

Fiscal 2013

Annual and Fourth-Quarter Results

Safe Harbor

Except for the historical information contained herein, certain matters in this presentation including, but not limited to, statements as to: our strategies; our growth; the features, benefits, capabilities and performance of our current and future businesses, products and technologies; the availability of our products; business drivers for fiscal year 2014; and other predictions and estimates are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements and any other forward-looking statements that go beyond historical facts that are made in this presentation are subject to risks and uncertainties that may cause actual results to differ materially. Important factors that could cause actual results to differ materially include: global economic conditions; our reliance on third parties to manufacture, assemble, package and test our products; the impact of technological development and competition; development of new products and technologies or enhancements to our existing product and technologies; market acceptance of our products or our partners products; design, manufacturing or software defects; changes in consumer preferences and demands; changes in industry standards and interfaces; unexpected loss of performance of our products or technologies when integrated into systems and other factors. For a complete discussion of factors that could materially affect our financial results and operations, please refer to the reports we file from time to time with the SEC, including our Form 10-Q for the fiscal period ended October 28, 2012. Copies of reports we file with the SEC are posted on our website and are available from NVIDIA without charge. These forward-looking statements are not guarantees of future performance and speak only as of today, based on information currently available to us. Except as required by law, NVIDIA disclaims any obligation to update these forward-looking statements to reflect future events or circumstances. This presentation contains non-GAAP financial measures. A reconciliation of these non-GAAP financial measures to GAAP financial measures are at the end of this presentation.

FY2013 Highlights

Record Revenue
