(“Xcel Energy,” the “Company,” “we,” “us” and “our”) to be held on May 19, 2021 (the “Annual Meeting”). The purpose of this supplement is to provide information relating to recently announced changes to our management team and our Board of Directors.

This supplement should be read together with the Proxy Statement. This supplement does not change the proposals to be acted on at the Annual Meeting or the recommendations of our Board of Directors with respect to the proposals, which are described in the Proxy Statement. Except as specifically supplemented or amended by the information in this supplement, all information set forth in the Proxy Statement continues to apply and should be considered when voting your shares. Management Changes

Following the mailing of the Proxy Statement, we announced on May 13, 2021 that, effective August 18, 2021, Ben Fowke, our Chairman and Chief Executive Officer, will retire as Chief Executive Officer. Following his retirement, Mr. Fowke will continue as Executive Chairman of the Company for a transition period to be determined by our Board of Directors.

In connection with Mr. Fowke’s retirement as Chief Executive Officer, our Board of Directors has appointed Robert Frenzel as President and Chief Executive Officer, effective August 18, 2021. Mr. Frenzel is currently serving as our President and Chief Operating Officer where he leads the Company’s four utility operating companies, as well as the transmission, distribution and natural gas operations. Prior to that, Mr. Frenzel served as Chief Financial Officer, where he led the finance, tax, accounting and corporate development functions of Xcel Energy and its subsidiary companies. Mr. Frenzel joined Xcel Energy in 2016 from Energy Future Holdings, Inc., where he served as the Chief Financial Officer for Luminant, its competitive power generating subsidiary. Mr. Frenzel previously worked as vice president in the investment banking division of Goldman Sachs, following his tenure as a manager and senior consultant in the strategy, finance and economics practice at Arthur Andersen. After college, he served in the United States Navy for six years, working as a nuclear engineering officer and weapons officer. Following active duty, he served in the Navy Reserves and was promoted to lieutenant commander. Mr. Frenzel earned his bachelor’s degree in industrial engineering from Georgia Tech and his master’s degree in business administration from the University of Chicago Booth School of Business.

Compensation arrangements for Mr. Fowke and Mr. Frenzel in connection with the foregoing management changes will be determined at a later date and publicly disclosed.
