Annual Stewardship Outreach

Forward Looking Statements

This presentation, as well as other statements made by Aptiv PLC (the “Company”), contain forward-looking statements that reflect, when made, the Company’s current views with respect to current events, certain investments and acquisitions and financial performance. Such forward-looking statements are subject to many risks, uncertainties and factors relating to the Company’s operations and business environment, which may cause the actual results of the Company to be materially different from any future results. All statements that address future operating, financial or business performance or the Company’s strategies or expectations are forward-looking statements. Factors that could cause actual results to differ materially from these forward-looking statements include, but are not limited to, the following: global and regional economic conditions, including conditions affecting the credit market; global inflationary pressures; uncertainties posed by the COVID-19 pandemic and the difficulty in predicting its future course and its impact on the global economy and the Company’s future operations; uncertainties created by the conflict between Ukraine and Russia, and its impacts to the European and global economies and our operations in each country; fluctuations in interest rates and foreign currency exchange rates; the cyclical nature of global automotive sales and production; the potential disruptions in the supply of and changes in the competitive environment for raw material and other components integral to the Company’s products, including the ongoing semiconductor supply shortage; the Company’s ability to maintain contracts that are critical to its operations; potential changes to beneficial free trade laws and regulations, such as the United States-Mexico-Canada Agreement; changes to tax laws; the ability of the Company to integrate and realize the expected benefits of recent transactions; the ability of the Company to attract, motivate and/or retain key executives; the ability of the Company to avoid or continue to operate during a strike, or partial work stoppage or slow down by any of its unionized employees or those of its principal customers; and the ability of the Company to attract and retain customers. Additional factors are discussed under the captions “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in the Company’s filings with the Securities and Exchange Commission. New risks and uncertainties arise from time to time, and it is impossible for us to predict these events or how they may affect the Company. It should be remembered that the price of the ordinary shares and any income from them can go down as well as up. The Company disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events and/or otherwise, except as may be required by law.

Enhancing Due Diligence in the Supply Chain

A PROACTIVE APPROACH TO SUPPLY CHAIN MANAGEMENT AND RESPONSIBLE SOURCING

SUPPLIER CODE OF CONDUCT

- Published our updated Supplier Code of Conduct, which enhancements include more focus on supply chain transparency, environmental impact, as well as diversity and non-discrimination
- Reaffirming key suppliers' alignment with Aptiv's code or their own similar code

SCREENING & MONITORING

- Continuing to expand supply chain digital twin mapping to tier-n supplier – enhancing visibility into raw material sourcing
- Leveraging other screening and monitoring tools that allow us to do abstract risk assessments of our supply chain

ENGAGEMENT

- Aptiv's first Supplier Sustainability Newsletter sent in June
- Continued direct engagement with supply chain to enhance transparency and provide targeted compliance messaging

Sustainability Governance & Oversight

STRONG CORPORATE GOVERNANCE: EVALUATING SYSTEMS, MITIGATING RISK, ENHANCING RETURNS

- **Board of Directors** provides oversight on Aptiv's Sustainability Strategy
- The Board delegated oversight of Aptiv's Sustainability programs, including those addressing climate risk, to the **Nominating and Governance Committee**
- **Other Committees** receive updates/provide feedback on specific topics related to sustainability that otherwise fall within their charters
- **Executive Leadership Team:** Champion sustainability initiatives and guide business leads and function teams
- **Steering Committee** meets regularly to provide oversight to Aptiv's sustainability efforts; responsible for championing key initiatives
- **Business Owners** responsible for operationalizing Aptiv's sustainability commitments and reporting on progress against sustainability commitments
- **Team Members** create robust processes to ensure high-confidence content and quality data to support reporting initiatives
- Ongoing dialogue with key **stakeholders**, including customers, suppliers, employees and shareholders
