Habit Burger Grill:

On March 18, 2020, YUM! Brands, Inc. completed the acquisition of all of the issued and outstanding common shares of The Habit Restaurants, Inc., which owns the restaurant concept The Habit Burger Grill. The Habit Entities were excluded from the Restricted Group until April 8, 2021, at which time the Habit Entities were contributed by YUM to the Restricted Group. The exclusion of the Habit Entities from the Restricted Group had the following pro forma impact on the financial and operating data of the Restricted Group in comparison to the corresponding data of YUM.

- Company sales of \$121 million were excluded from the Restricted Group for the year to date ended September 30, 2021.
- Franchise and property revenues of \$1 million were excluded from the Restricted Group for the year to date ended September 30, 2021.
- Company restaurant expenses of \$110 million were excluded from the Restricted Group for the year to date ended September 30, 2021.

Parent Entity Expenses:

Amounts transferred to or on behalf of Yum! Brands, Inc. as Parent Entity Expenses (as defined in the Indentures) or operating costs and expenses incurred in the ordinary course of business (as permitted by the Credit Agreement) are excluded from G&A expenses of the Restricted Group. G&A expenses of the Restricted Group were reduced for such costs by \$1 million for each of the quarters ended September 30, 2022 and 2021 and \$6 million for each of the years to date ended September 30, 2022 and 2021.

Company Sales. The quarterly and year to date increases in Company sales were driven by Company same-store sales growth of 6% and 8% for the quarter and year to date, respectively, and unit growth, partially offset by refranchising.

G&A Expenses. The quarterly increase in G&A was driven by lower management fees paid by the Taco Bell Securitization Entities, higher headcount and salaries and higher travel related costs, partially offset by lower professional fees.

The year to date increase in G&A was driven by lower management fees paid by the Taco Bell Securitization Entities, higher headcount and salaries and higher travel related costs.

Operating Profit. The quarterly and year to date decreases in Operating Profit were driven by higher restaurant operating costs and higher G&A costs, partially offset by same-store sales growth and unit growth.

Taco Bell Securitization Entities:

The Securitization Transaction and the exclusion of the Taco Bell Securitization Entities from the Restricted Group had the following pro forma impact on the financial and operating data of the Restricted Group and the Taco Bell Division of the Restricted Group in comparison to the corresponding data of YUM and the Taco Bell Division:

Units

- A total of 6,610 and 6,450 U.S. Taco Bell franchise units were excluded from the Restricted Group as of September 30, 2022 and 2021, respectively, as the Restricted Group no longer receives franchise fees from these restaurants.

Franchise and Property Revenues

- Franchise and property revenues of \$174 million and \$155 million were excluded from the Restricted Group for the quarters ended September 30, 2022 and 2021, respectively, due to the exclusion of the franchise fees paid by all U.S. Taco Bell franchise restaurants as a result of the Securitization Transaction.
- Franchise and property revenues of \$508 million and \$458 million were excluded from the Restricted Group for the years to date ended September 30, 2022 and 2021, respectively, due to the exclusion of the franchise fees paid by all U.S. Taco Bell franchise restaurants as a result of the Securitization Transaction.

Company Restaurant Expenses

- The Restricted Group includes \$13 million of additional company restaurant expenses for each of the quarters ended September 30, 2022 and 2021 due to the payment of royalty fees of 5.5% of annual sales to the Taco Bell Securitization Entities by all U.S. Company-owned Taco Bell restaurants (which are part of the Restricted Group).
- The Restricted Group includes \$38 million and \$36 million of additional company restaurant expenses for the years to date ended September 30, 2022 and 2021, respectively, due to the payment of royalty fees of 5.5% of annual sales to the Taco Bell Securitization Entities by all U.S. Company-owned Taco Bell restaurants (which are part of the Restricted Group).

G&A Expenses

- Management fees of \$22 million and \$29 million for the quarters ended September 30, 2022 and 2021, respectively, were paid by the Taco Bell Securitization Entities to Taco Bell Corp. as manager of the Taco Bell Securitization Entities, and were recorded as a reduction of G&A expenses for the Restricted Group.
- Management fees of \$62 million and \$92 million for the years to date ended September 30, 2022 and 2021, respectively, were paid by the Taco Bell Securitization Entities to Taco Bell Corp. as manager of the Taco Bell Securitization Entities, and were recorded as a reduction of G&A expenses for the Restricted Group.

- Prior to August 19, 2021, on an annual basis, these management fees were equal to the sum of a base fee of \$35 million (subject to 2% per annum escalation, compounded annually) plus 15.1% of total securitization cash revenue paid to the Taco Bell Securitization Entities by U.S. company stores and U.S. franchisees for the year. Effective August 19, 2021, pursuant to a refinancing transaction completed by the Taco Bell Securitization Entities, these management fees, on an annual basis, are equal to the sum of a base fee of approximately \$30 million (subject to 2% per annum escalation, compounded annually) plus 8.7% of total securitization cash revenue paid to the Taco Bell Securitization Entities by U.S. company stores and U.S. franchisees for the year.

Consequently, the overall operating margins of the Restricted Group are negatively impacted due to the exclusion of franchise and license fees from U.S. Taco Bell franchised restaurants and the Restricted Group's obligation to pay franchise fees on U.S. Taco Bell Company-owned restaurants to the Taco Bell Securitization Entities, with no corresponding reduction of Restricted Group expenses (other than a partial offset by the management fee paid to the Restricted Group by the Taco Bell Securitization Entities as reimbursement for a portion of G&A expenses).

Additional Information Related to Restricted Group:

The Novel Coronavirus (COVID-19) Global Pandemic

In late 2019, a novel strain of coronavirus, COVID-19, was first detected and in March 2020, the World Health Organization declared COVID-19 a global pandemic. As a result of COVID-19, governmental authorities around the world implemented measures to reduce the spread of COVID-19, some of which remain in place today. These measures have included and in some instances continue to include restrictions on travel outside the home and other limitations on business and other activities as well as encouraging social distancing. As a result of COVID-19, we and our franchisees have experienced store closures and instances of reduced store-level operations, including reduced operating hours and dining-room closures. The impact on our sales in each of our markets has been dependent on the timing, severity and duration of the outbreak, measures implemented by government authorities to reduce the spread of COVID-19, as well as our reliance on dine-in sales in the market.

The COVID-19 situation is ongoing, and its dynamic nature makes it difficult to forecast any impacts on the Company's results for the balance of 2022.
