Notes to Historical Financial Summary

Note 1: Consult our filings with the Securities and Exchange Commission for additional details about our financial results.

Note 2: Definitions of terms reflected in this summary are available at investors.yum.com.

Note 3: Unless otherwise noted, results include the impact of a 53rd week in our 2019 fiscal year.

Note 4: Investment (income) expense, net, primarily reflects the change in the market price of Devyani and Grubhub common stock.

Note 5: 2020, 2021 and 2022 results were impacted by temporarily closed restaurants, including restaurants closed due to government restrictions, as a result of COVID-19. The sales of restaurants we deem temporarily closed remain in our base for purposes of determining same-store sales growth and the restaurants remain in our unit count.

Note 6: In 2021, when calculating same-store sales growth we also included in our prior year base the sales of stores in the quarter ended March 31, 2020, both before and after the acquisition date that were added as a result of our acquisition of The Habit Restaurants, Inc. on March 18, 2020, and that were open for one year or more. In 2020, when calculating same-store sales growth we also included in our prior year base the sales of stores that were added as a result of our acquisition of The Habit Restaurants, Inc. on March 18, 2020, and that were open for one year or more. In 2019, when calculating same-store sales growth we also included in our prior year base the sales of stores that were added as a result of the Telepizza strategic alliance in December 2018 and that were open for one year or more. Operating profit results of Habit Burger Grill for the period subsequent to our acquisition are reflected in the consolidated figures. See additional discussion of the acquisition of The Habit Restaurants, Inc. and Telepizza strategic alliance within the 2021 10-K.

Note 7: In the first quarter of 2022, as a result of the Russian invasion of Ukraine, we suspended all investment and restaurant development in Russia. We also suspended all operations of our 70 company-owned KFC restaurants in Russia and began finalizing an agreement to suspend all Pizza Hut operations in Russia, in partnership with our master franchisee. Further, we pledged to redirect any future net profits attributable to Russia to humanitarian efforts. During the second quarter, we completed the transfer of ownership of the Pizza Hut business to a local operator who has initiated the process of re-branding locations to a non-Yum! concept. We are in advanced stages to transfer ownership of our KFC restaurants, operating system and master franchise rights, including the network of franchised restaurants, to a local operator, after which we will have fully exited Russia.

Our GAAP operating results for the quarter and year to date ended June 30, 2022, continue to reflect royalty revenue and expenses to support the Russian operations for Pizza Hut prior to the date of transfer and for KFC for the entire quarter and year to date within their historical financial statement line items and operating segments. However, given our decision to exit Russia and our pledge to direct any future net profits attributable to Russia subsequent to the date of invasion to humanitarian efforts, we have reclassified any such net profits from the Division segment results in which

it was earned to Corporate and unallocated. Additionally, we have incurred certain expenses related to the transfer of the businesses and other one-time costs related to our exit from Russia which we have recorded within Corporate and unallocated. The resulting net Operating Profit within Corporate and unallocated of \$14 million and \$21 million for the quarter and year to date ended June 30, 2022, respectively.

As of the beginning of the second quarter, we have elected to remove Russia from our unit count and system sales, which negatively impacted those key performance metrics as presented in the Quarterly Financial highlights section within this Management Discussion and Analysis. We removed 1,112 units and 53 units in Russia from our global KFC and Pizza Hut units counts, respectively. Russia units do not impact our same-store sales results for the quarter.
