delivered to the Corporate Secretary of ICE, Octavia N. Spencer, at Intercontinental Exchange, Inc., 5660 New Northside Drive, Third Floor, Atlanta, Georgia 30328, not less than 90 nor more than 120 days prior to the first anniversary of the 2021 Annual Meeting of Stockholders. As a result, any notice given by or on behalf of a stockholder pursuant to these provisions of our Amended and Restated Bylaws (and not pursuant to the SEC's Rule 14a-8) must be received no earlier than January 14, 2022 and no later than February 13, 2022. However, if and only if the 2022 Annual Meeting of Stockholders is not scheduled to be held within a period that commences 30 days before and ends 30 days after the anniversary date of our 2021 Annual Meeting, the stockholder notice must be given by the later of the close of business on the date 90 days prior to such annual meeting date or the close of business on the tenth day following the date on which the annual meeting is publicly announced or disclosed. Any such stockholder notice must be in writing and must set forth (i) the text of the proposal to be presented, (ii) a brief written statement of the reasons why such stockholder favors the proposal and setting forth such stockholder's name and address, (iii) any material interest of such stockholder in the matter proposed (other than as a stockholder), if applicable, (iv) in the case of a person that holds stock entitled to vote at the annual meeting through a nominee or "street name" holder of record of such stock, evidence establishing such holder's indirect ownership of the stock and entitlement to vote such stock on the matter proposed at the annual meeting, (v) the number and class of shares of each class of stock of ICE that are, directly or indirectly, owned of record and beneficially by any "associated person" of such stockholder or beneficial owner, (vi) any option, warrant, convertible security, stock appreciation right, or similar right with an exercise or conversion privilege or a settlement payment or mechanism at a price related to any class of stock of ICE, whether or not such instrument or right shall be subject to settlement in the underlying class or series of stock of ICE or otherwise (a "Derivative Instrument") directly or indirectly beneficially owned by such stockholder, by such beneficial owner, or by any such "associated person," (vii) any other direct or indirect opportunity held or beneficially owned by such stockholder, by such beneficial owner, or by any such "associated person," to profit or share in any profit derived from any increase or decrease in the value of shares of any class of stock of ICE, (viii) any proxy, contract, arrangement, understanding, or relationship pursuant to which such stockholder, such beneficial owner, or any such "associated person" has a right to vote any shares of any security of ICE, (ix) any short interest in any security of ICE held or beneficially owned by such stockholder, by such beneficial owner, or by any such "associated person," (x) any right to dividends on the shares of any class of stock of ICE beneficially owned by such stockholder, by such beneficial owner, or by any such "associated person," which right is separated or separable from the underlying shares, (xi) any proportionate interest in shares of any class of stock of ICE or Derivative Instrument held, directly or indirectly, by a general or limited partnership in which such stockholder, such beneficial owner, or such "associated person" is a general partner or with respect to which such stockholder, such beneficial owner, or such "associated person," directly or indirectly, beneficially owns an interest in a general partner and (xii) any performance-related fees (other than an asset-based fee) to which such stockholder, such beneficial owner, or such "associated person" is entitled based on any increase or decrease in the value of shares of any class of stock of ICE or Derivative Instruments, if any, in each case with respect to the information required to be included in the notice pursuant to (v) through (xii) above, as of the date of such stockholder notice (which information shall be supplemented by such stockholder and by such beneficial owner, if any, not later than 10 days after the record date for the meeting to disclose such beneficial ownership, interest, or arrangement as of the record date). Stockholder nominations for the Board of Directors must comply with the procedures set forth above under *Corporate Governance — Stockholder Recommendations for Director Candidates*.

Proxy Access

For a stockholders' notice of nomination of one or more director candidates to be included in our proxy materials for our 2022 Annual Meeting of Stockholders, pursuant to the proxy access right included in Section 2.15 of our Amended and Restated Bylaws, such notice of nomination must be received by our Corporate Secretary at our principal executive offices no earlier than the close of business 150 calendar days and no later than the close of business 120 calendar days before the anniversary date that we mailed our proxy materials for our 2021 Annual Meeting of Stockholders. The notice must contain the information required by our Amended and Restated Bylaws, and the stockholder(s) and nominee(s) must comply with the information and other requirements in our Amended and Restated Bylaws relating to the inclusion of stockholder nominees in our proxy materials.

OTHER MATTERS THAT MAY COME BEFORE THE ANNUAL MEETING

Our Board of Directors knows of no matters other than those stated in the accompanying Notice of Annual Meeting of Stockholders that may properly come before the Annual Meeting. However, if any other matter should be properly presented for consideration and voting at the Annual Meeting or any adjournments or postponements thereof, it is the intention of the persons named as proxies on the enclosed form of proxy card to vote the shares represented by all valid proxy cards in accordance with their judgment of what is in the best interest of ICE.

By Order of the Board of Directors,
